

REBEL

st. john's school

*It is the retelling of our lives as a story
that convinces us of its significance*

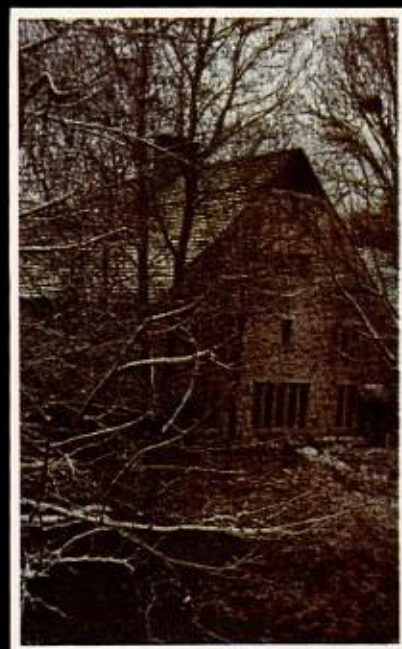

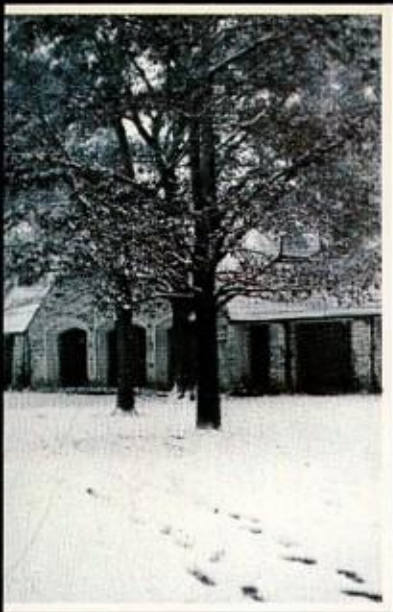

*To everything there is a season
And a time for every purpose under heaven*

*All things not busy
being born are busy
dying*

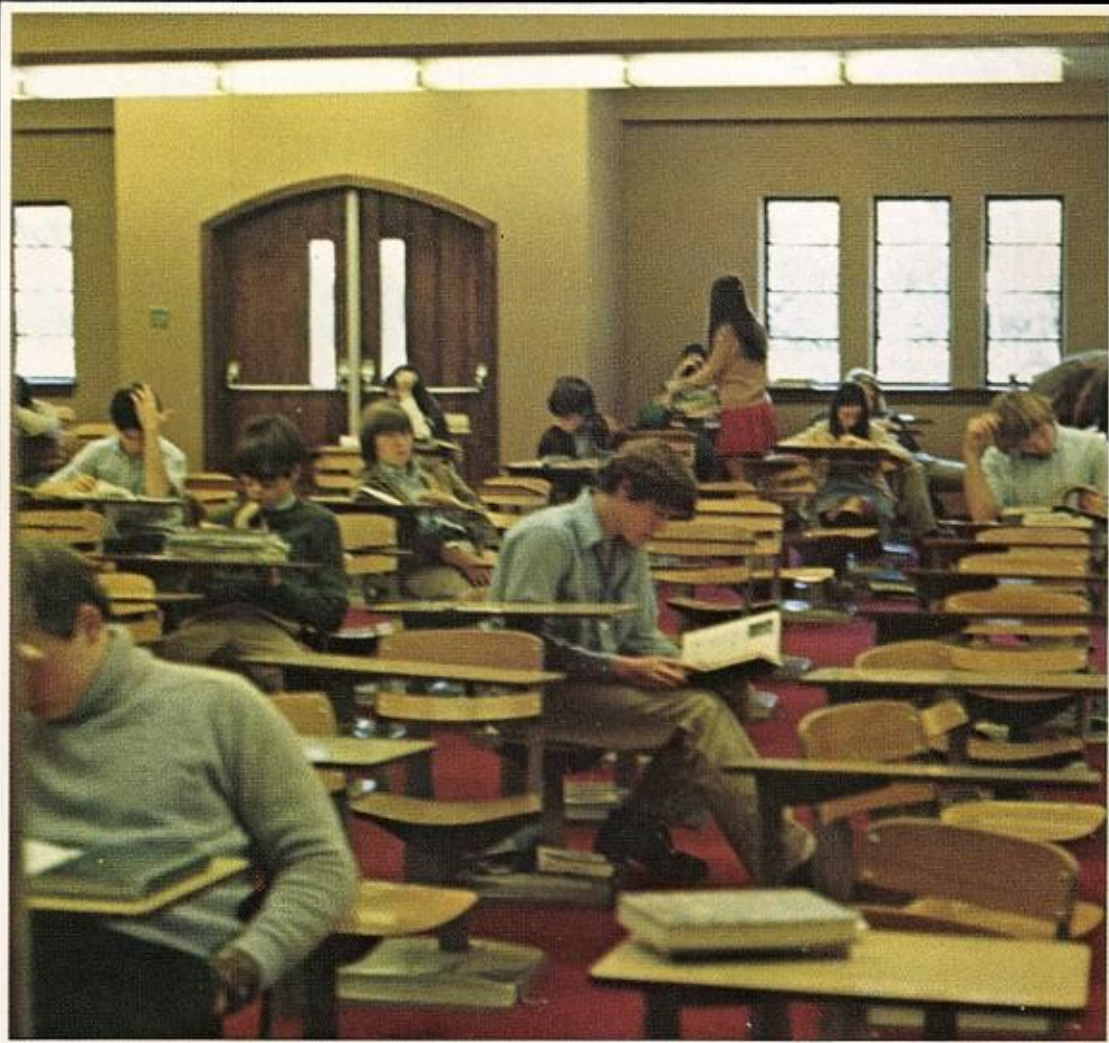

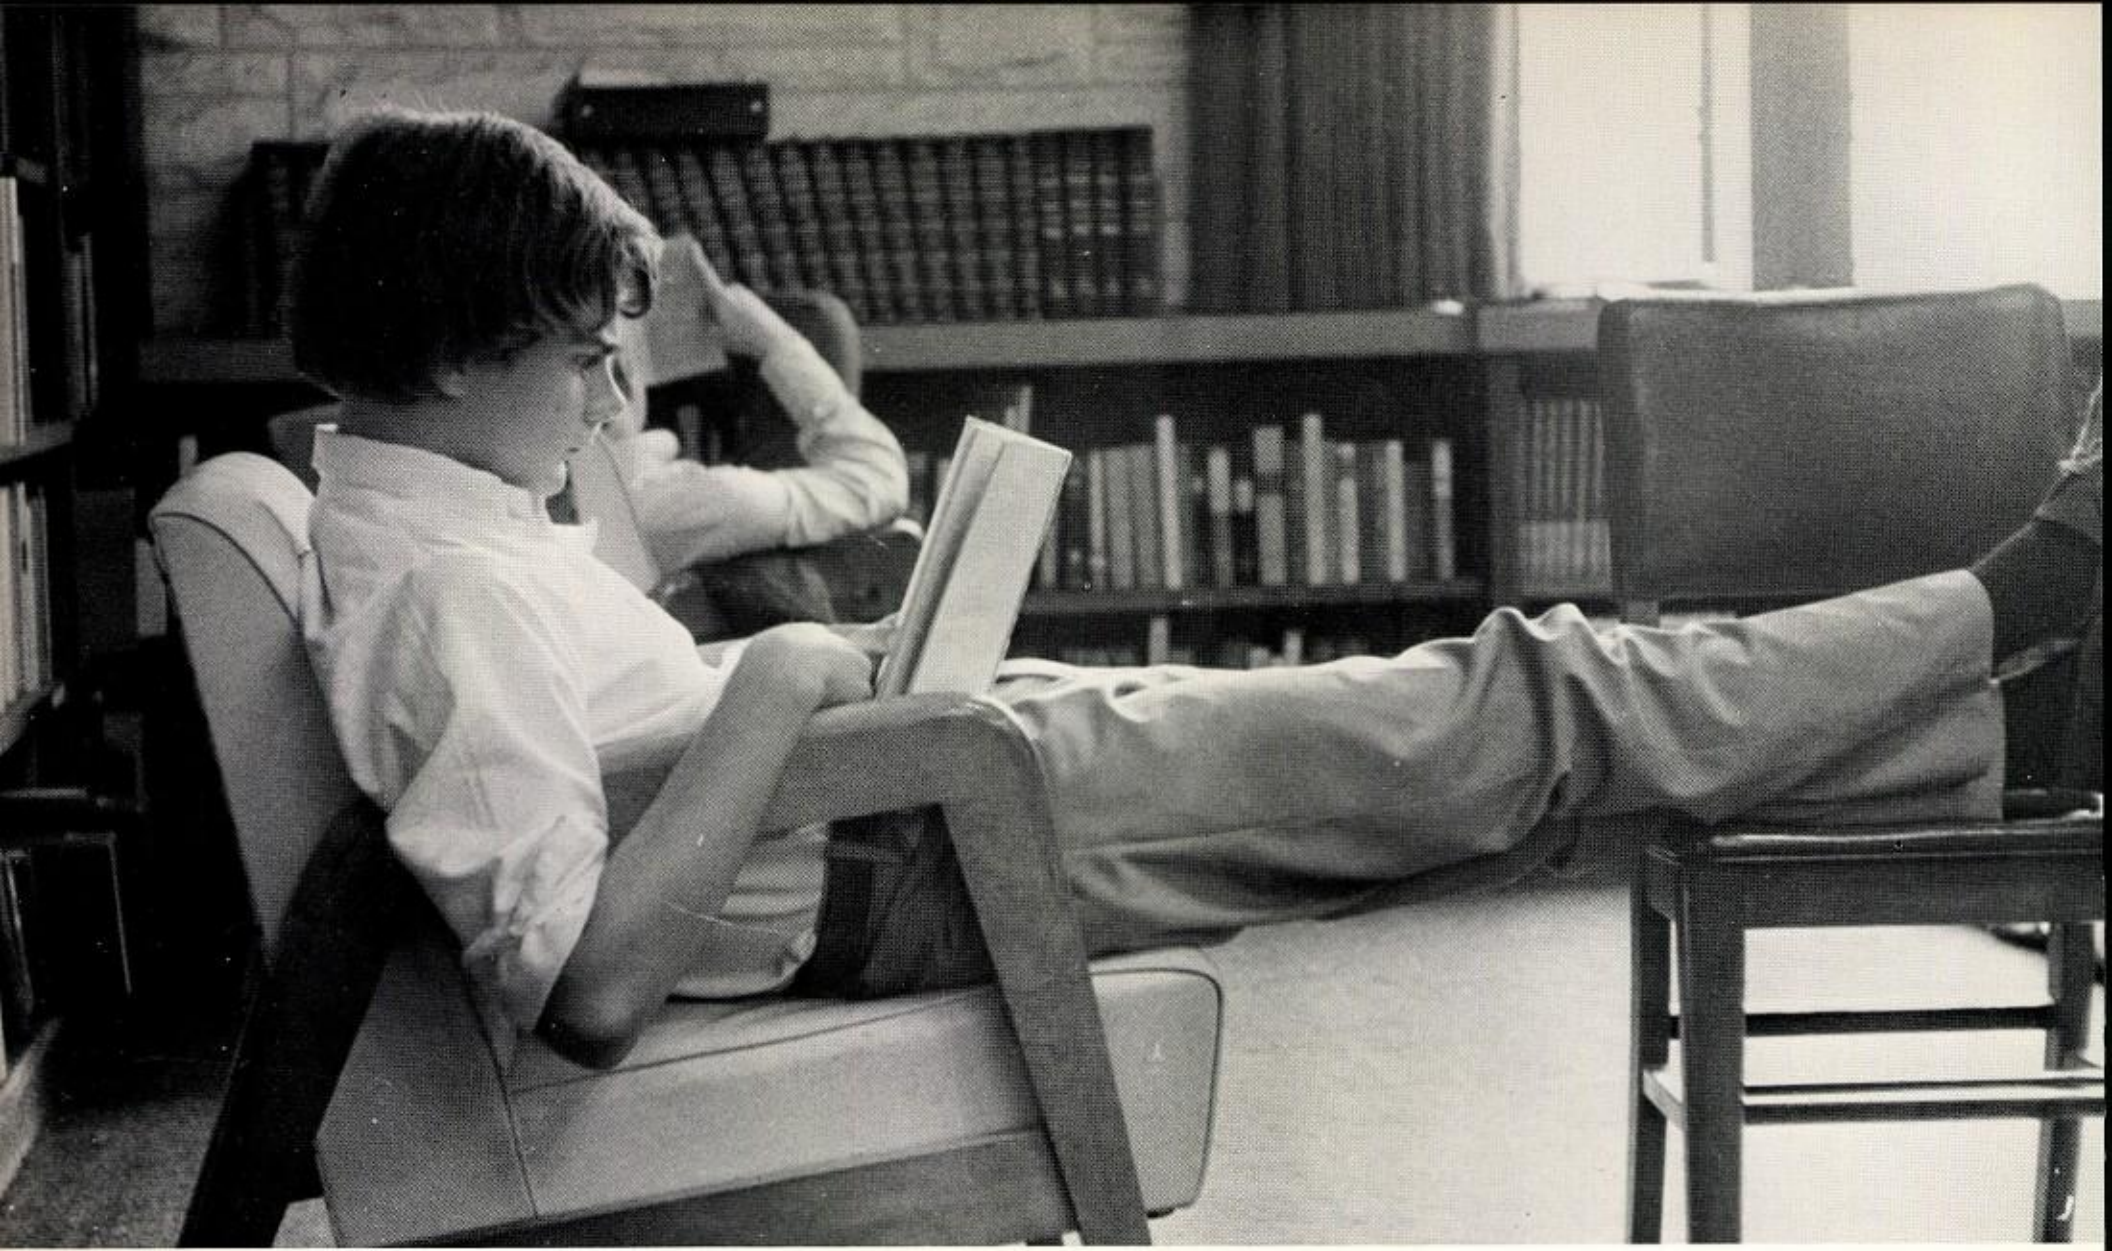

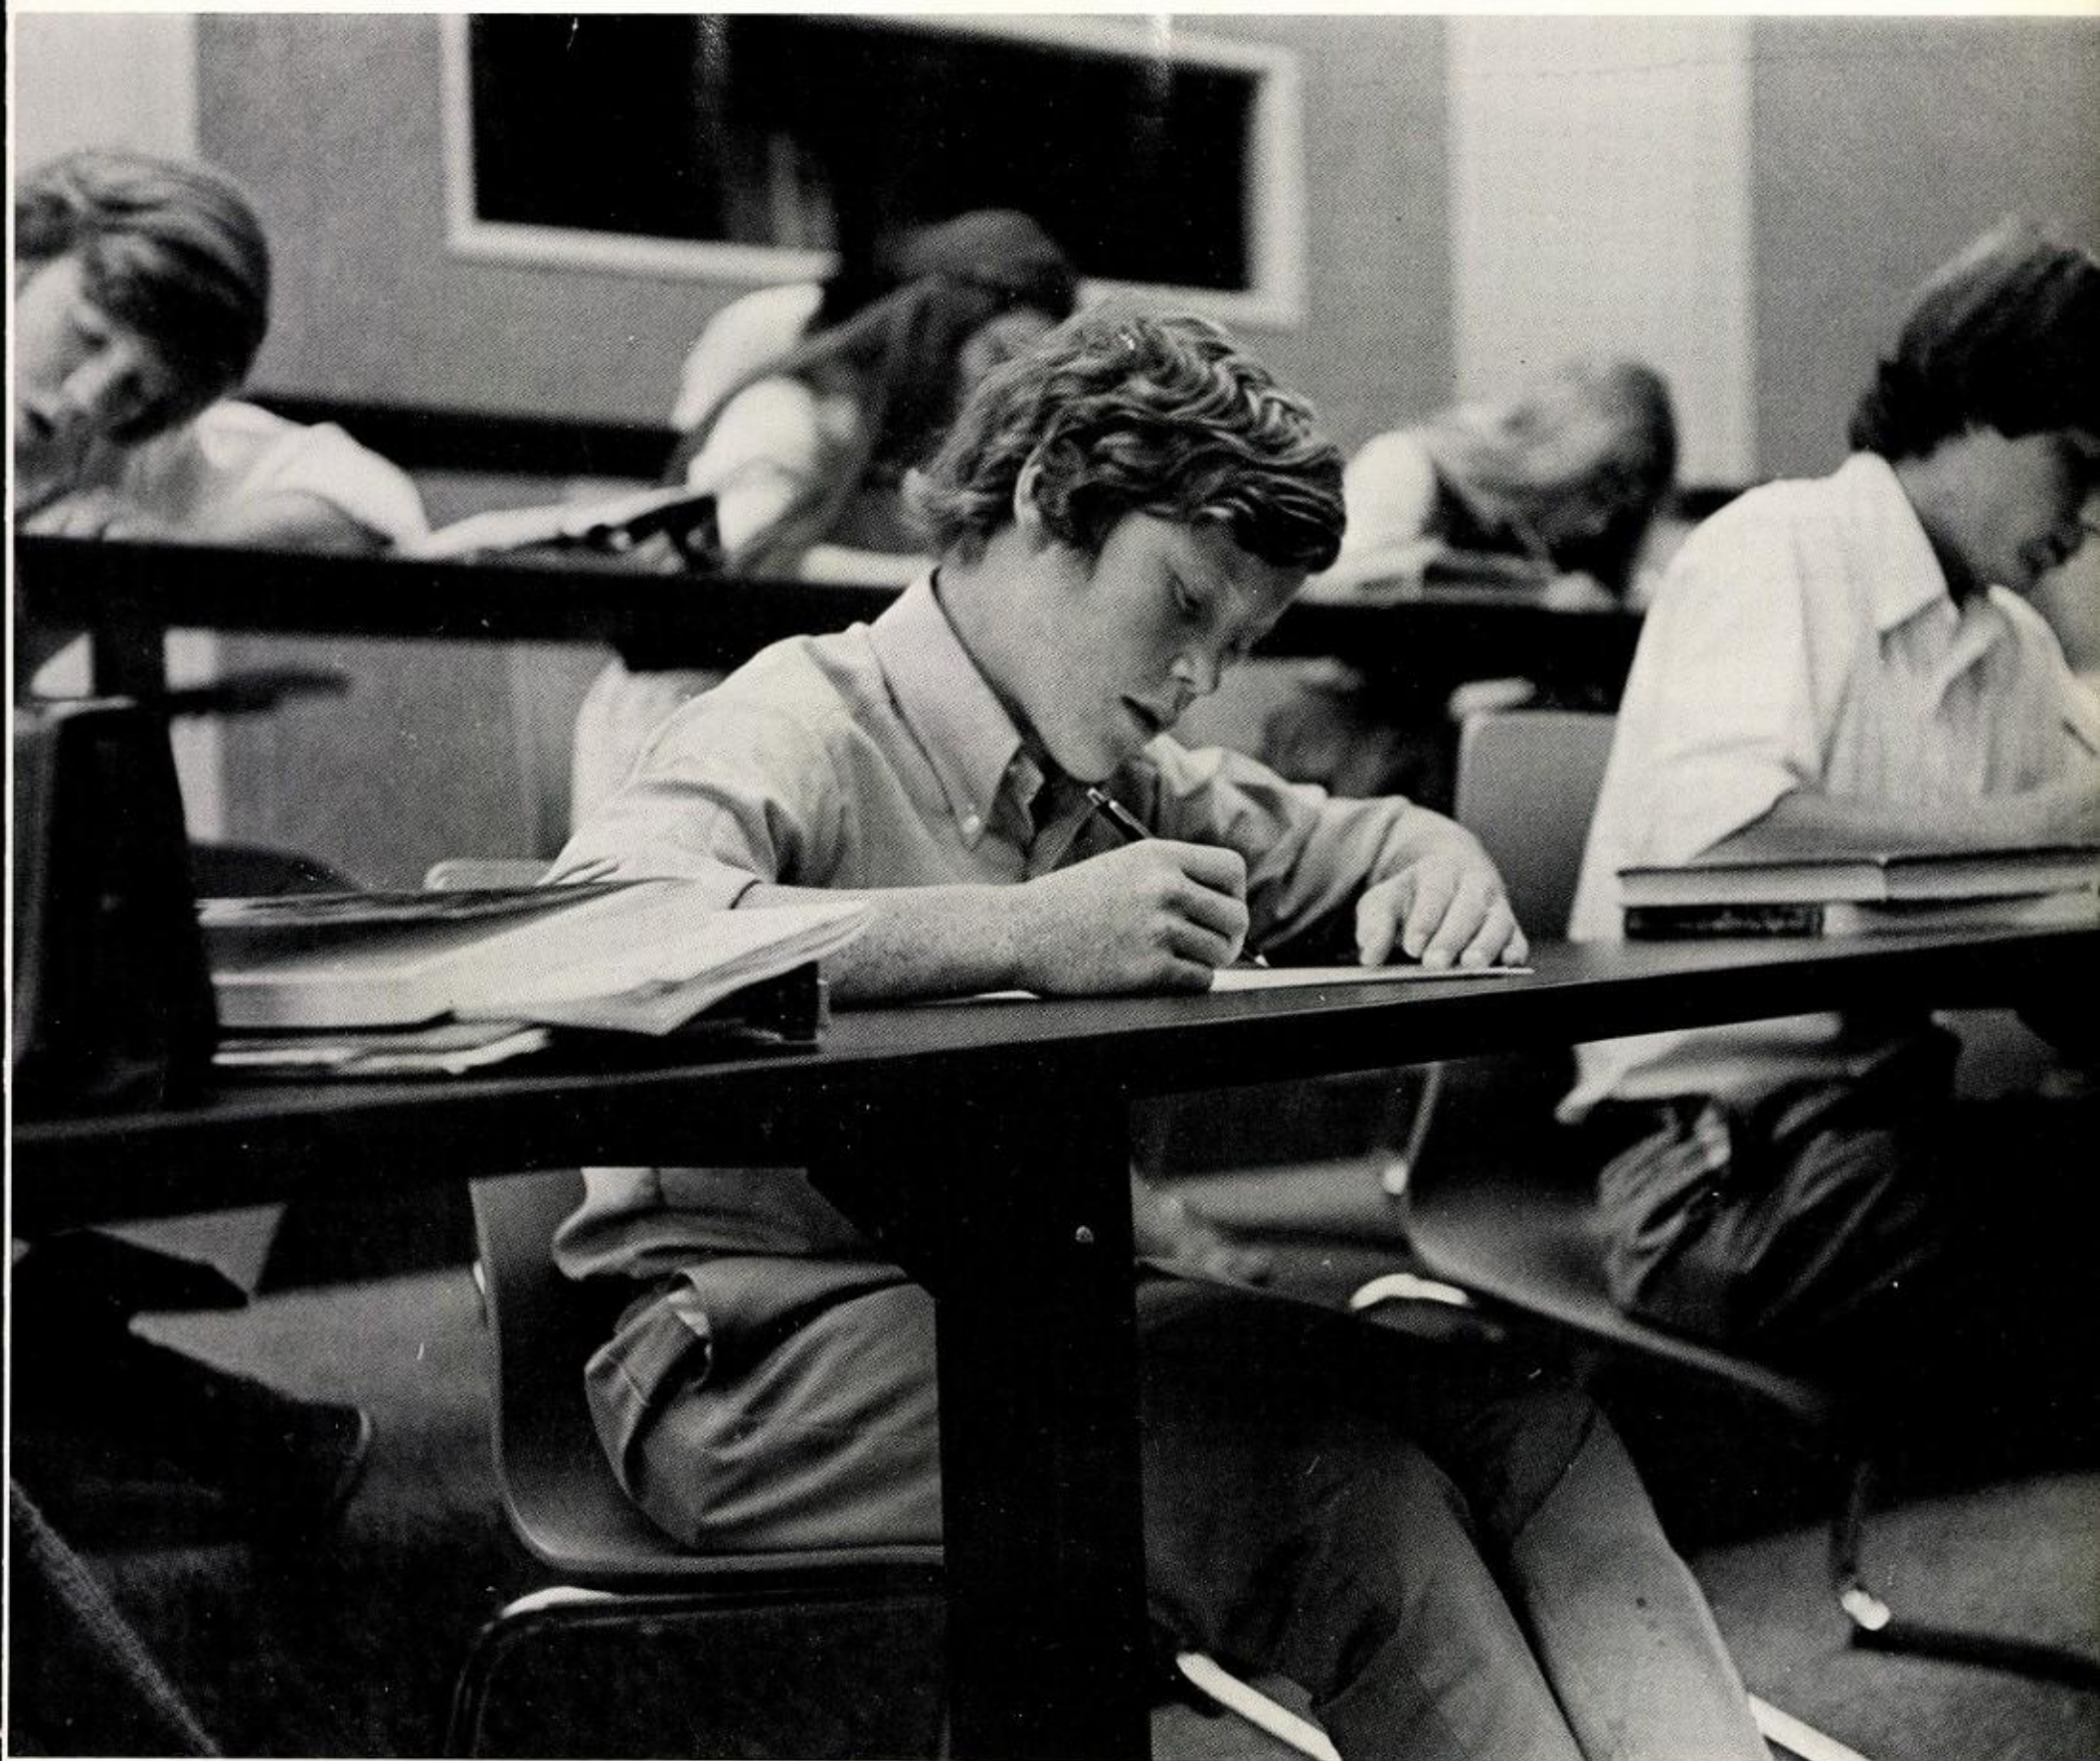

A TIME TO WORK AND A TIME TO PLAY

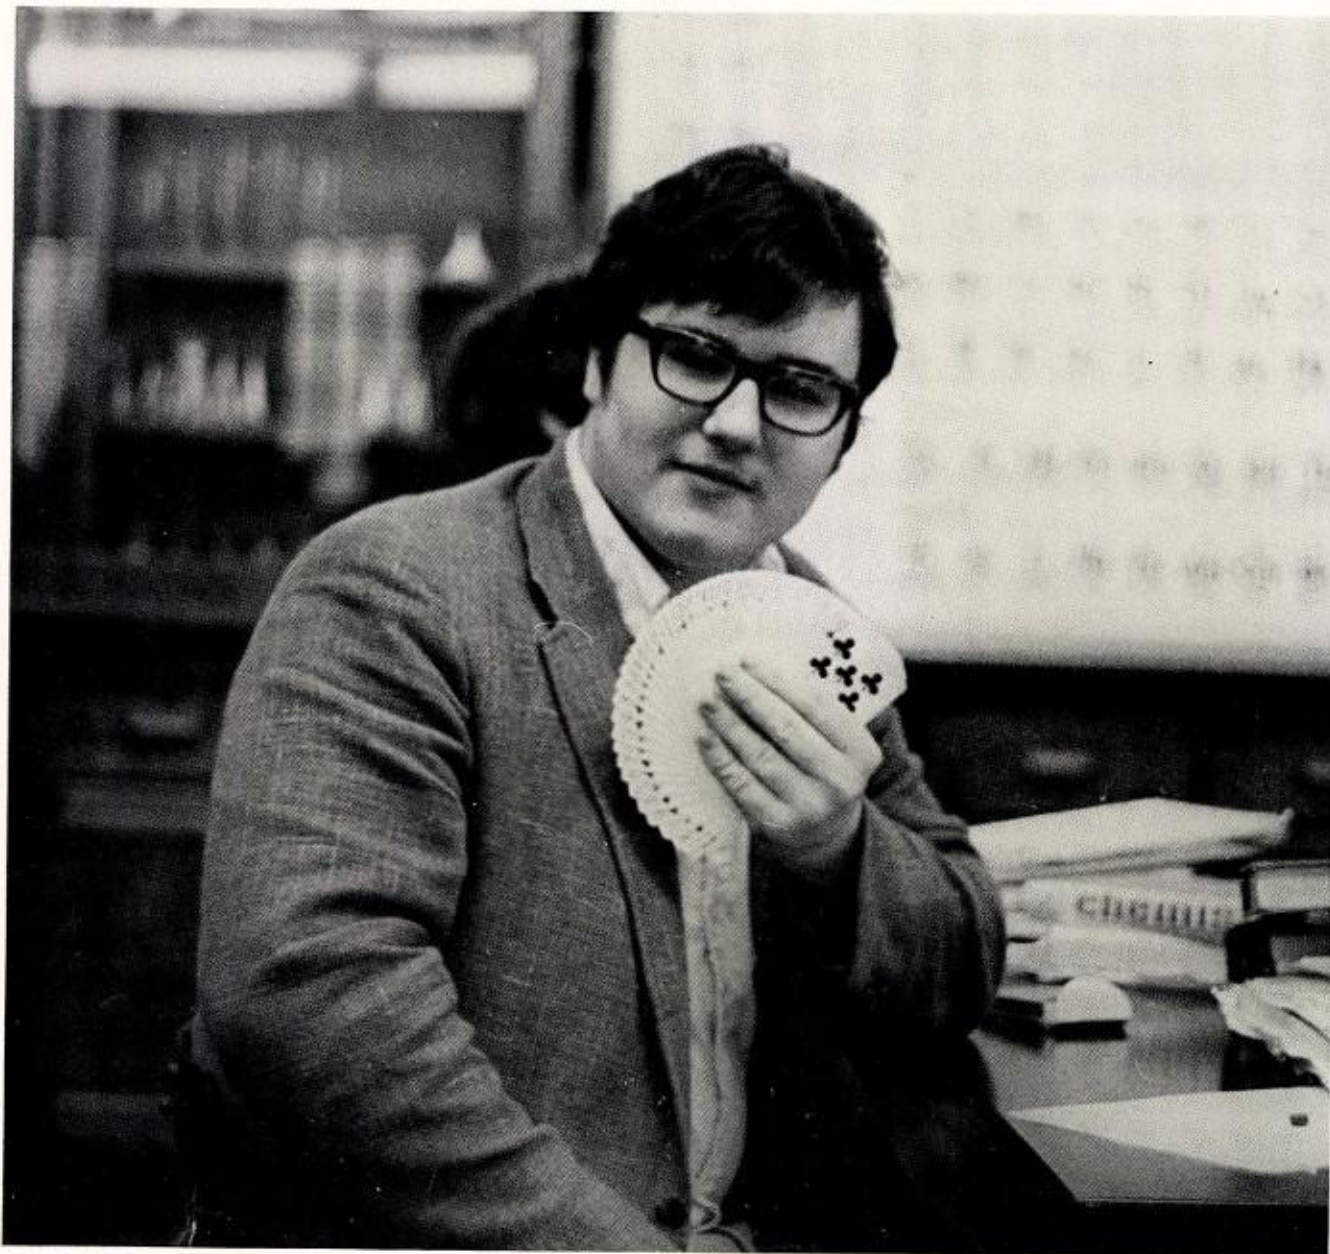

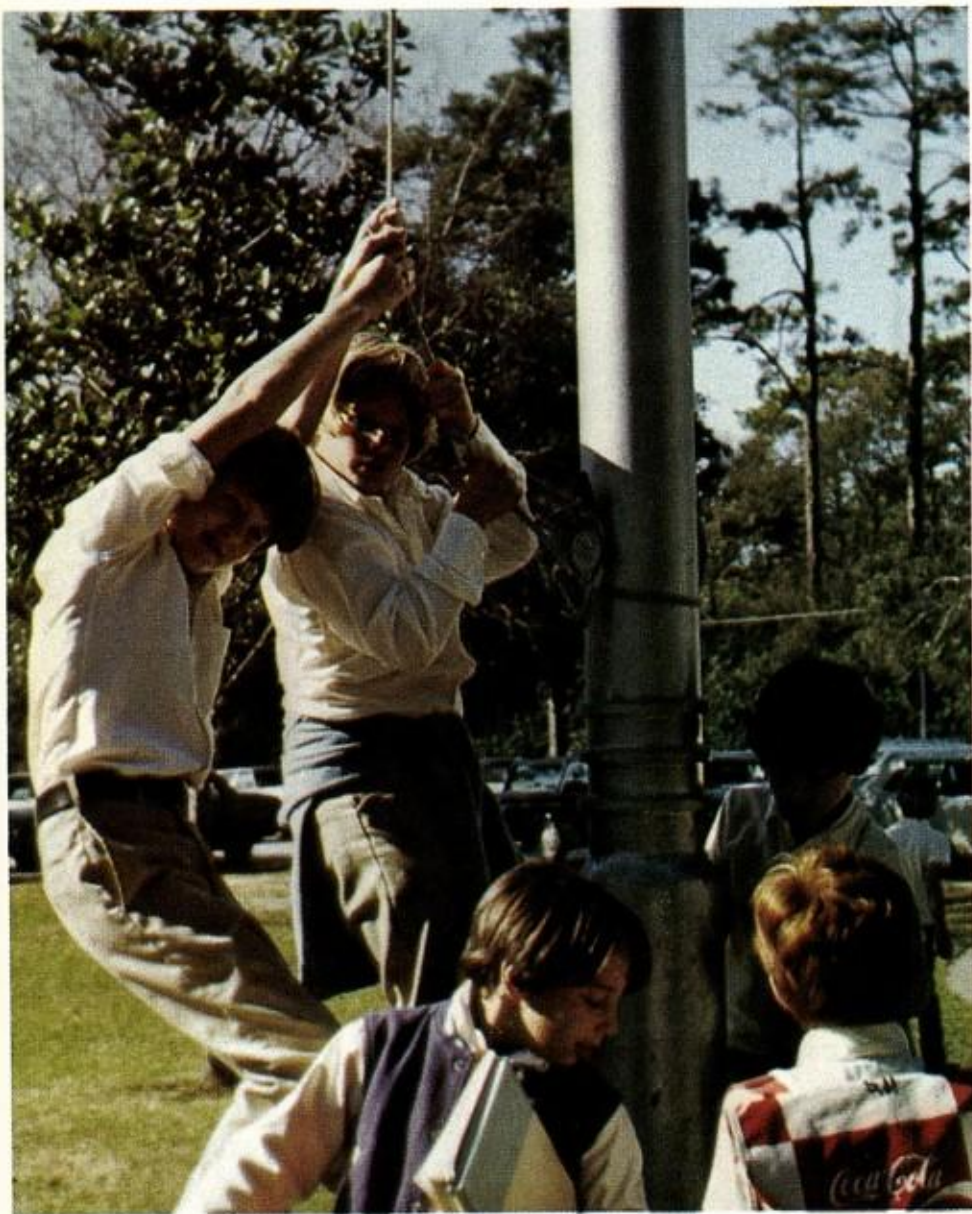

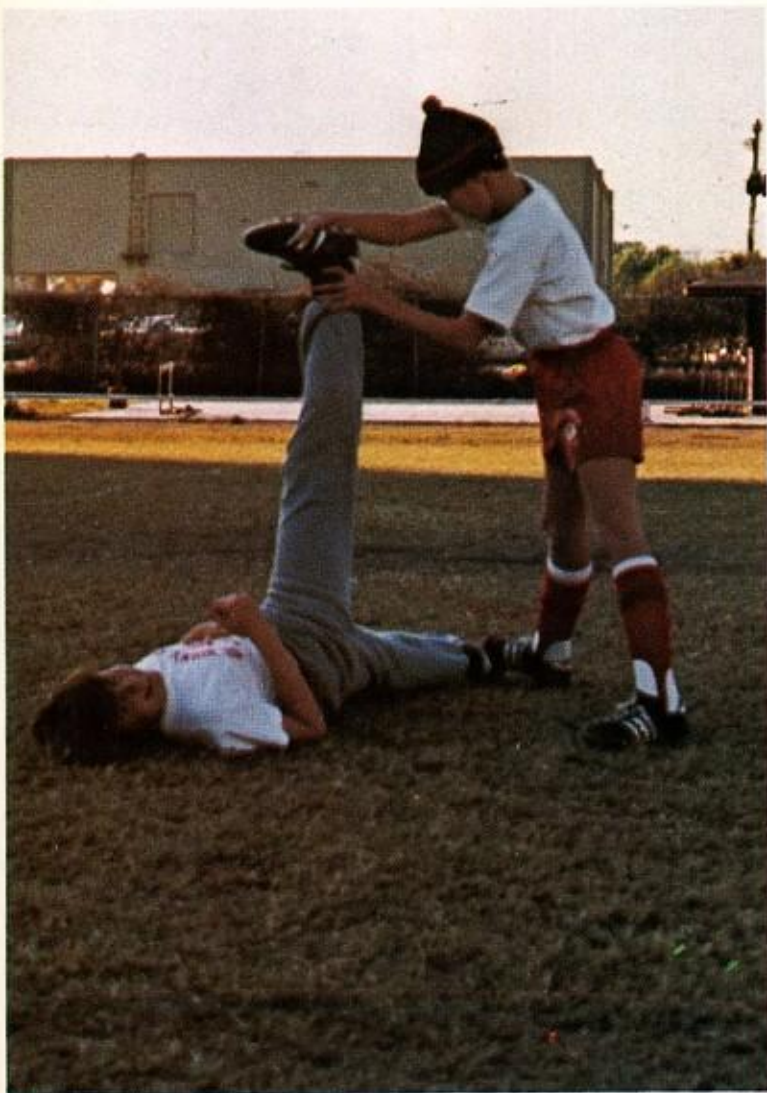

*Work is
love made
visible*

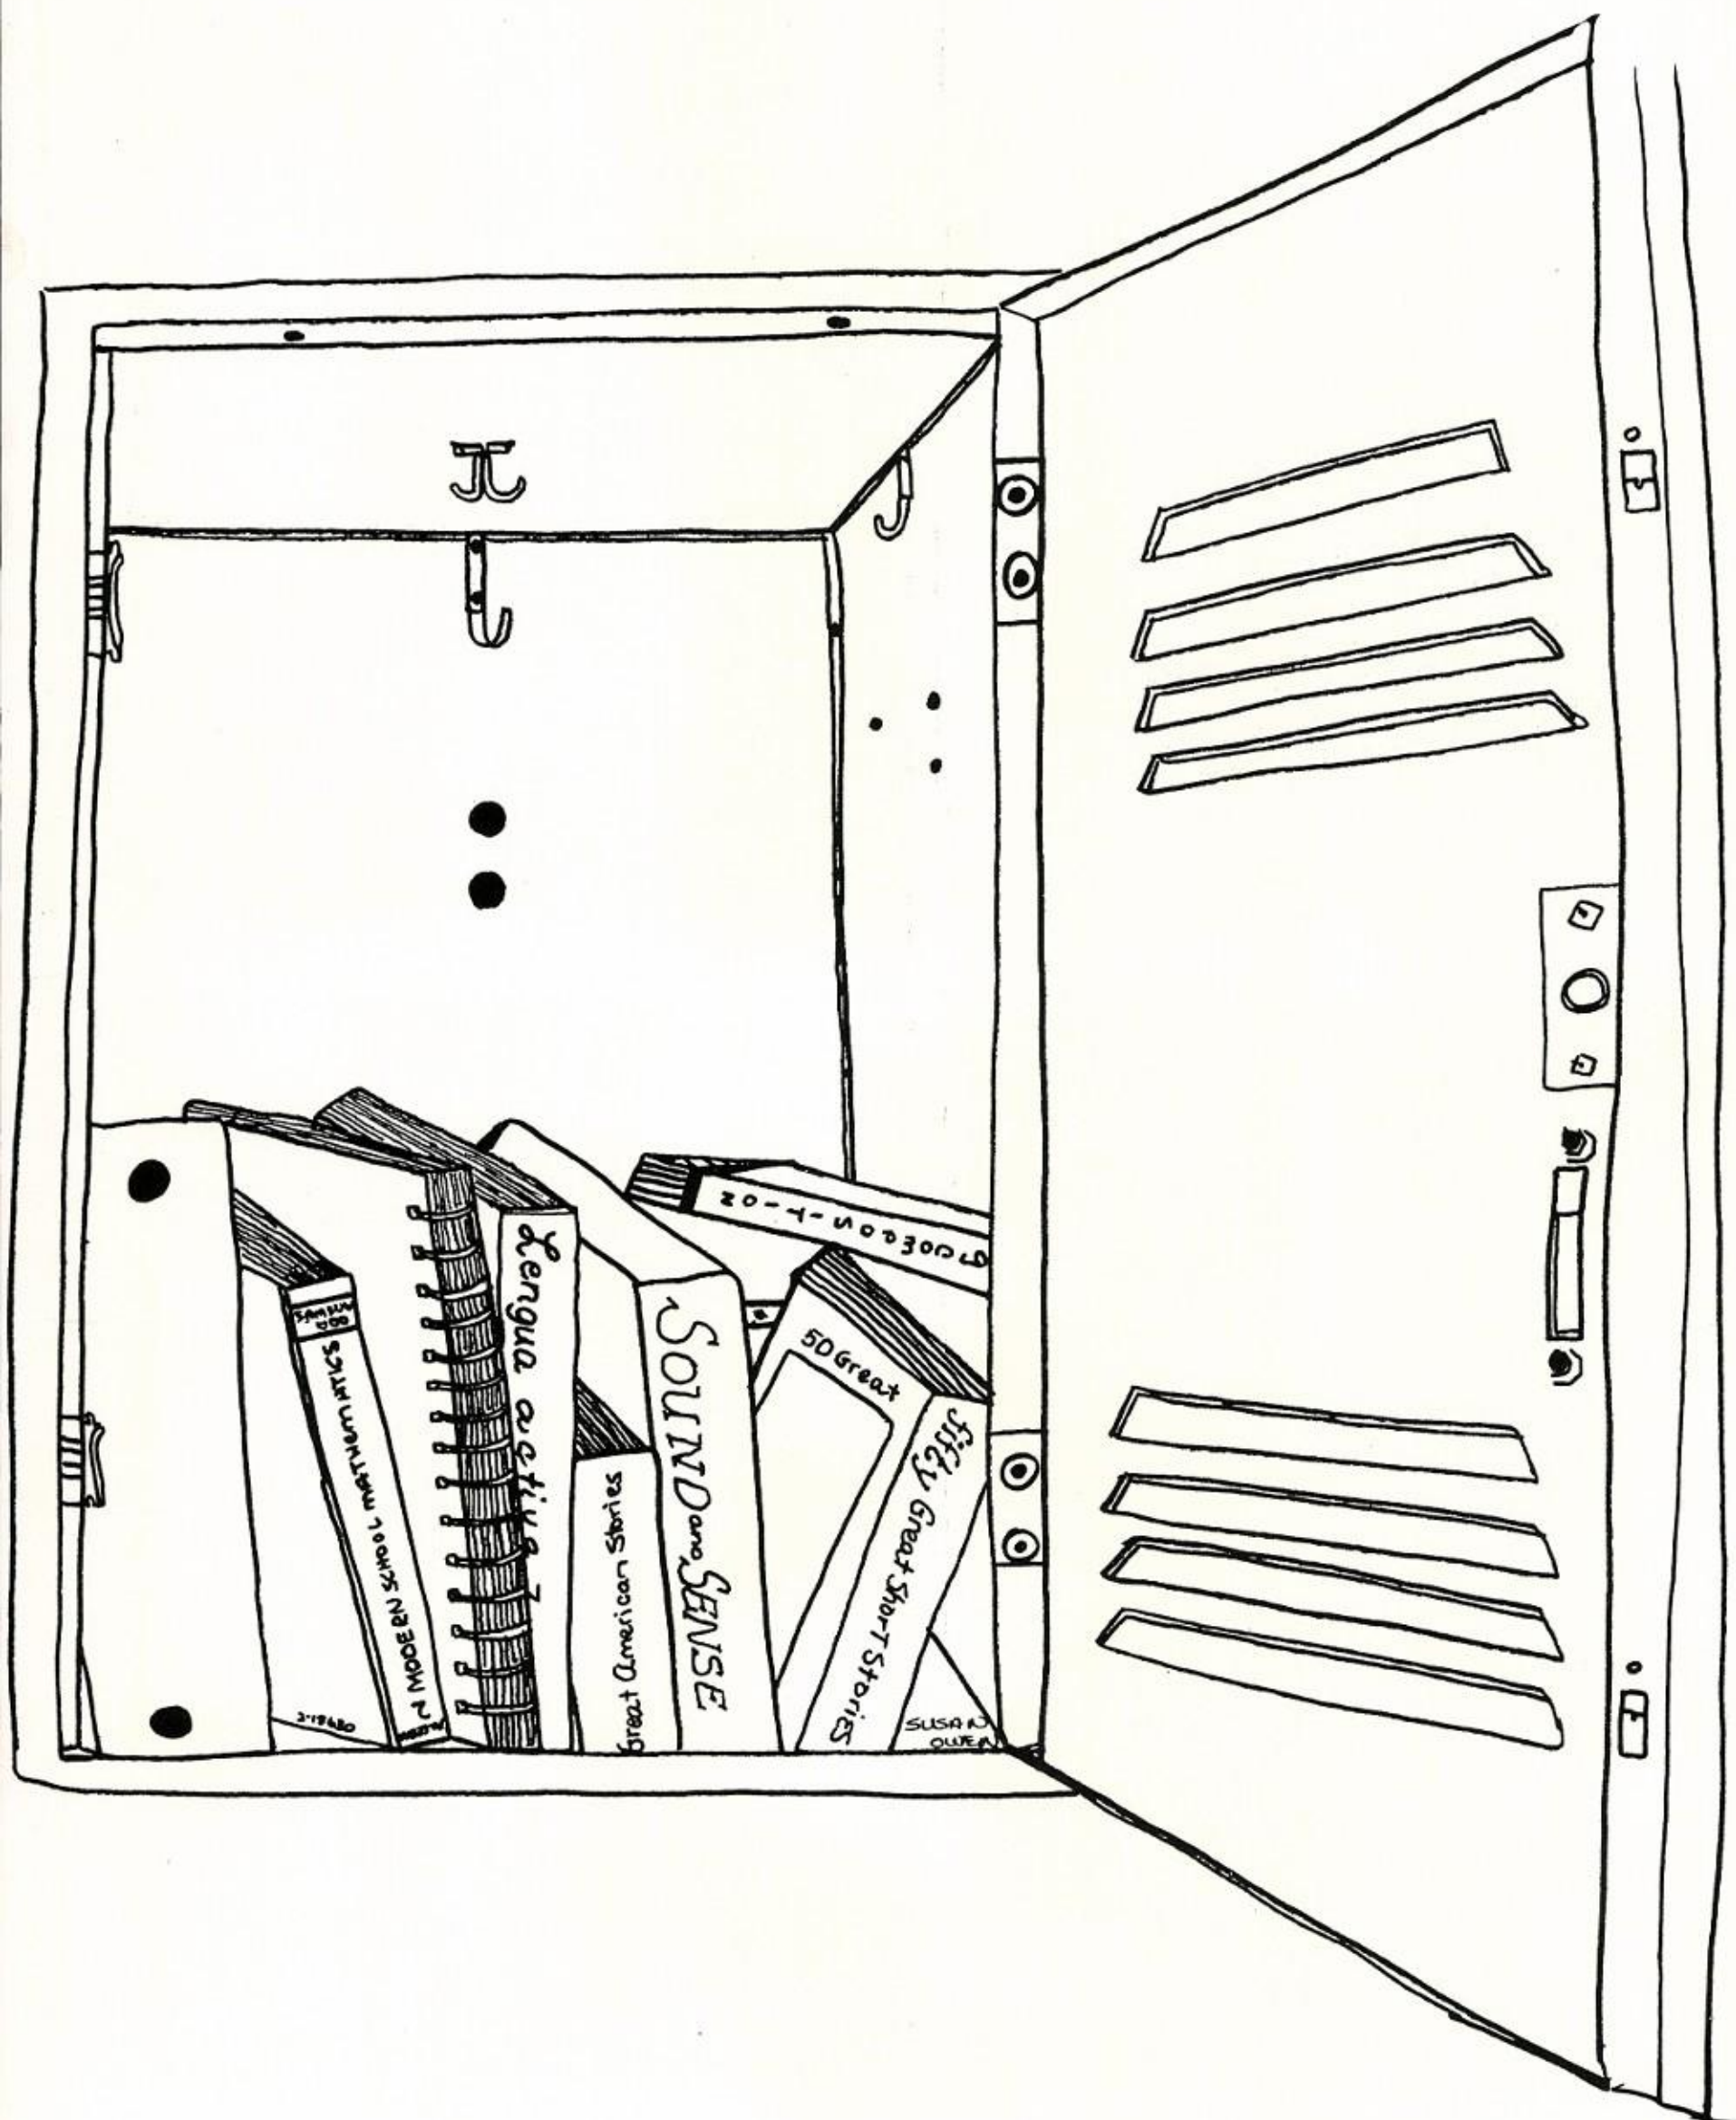

*Mischief, hiding in
corners
Afraid and wanting
to be caught.
Only being caught
in mischief
is
fun*

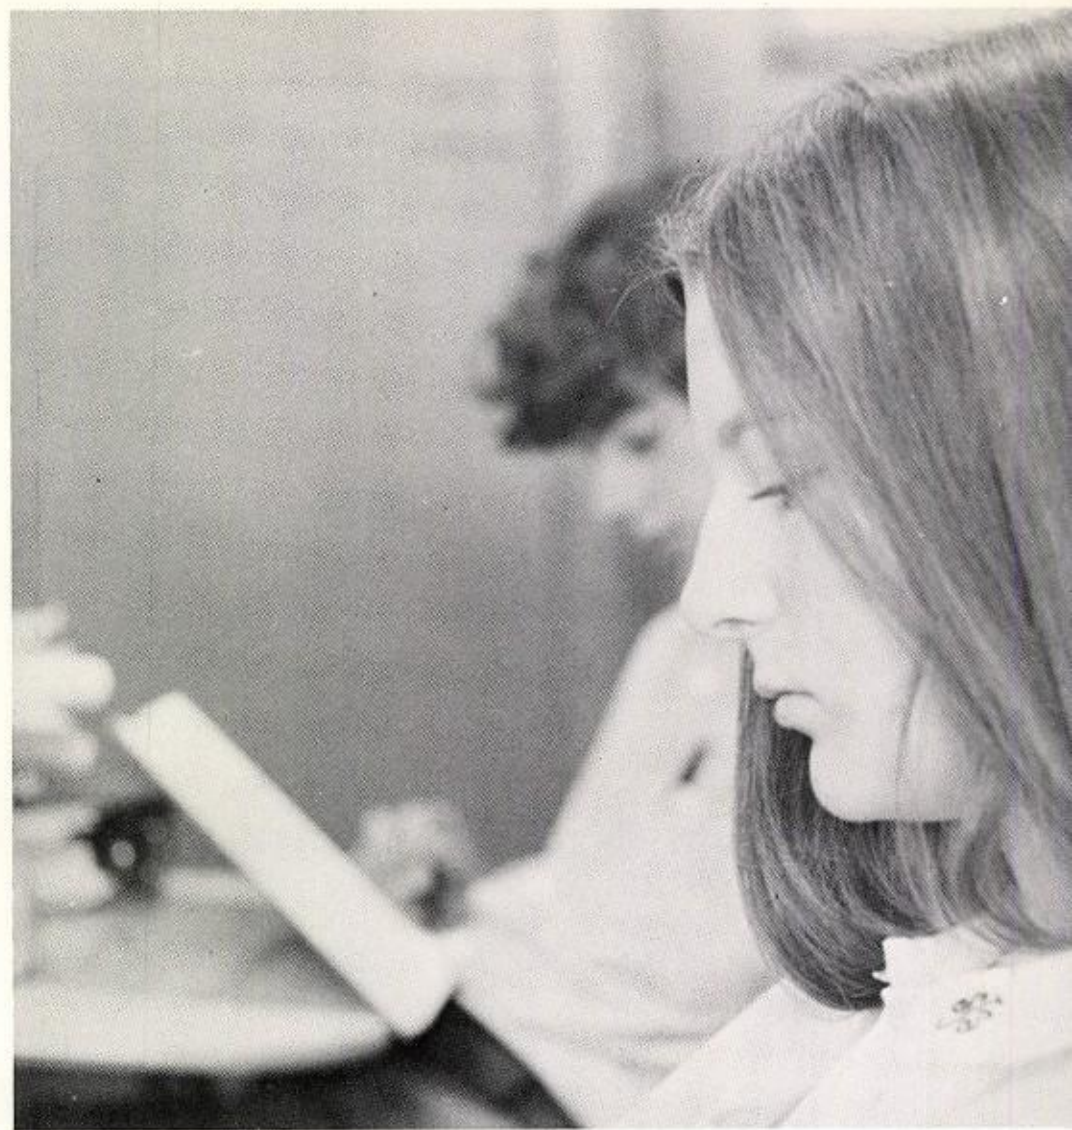

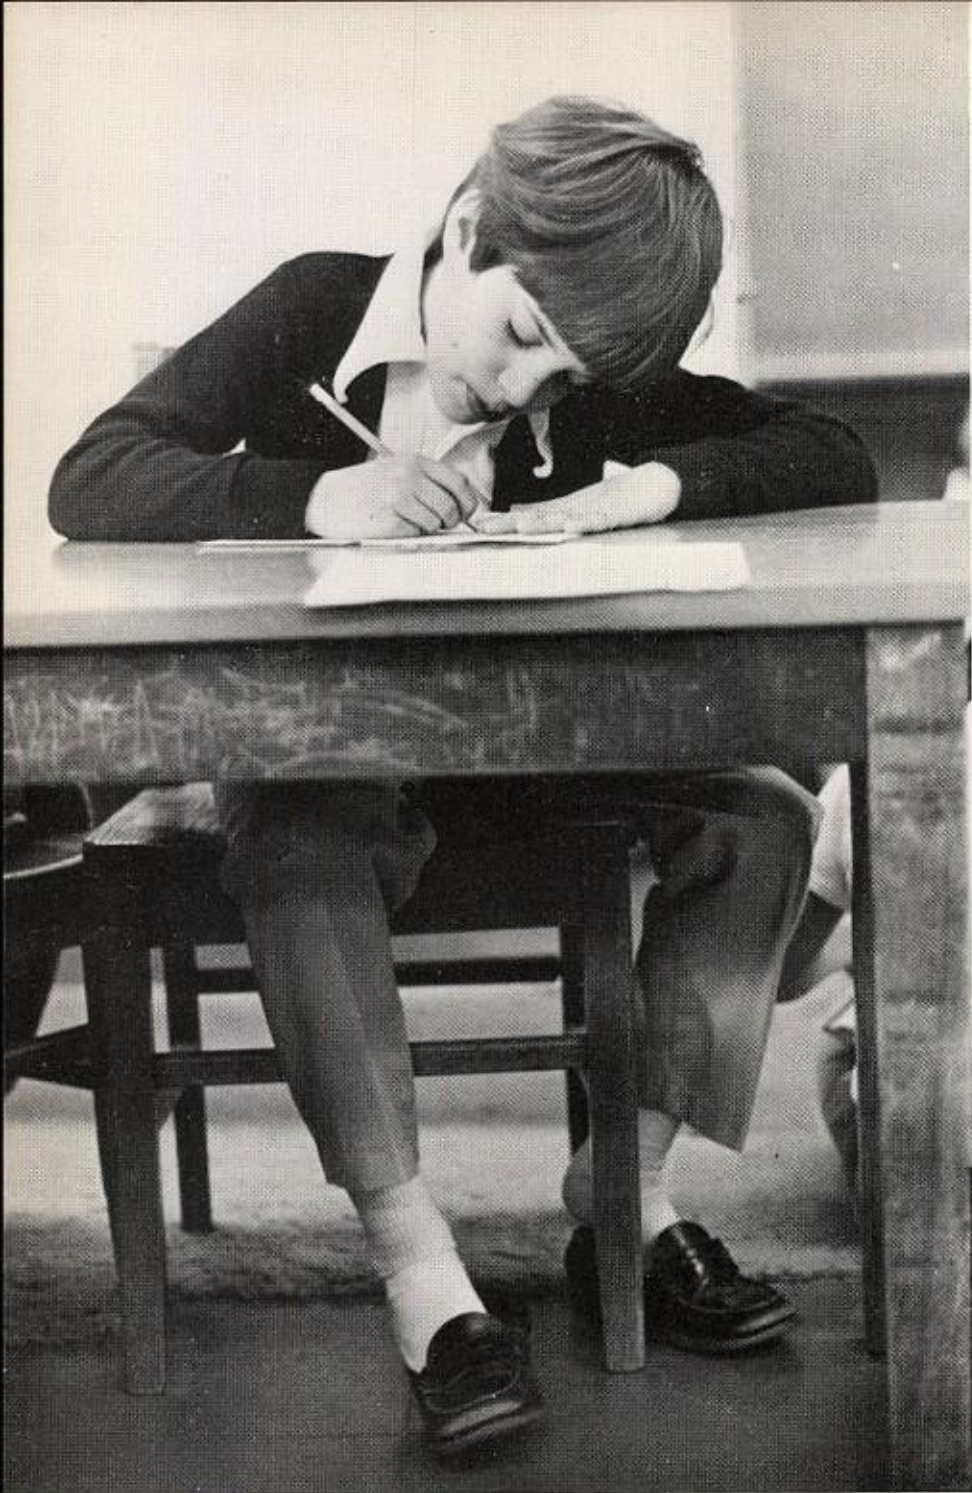

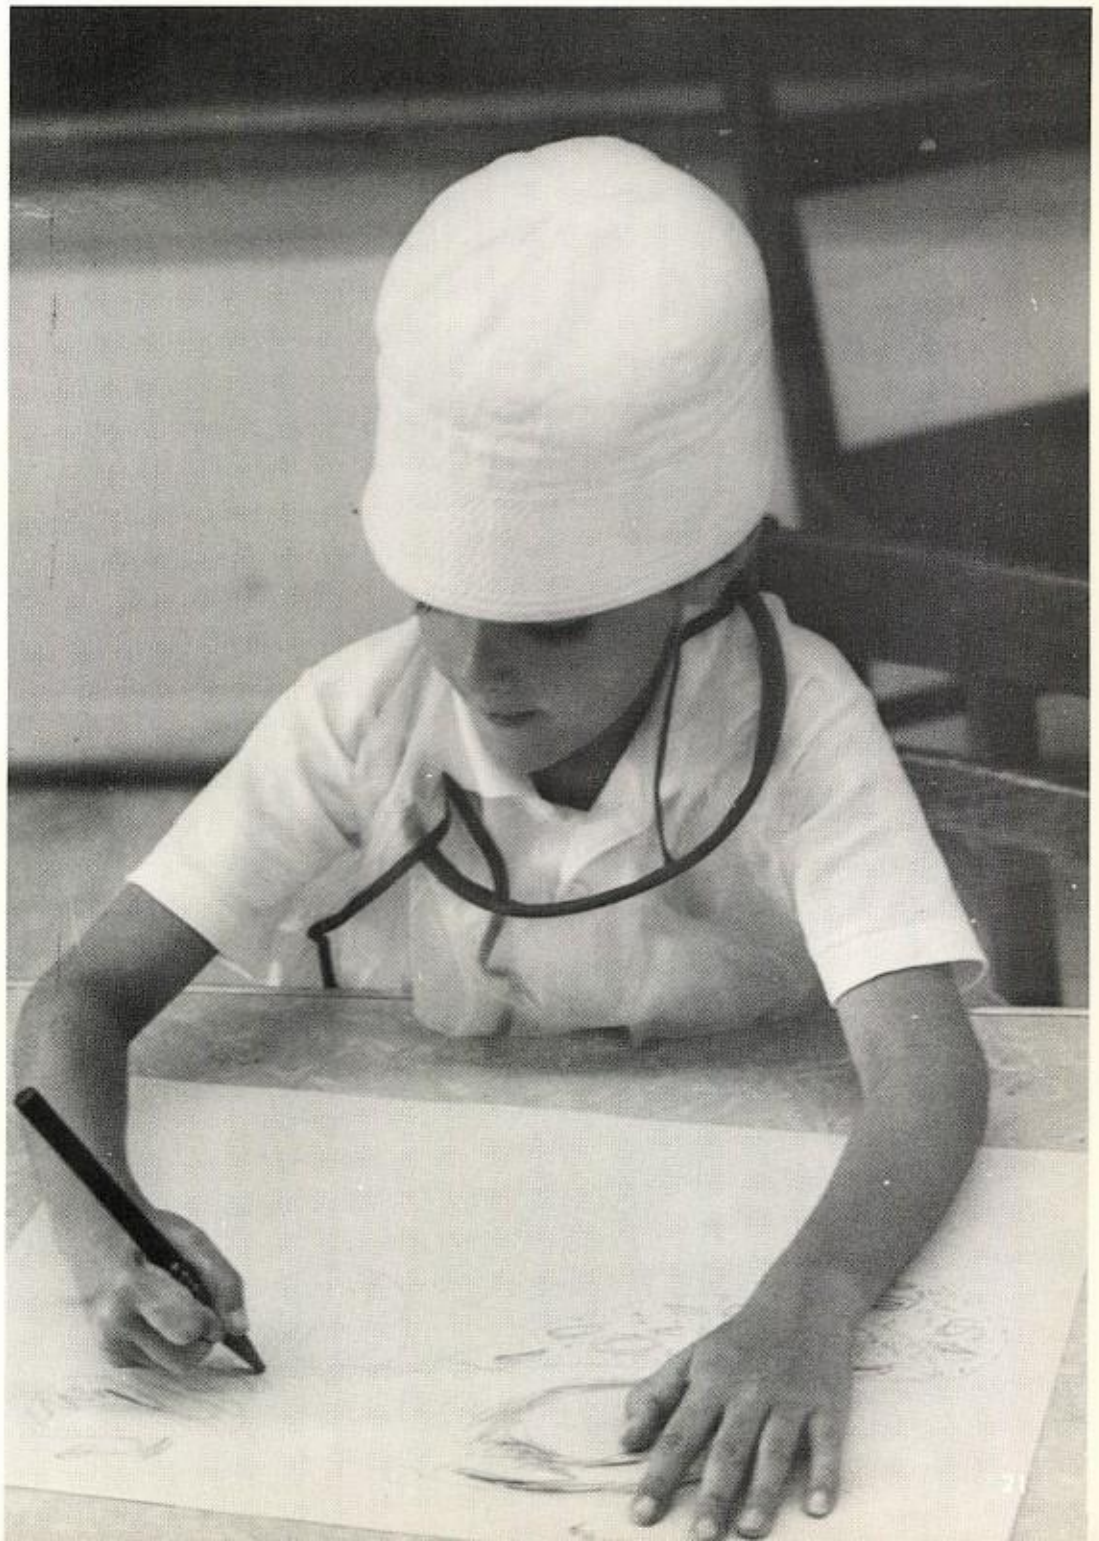

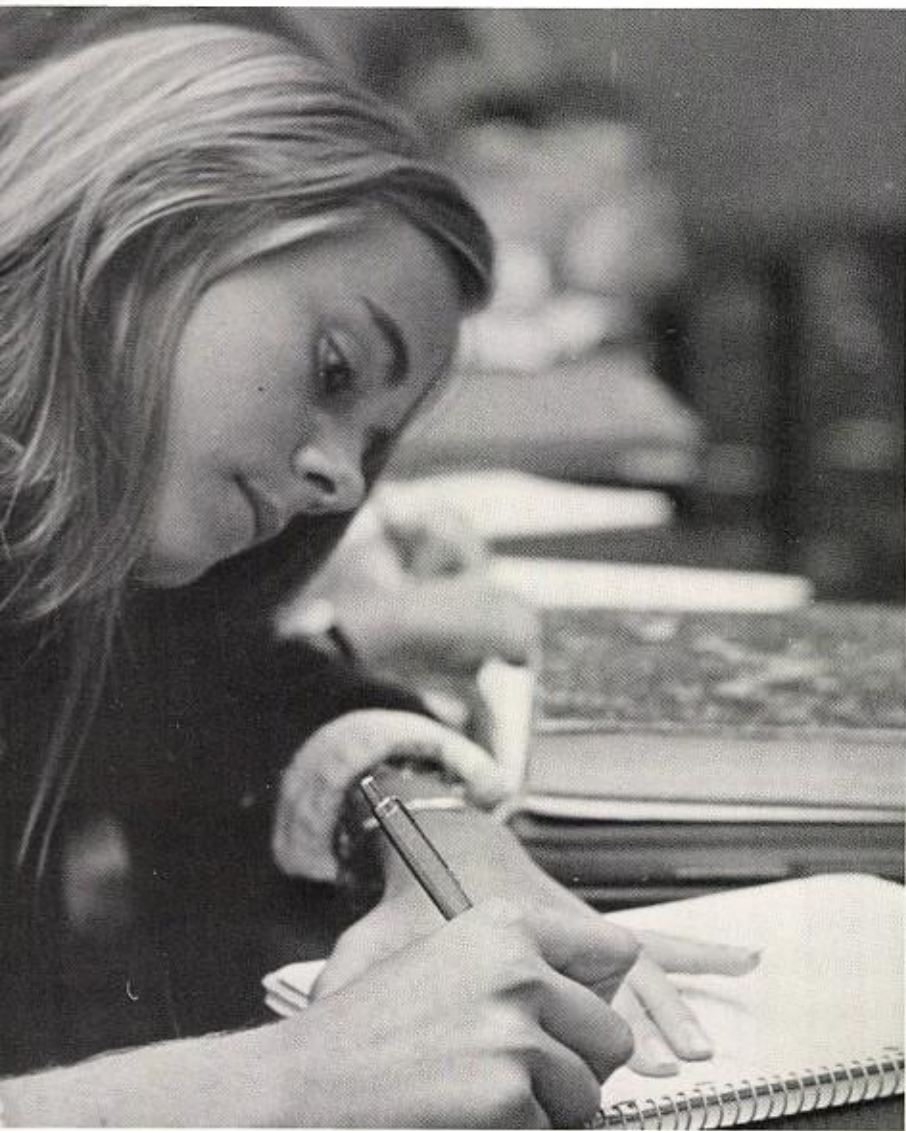

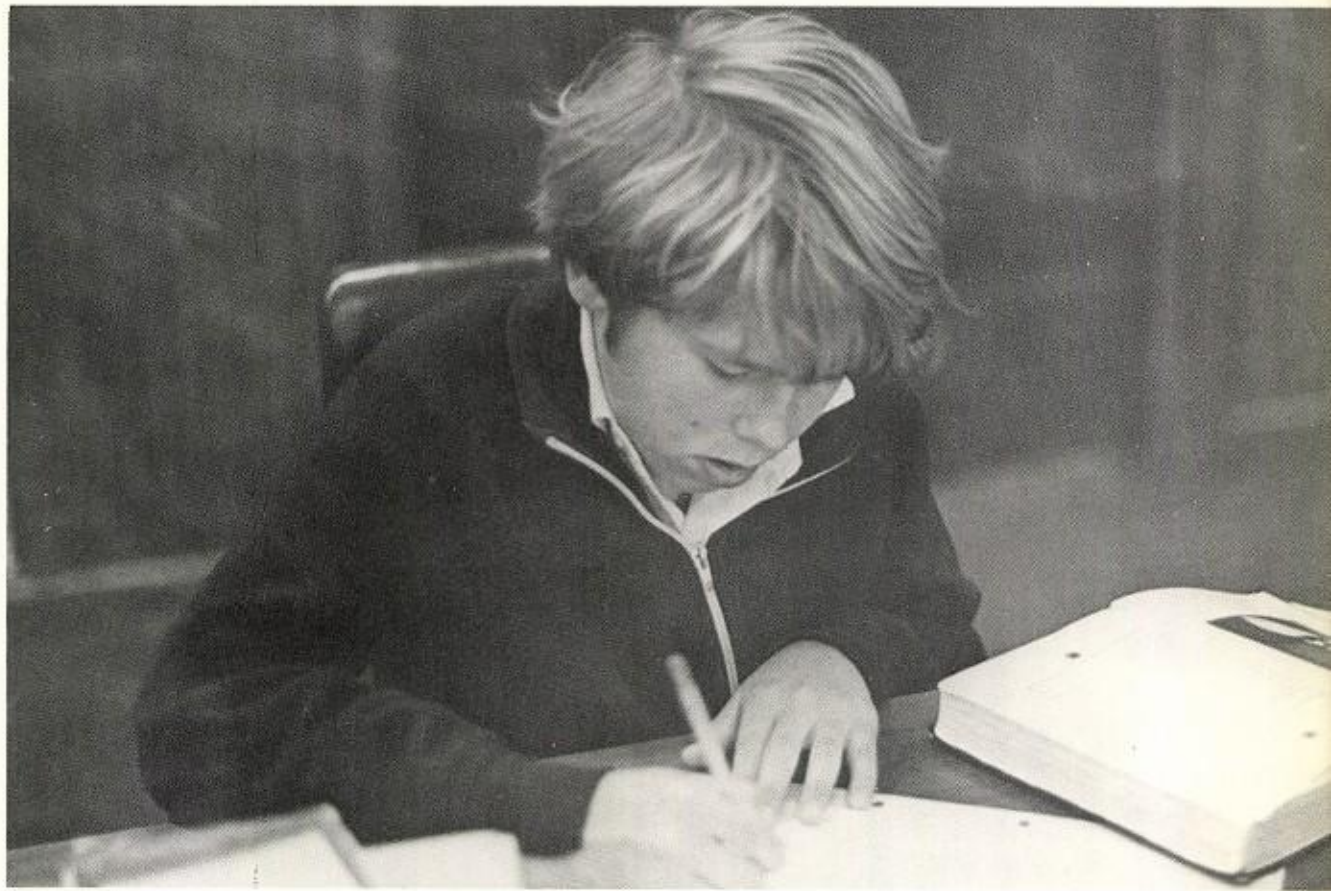

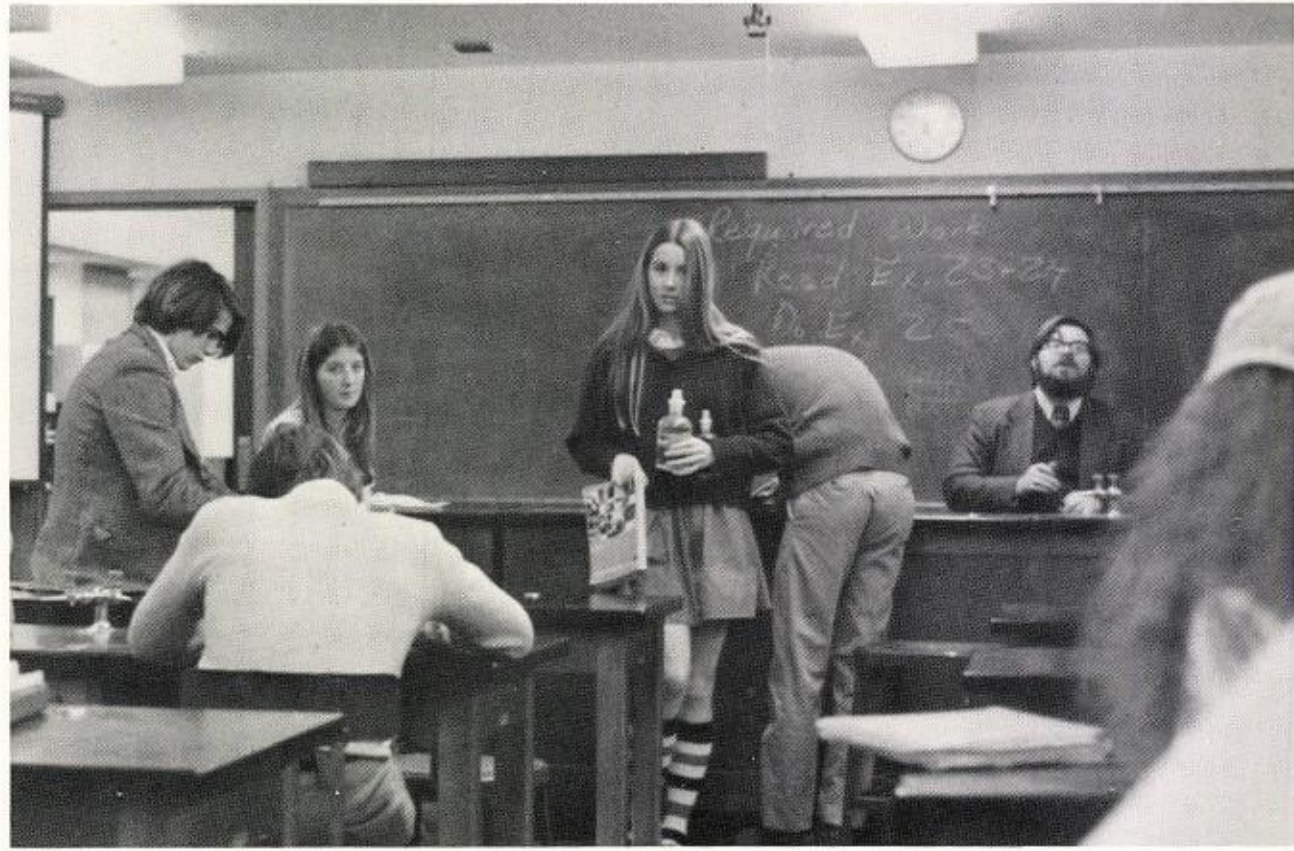

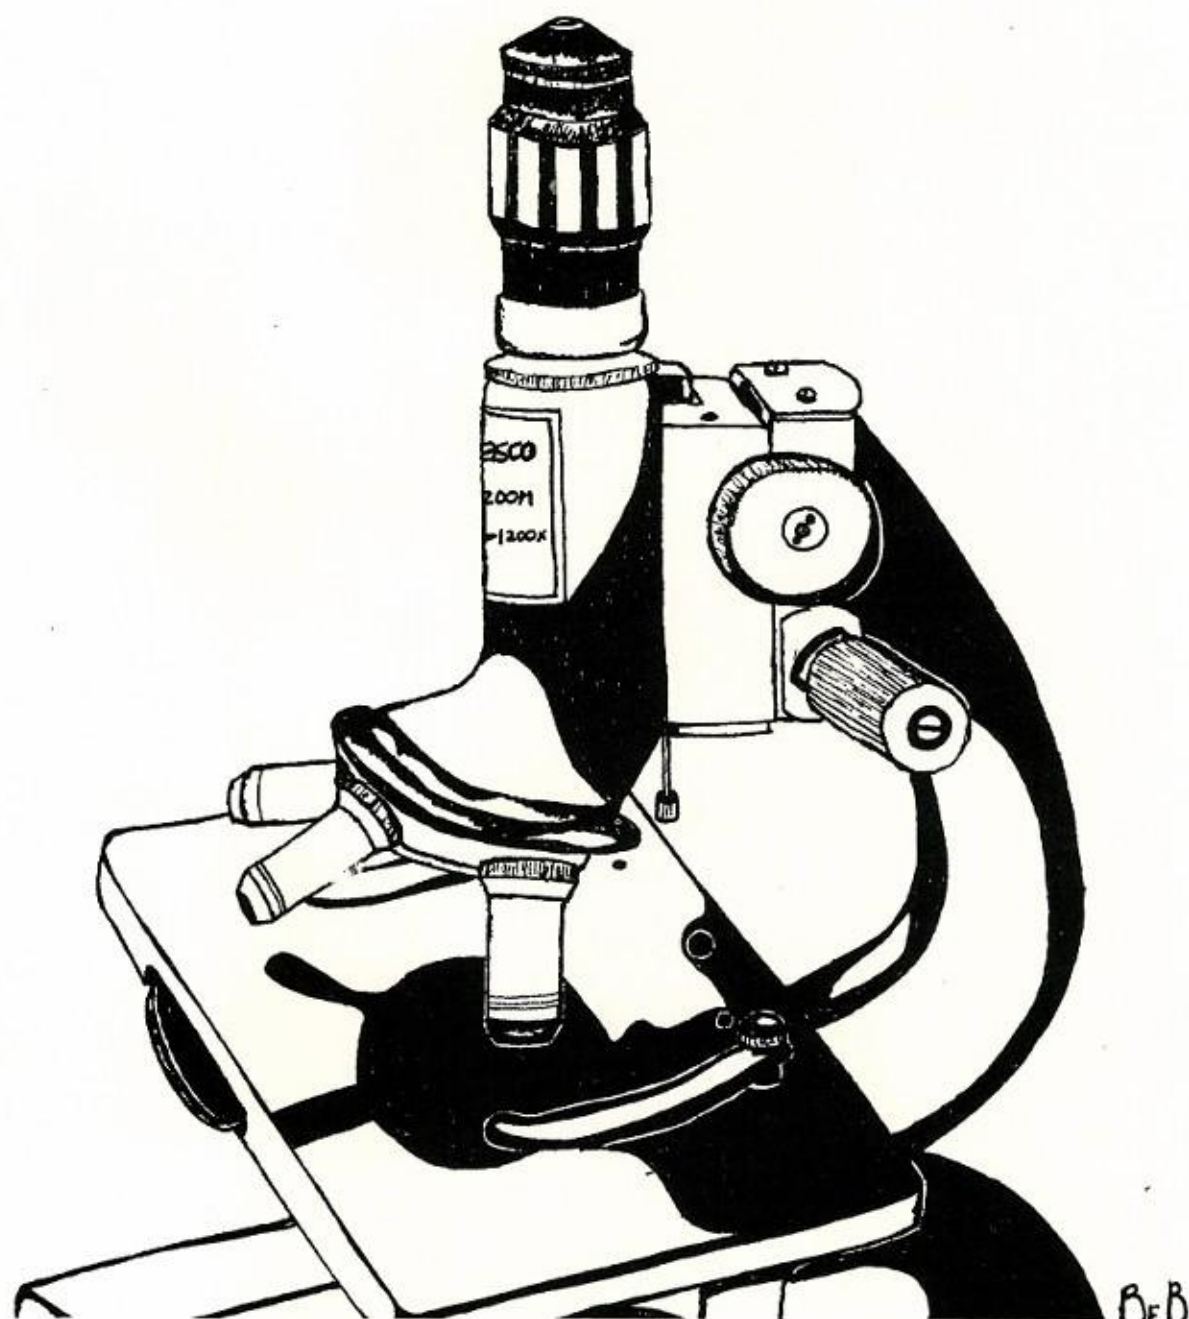

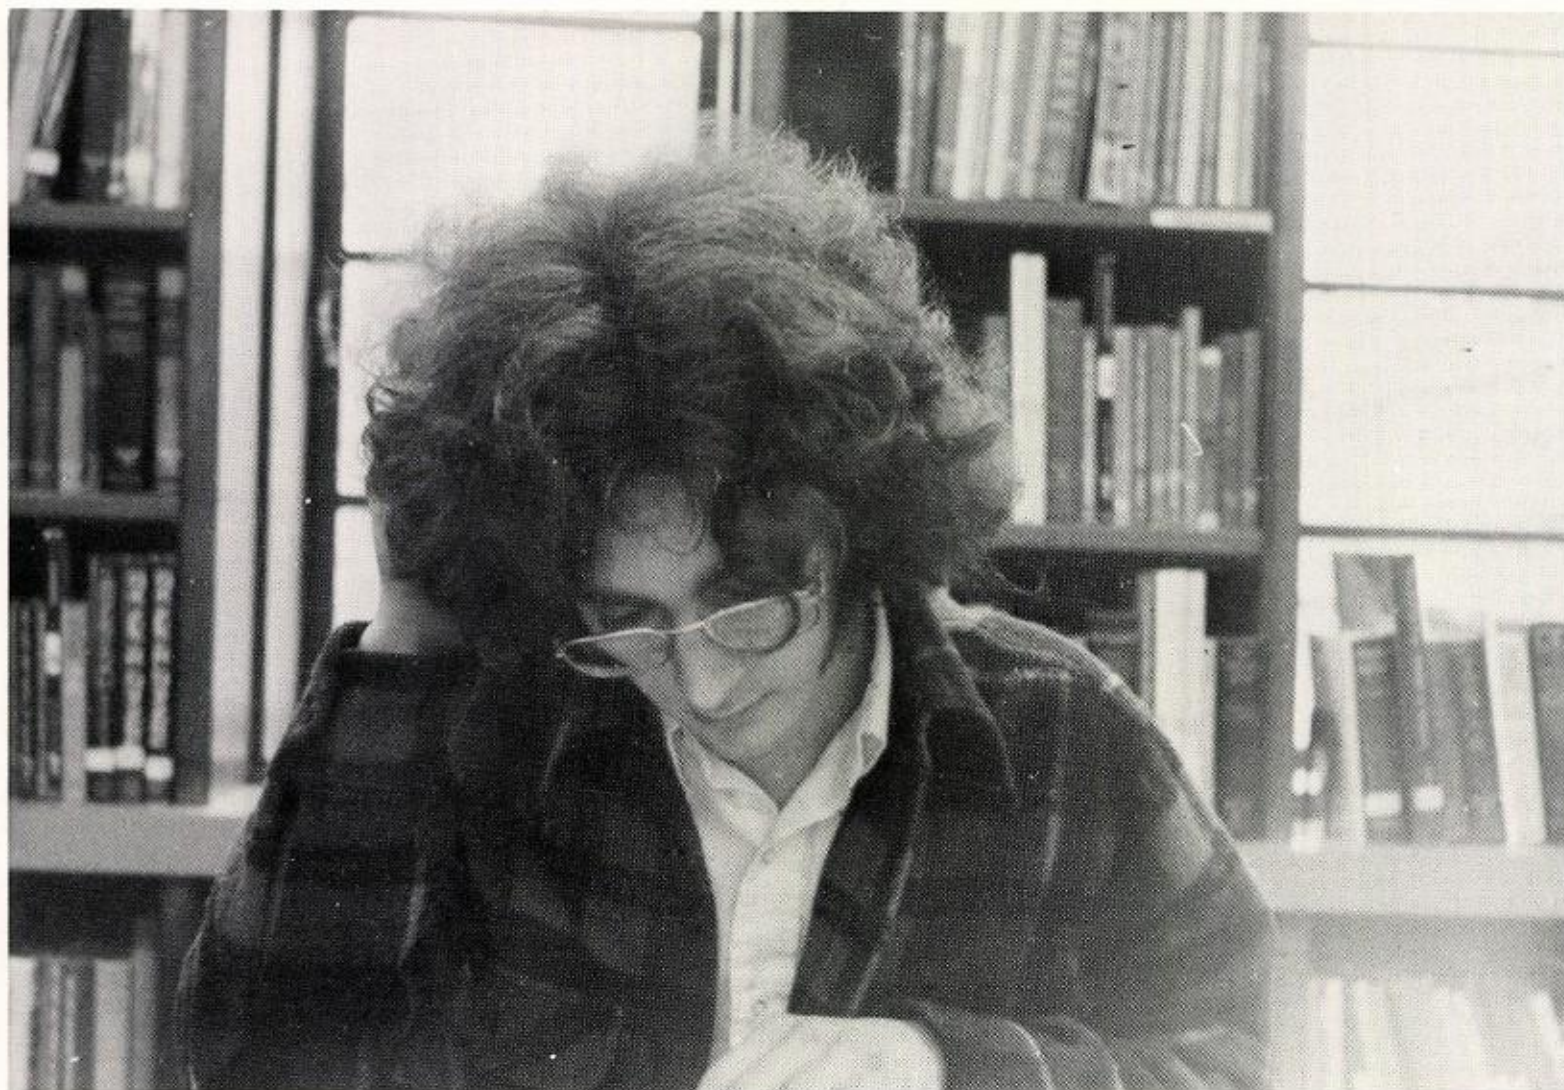

*When you swing
me very high, my
two feet almost
touch the sky*

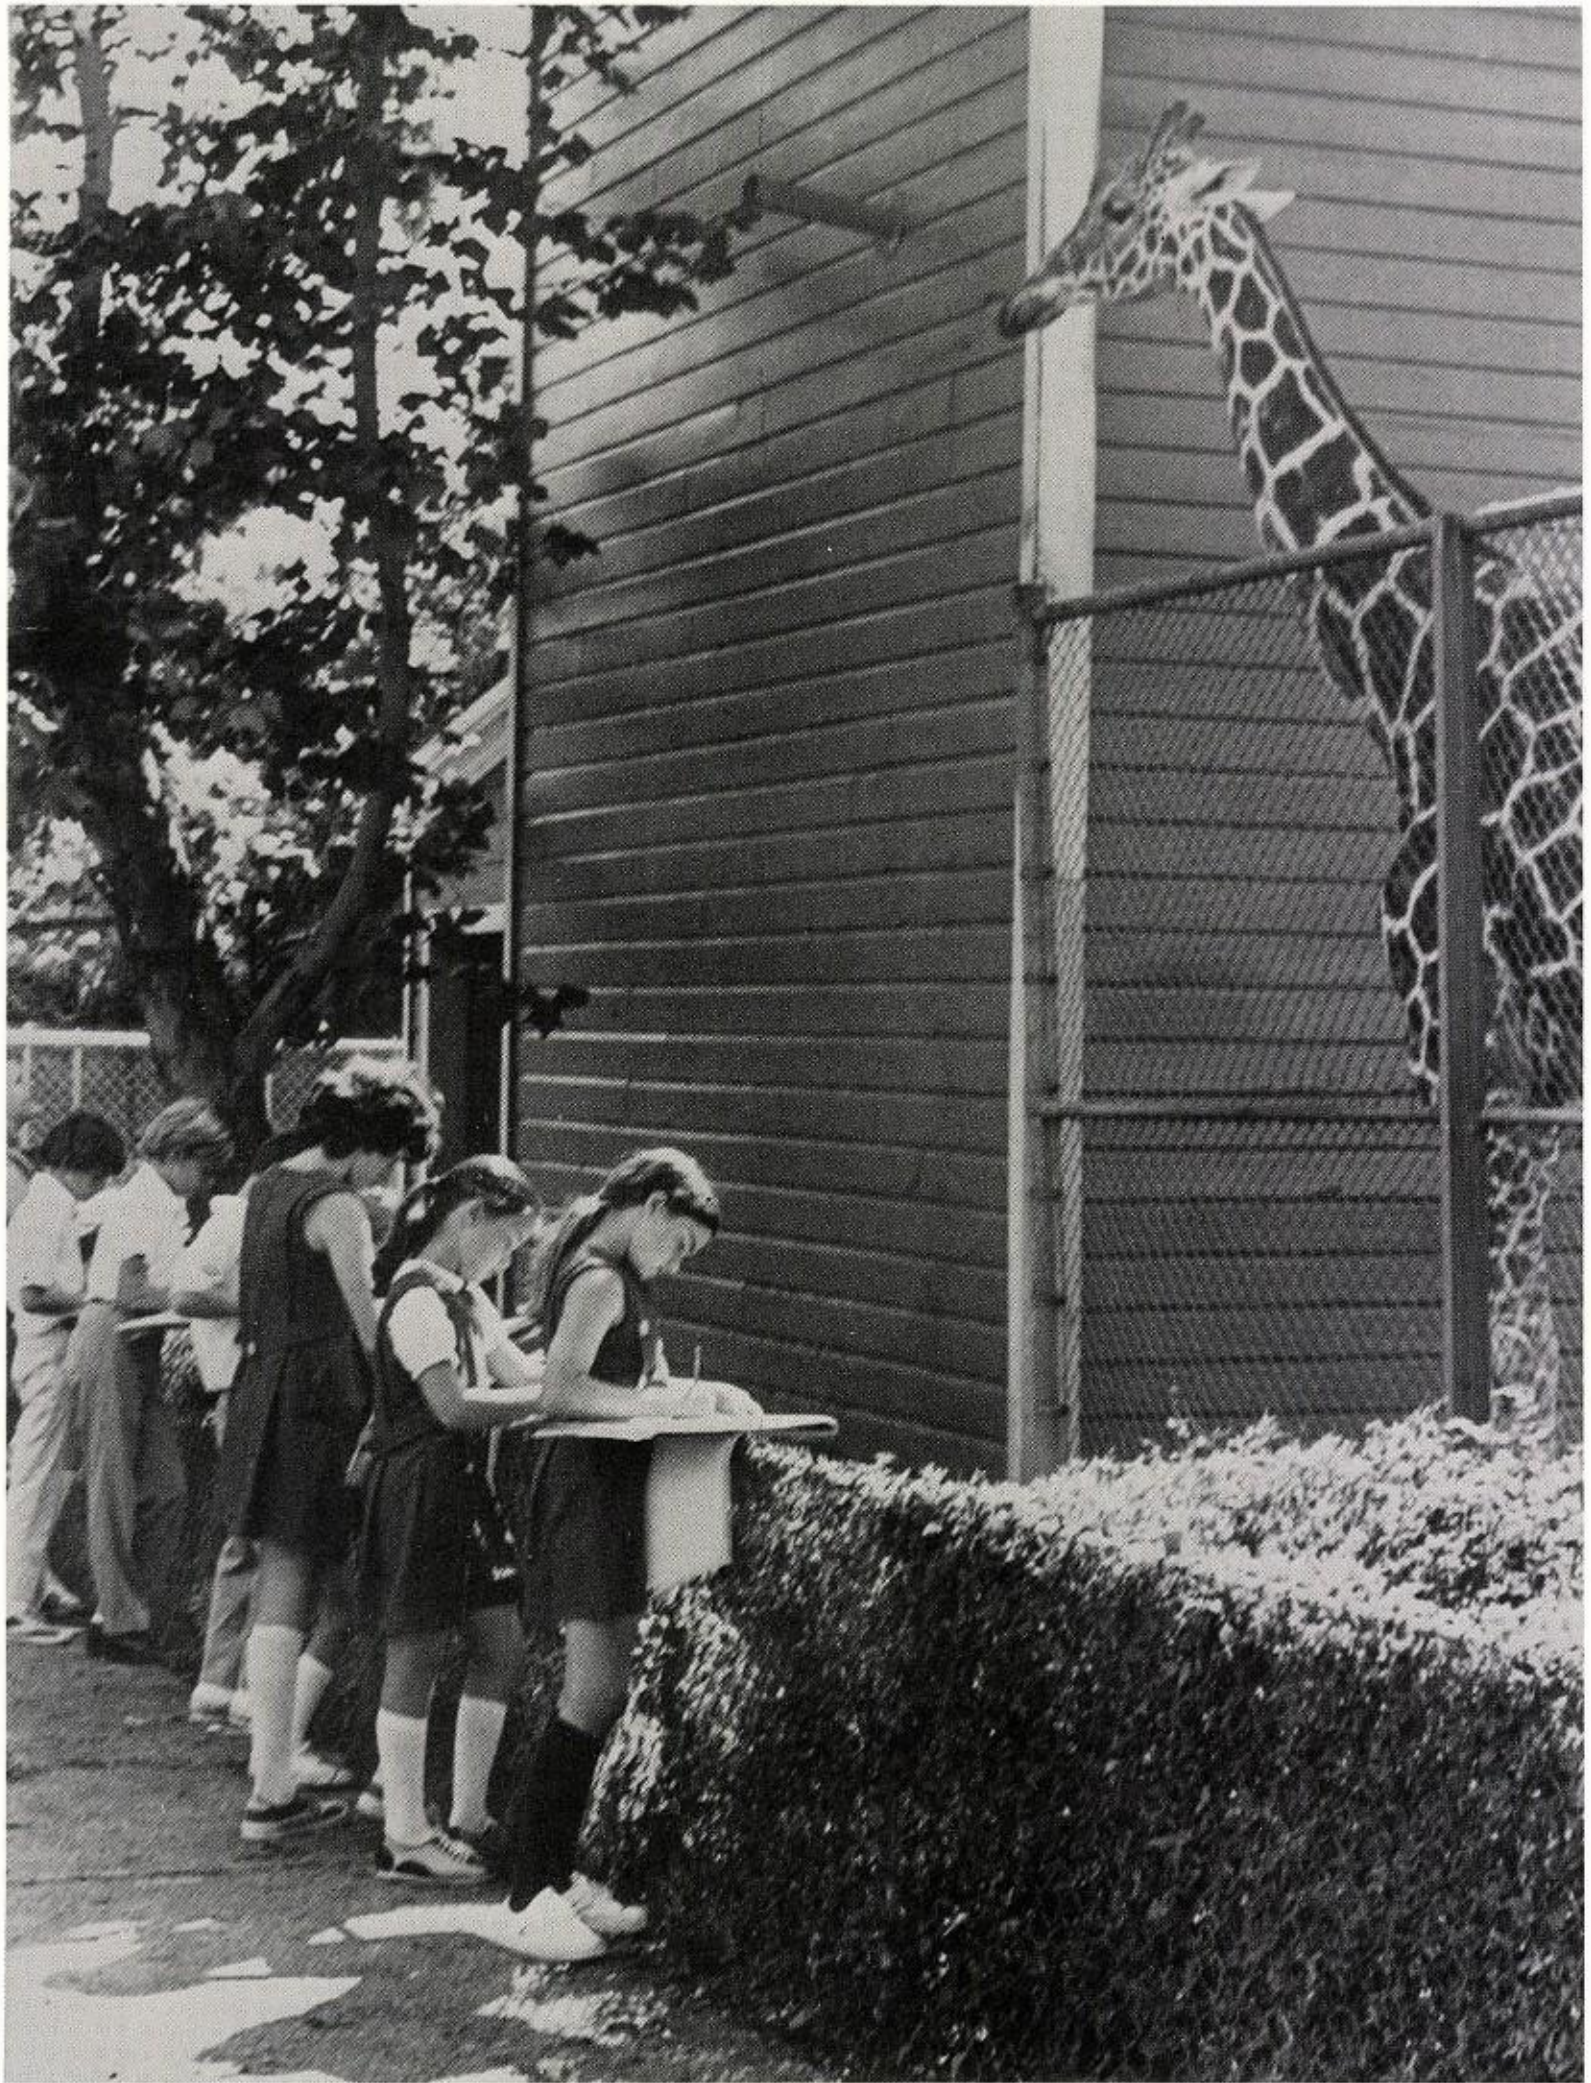

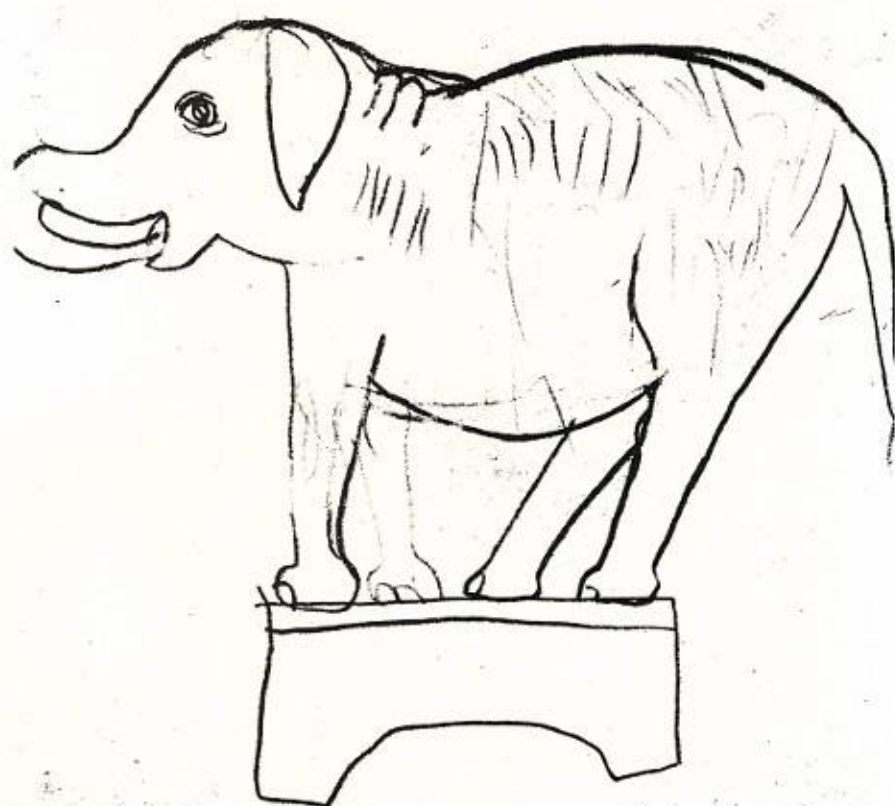

Marcelle 5

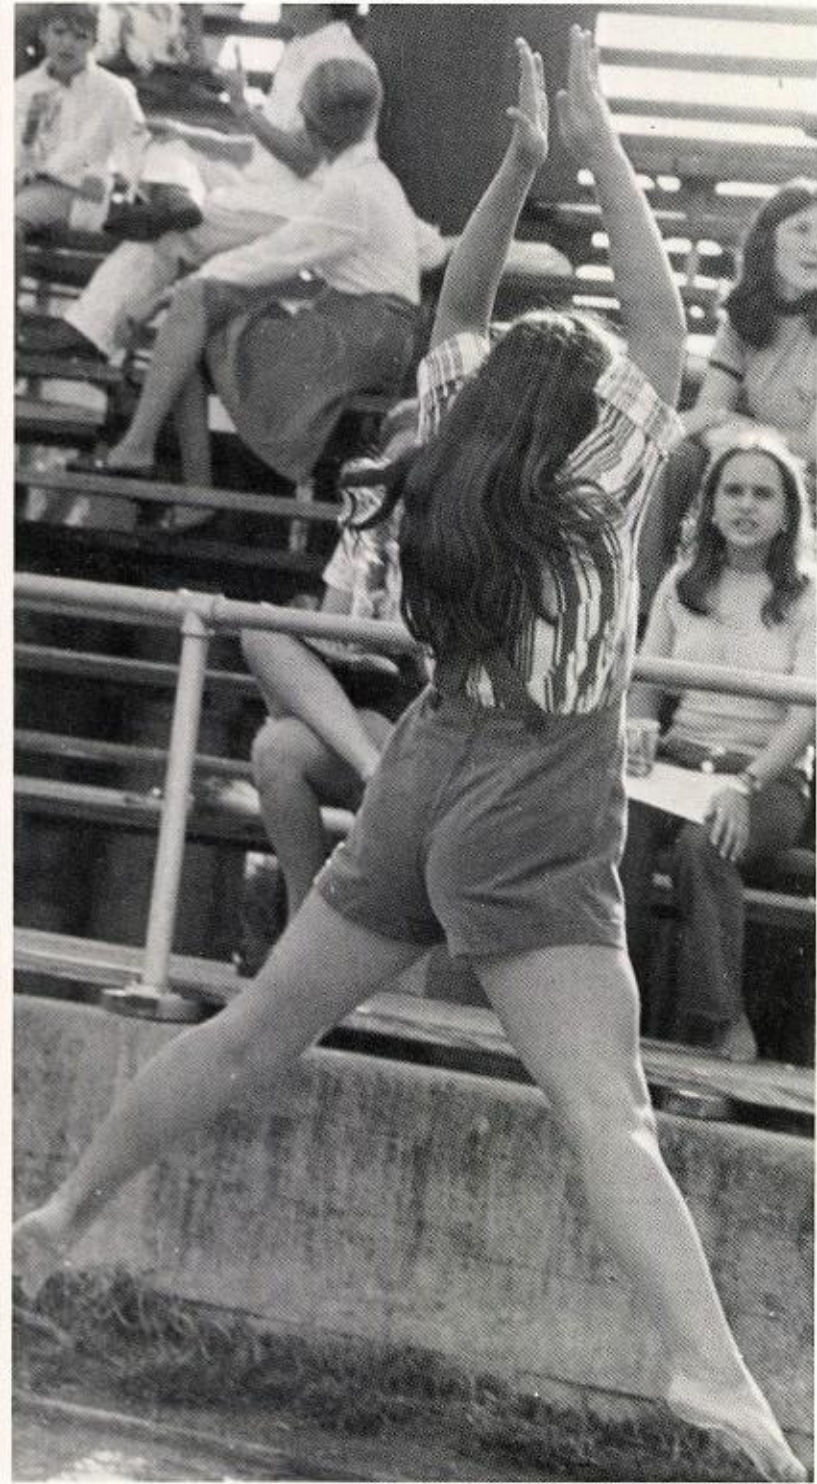

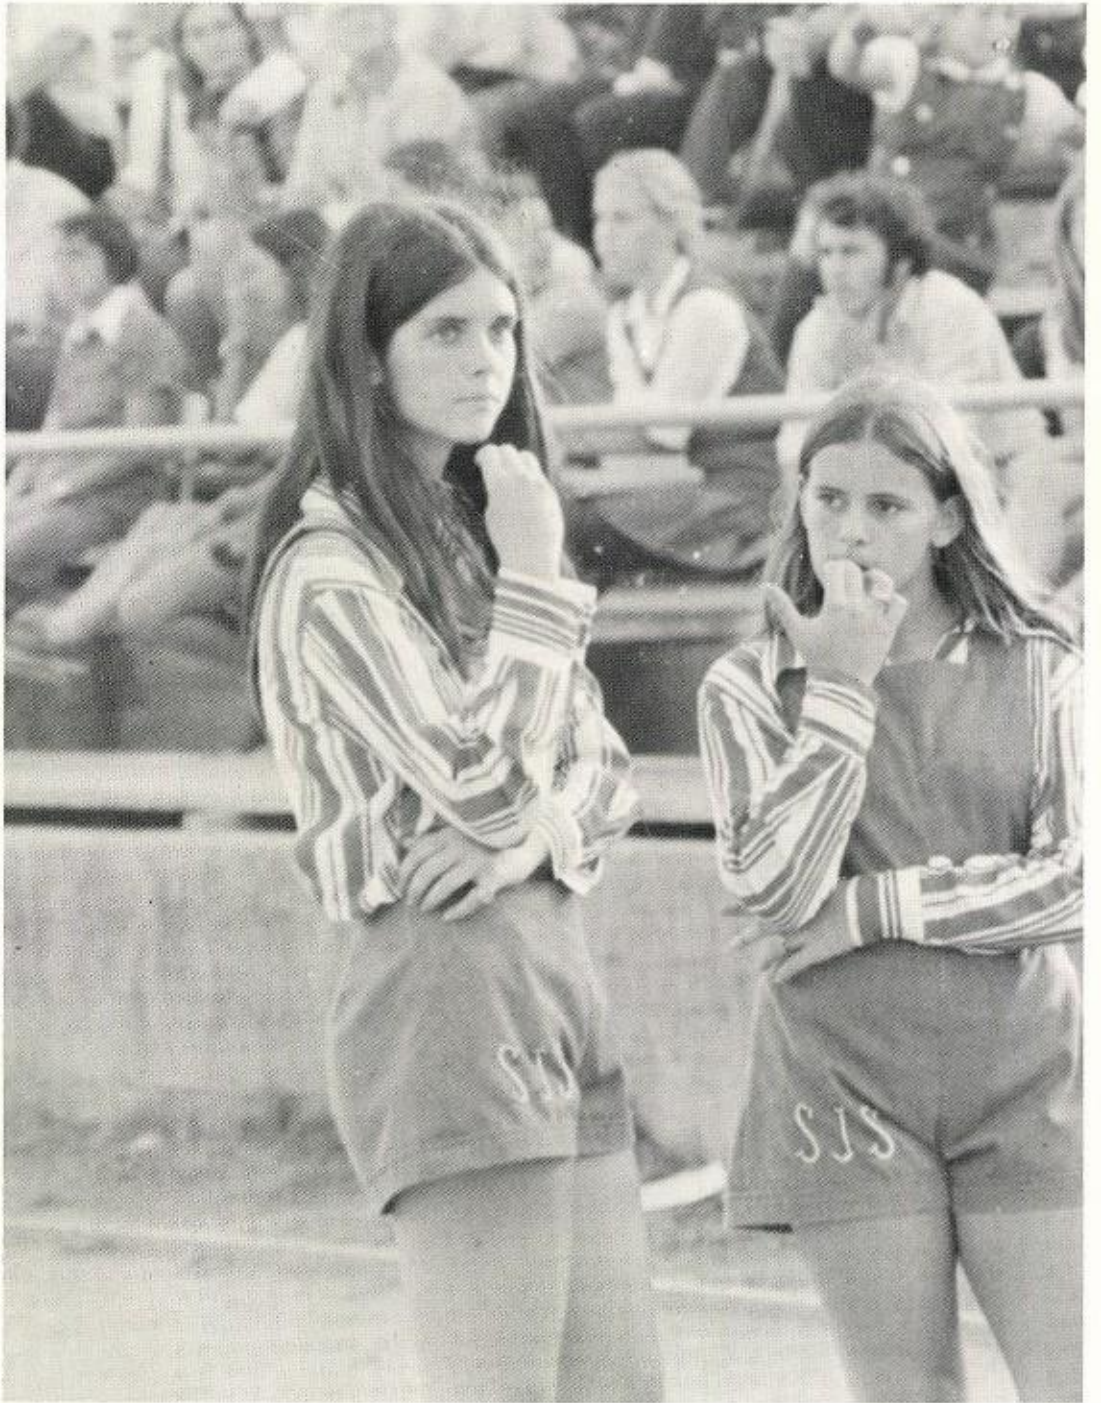

A TIME TO WIN A TIME TO LOSE

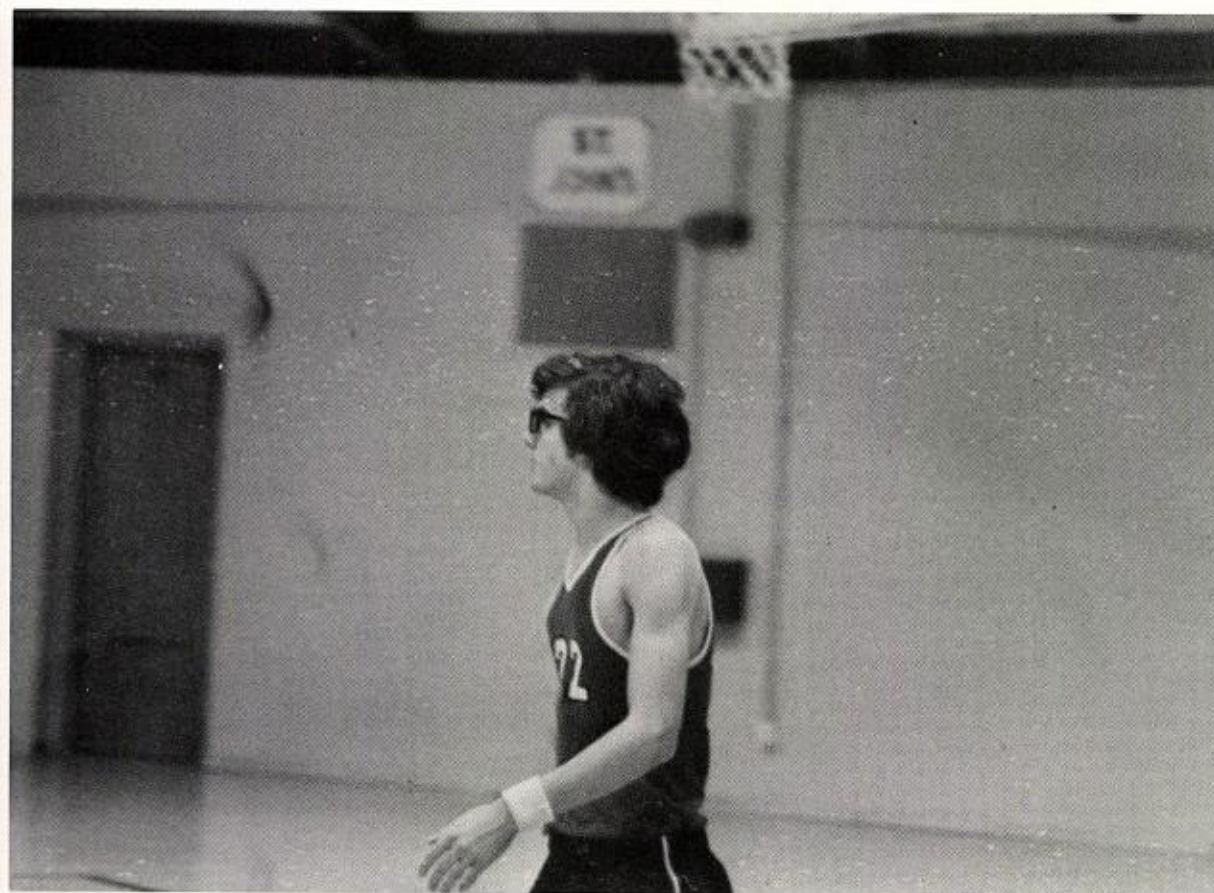

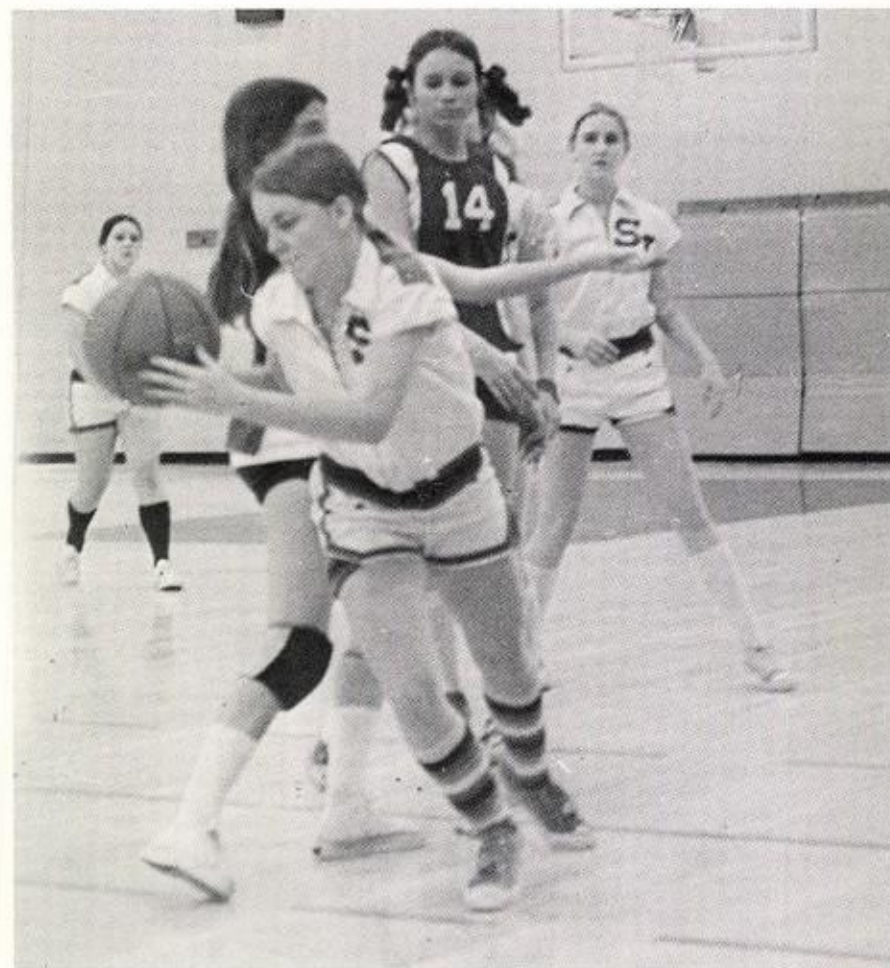

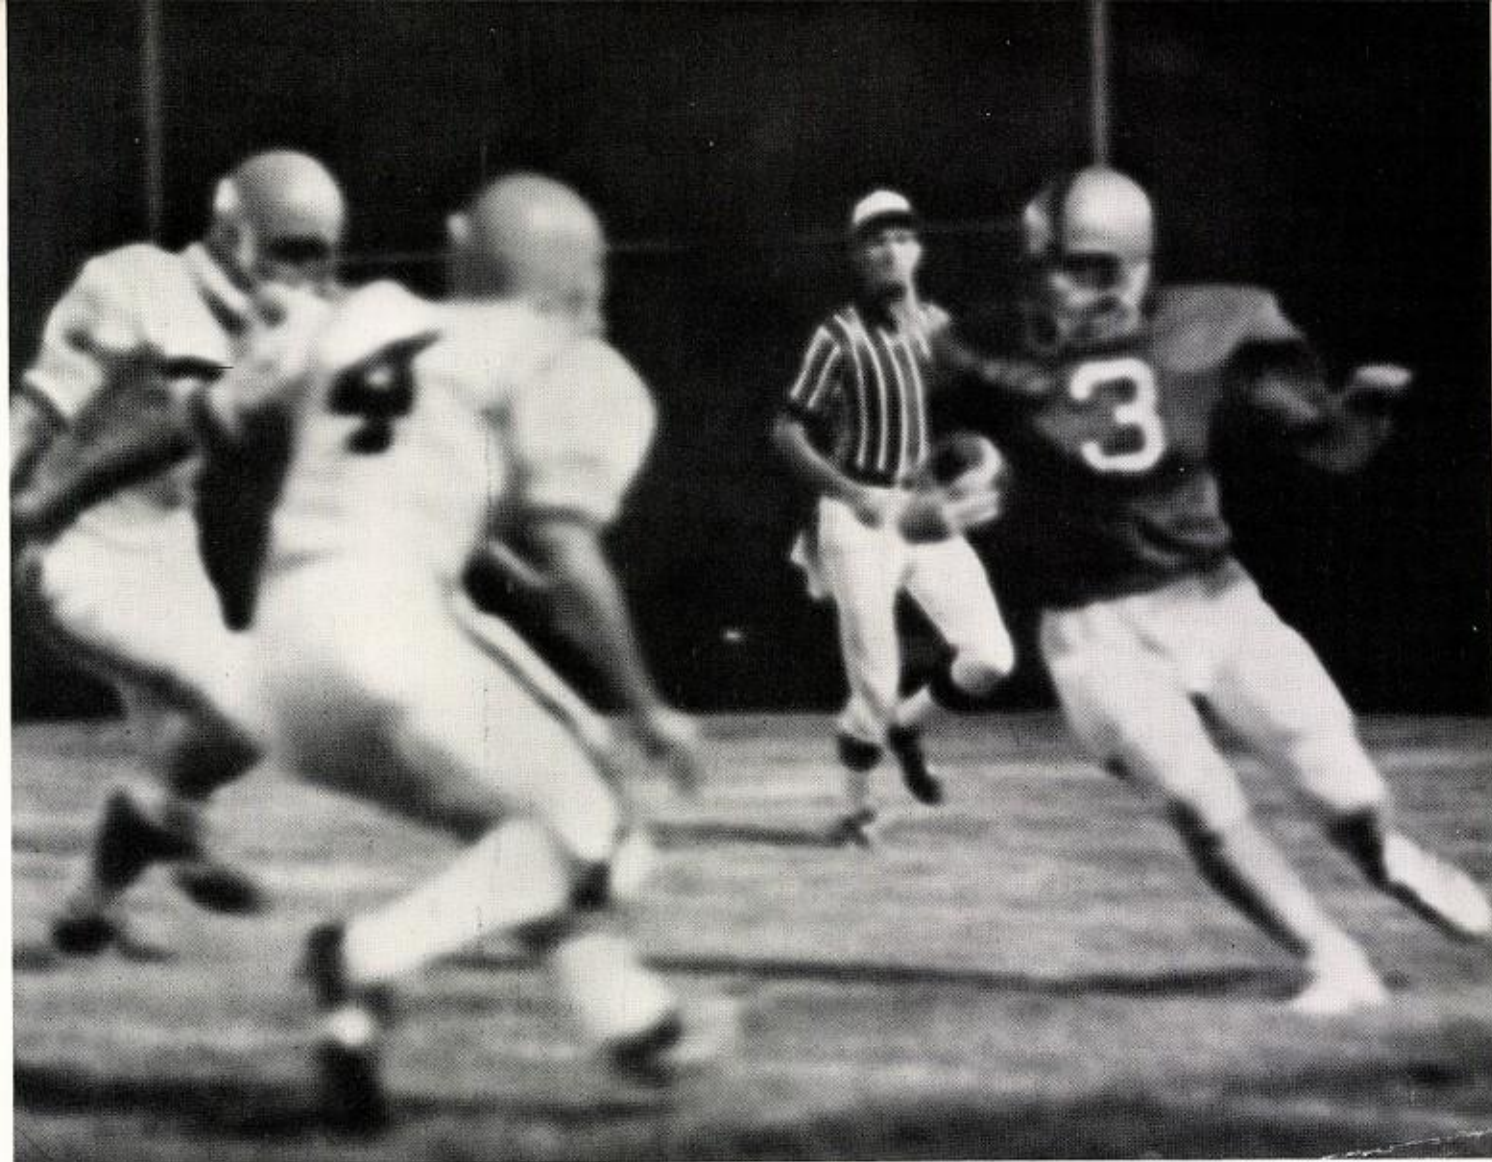

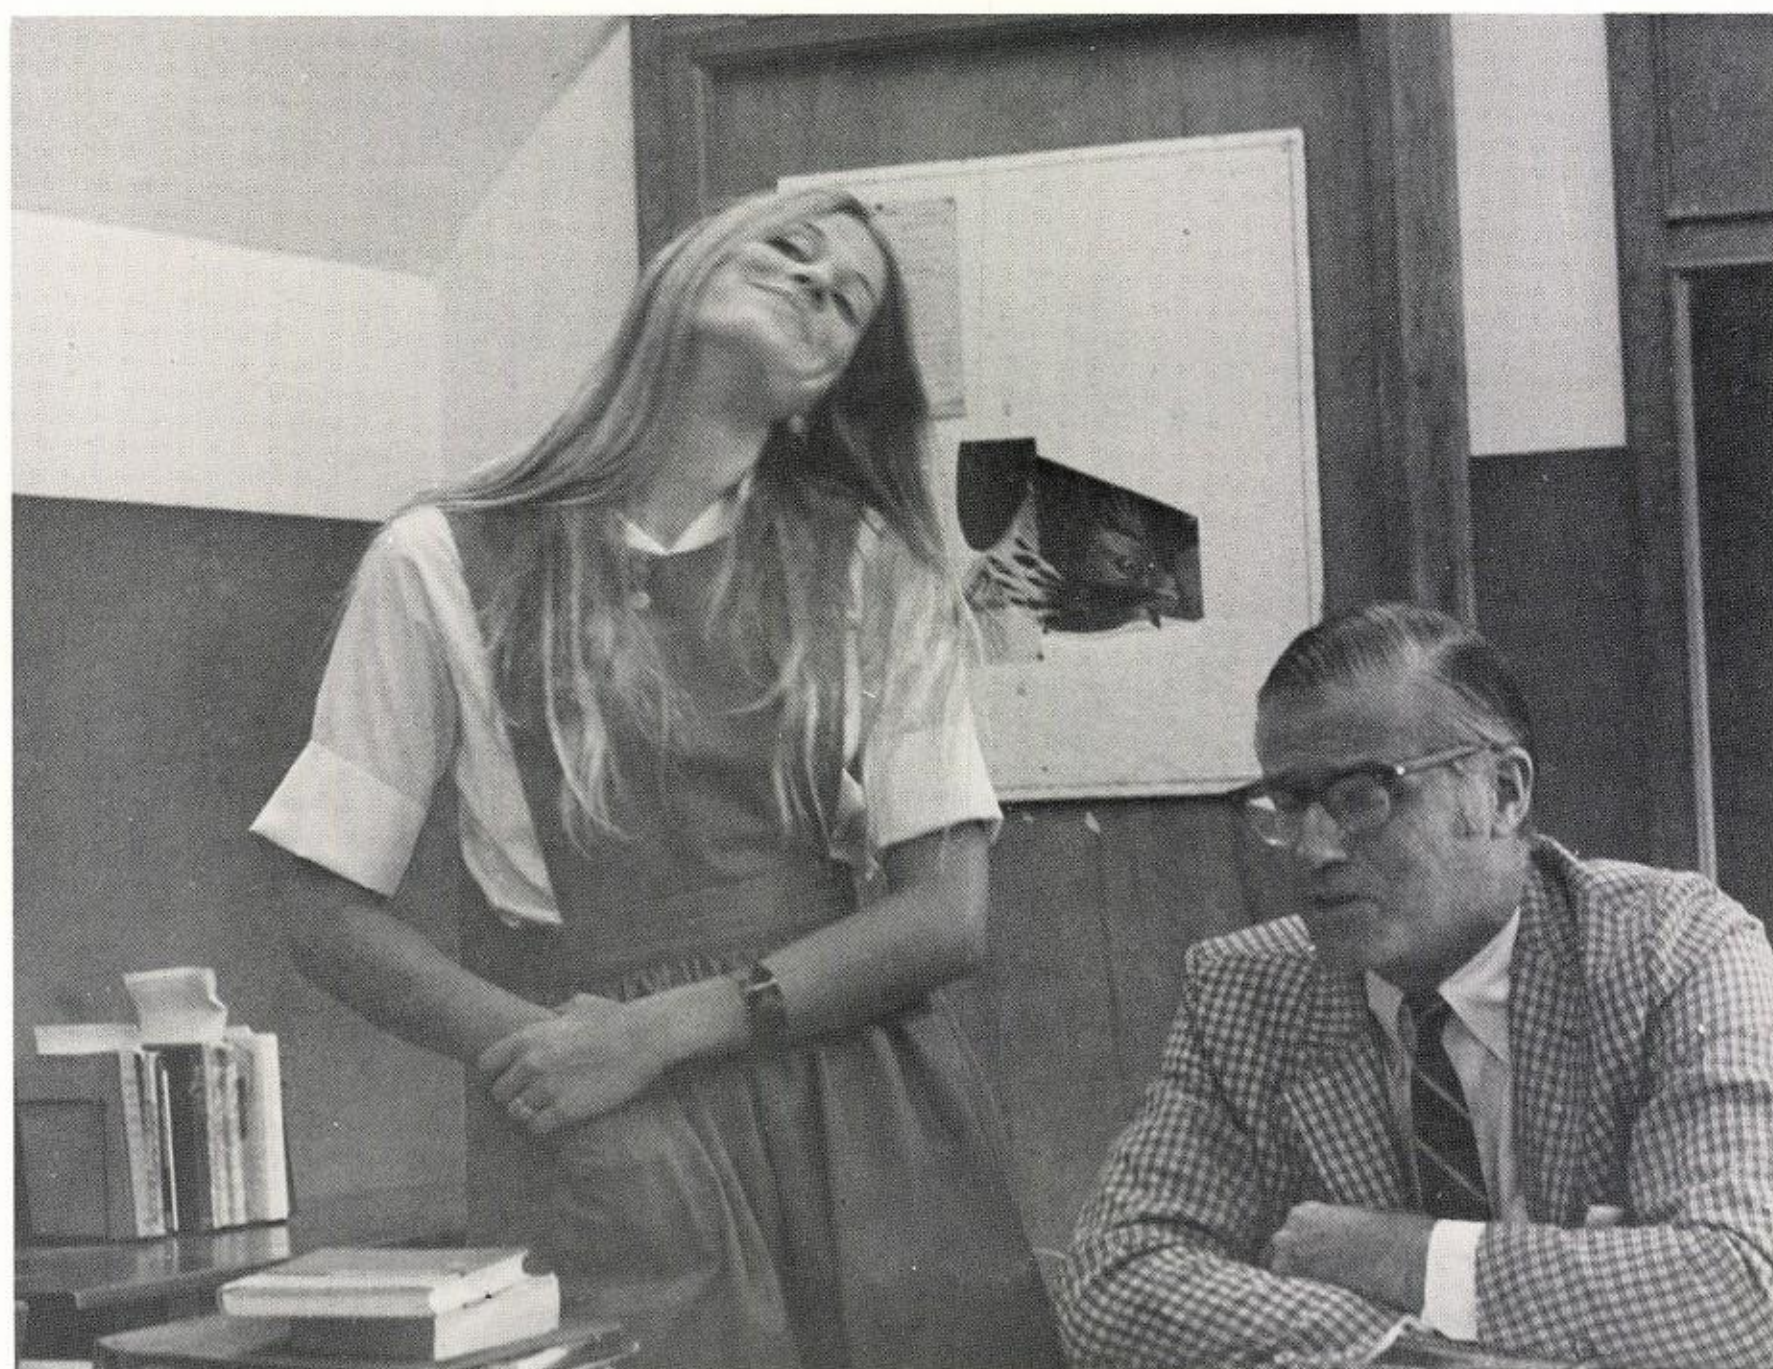

All experience is for joy or for learning

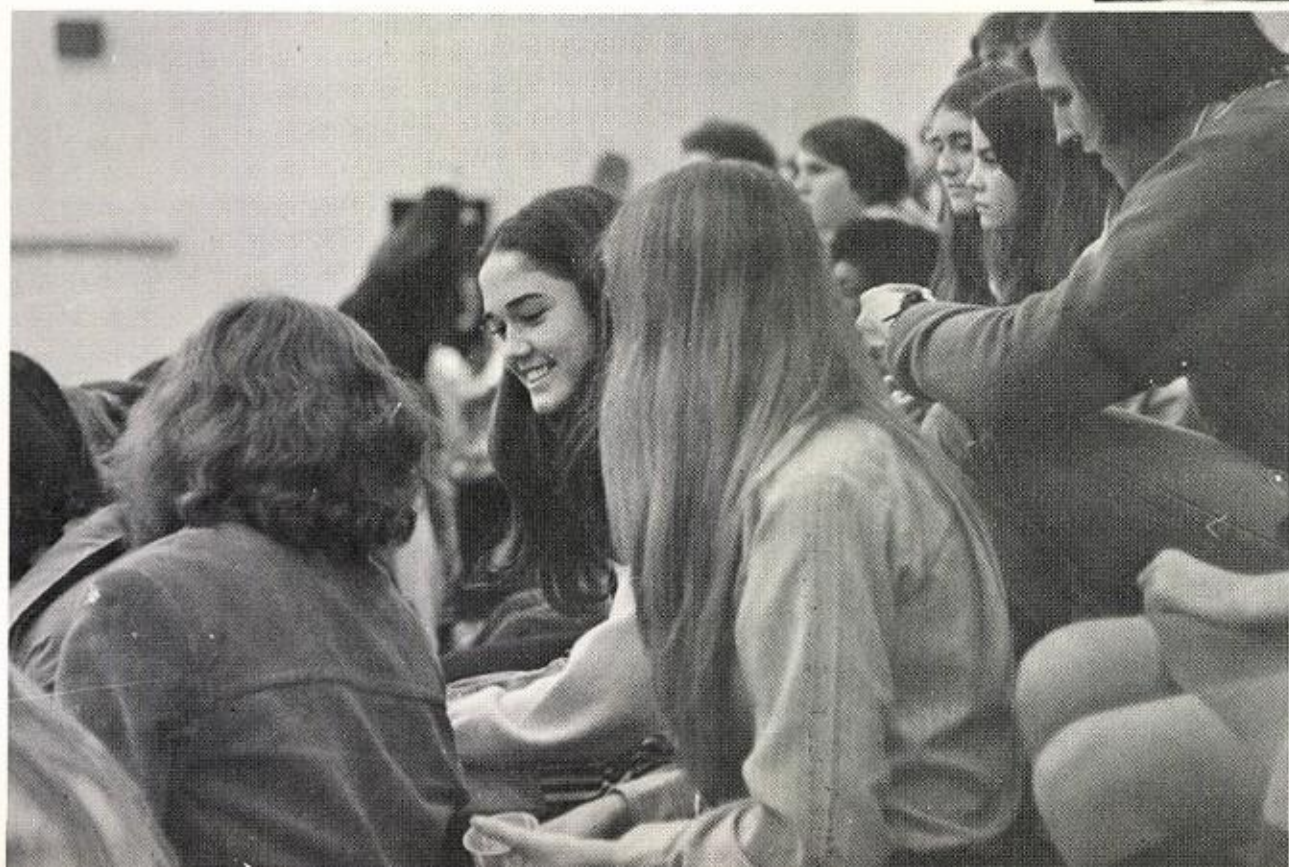

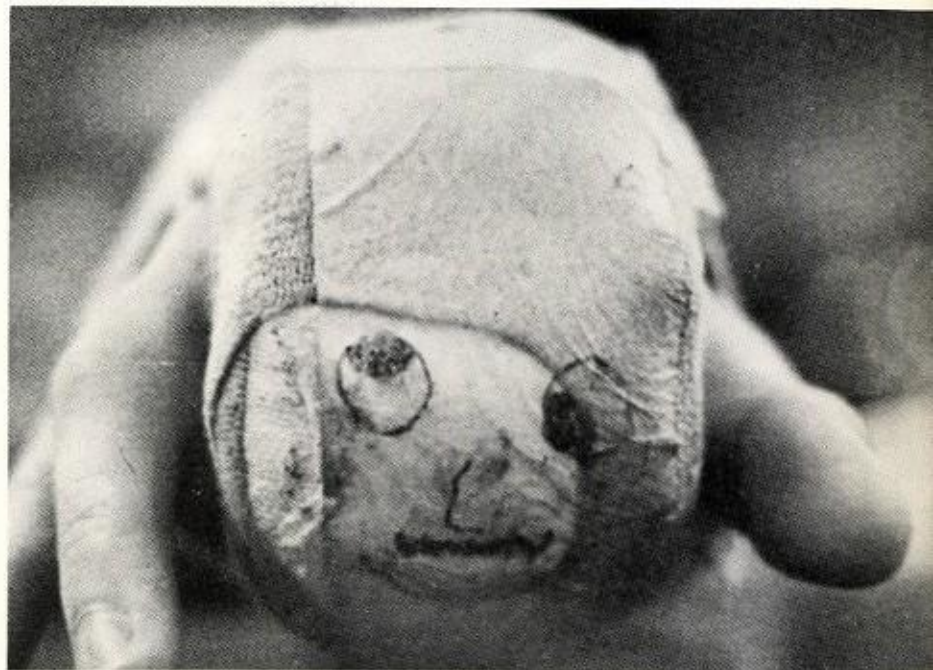

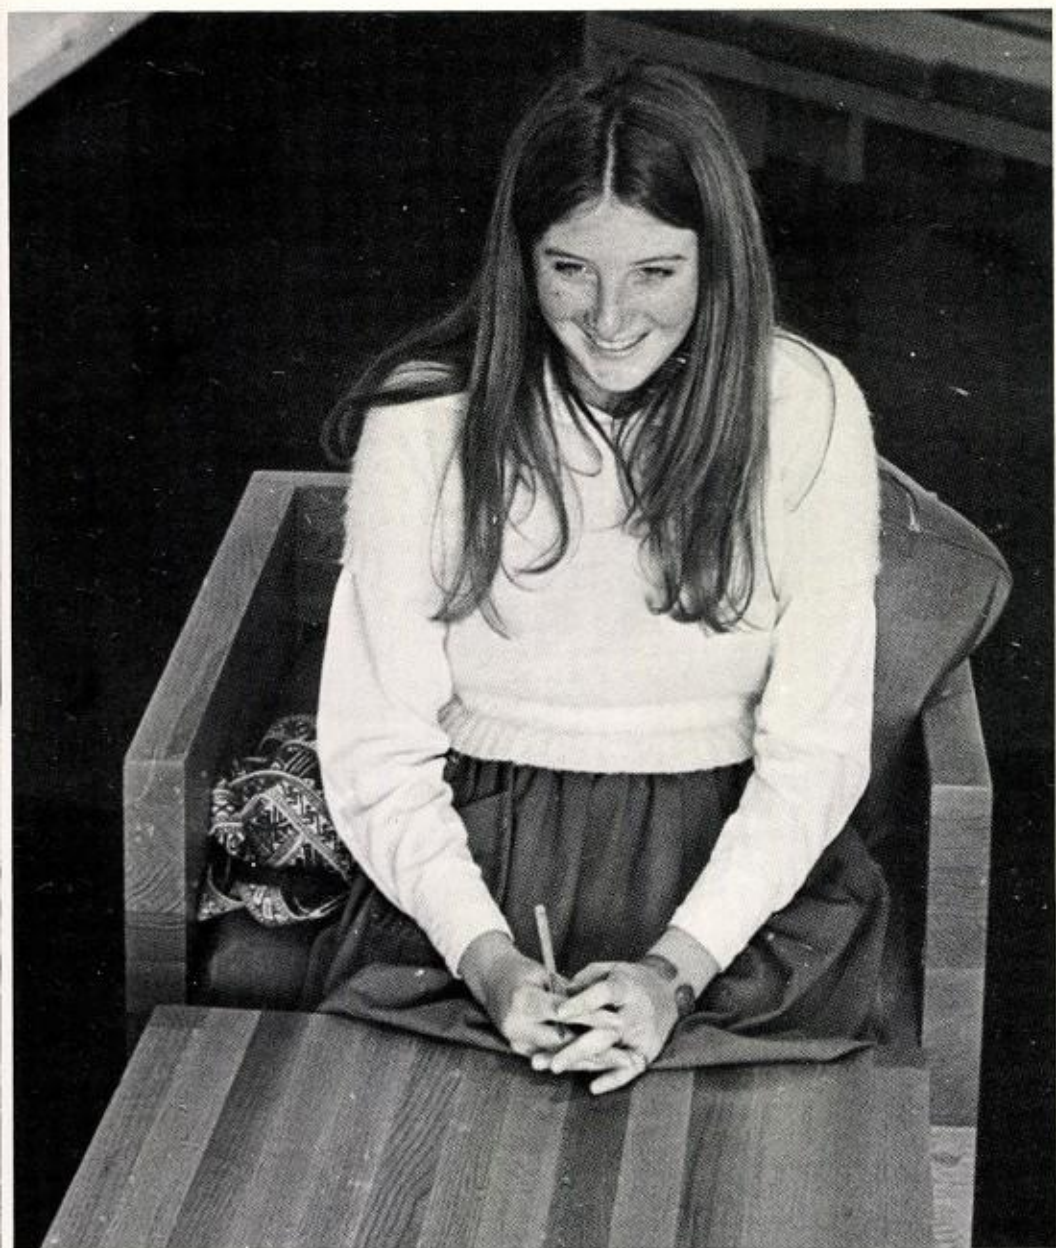

A TIME TO LAUGH
A TIME TO WEEP

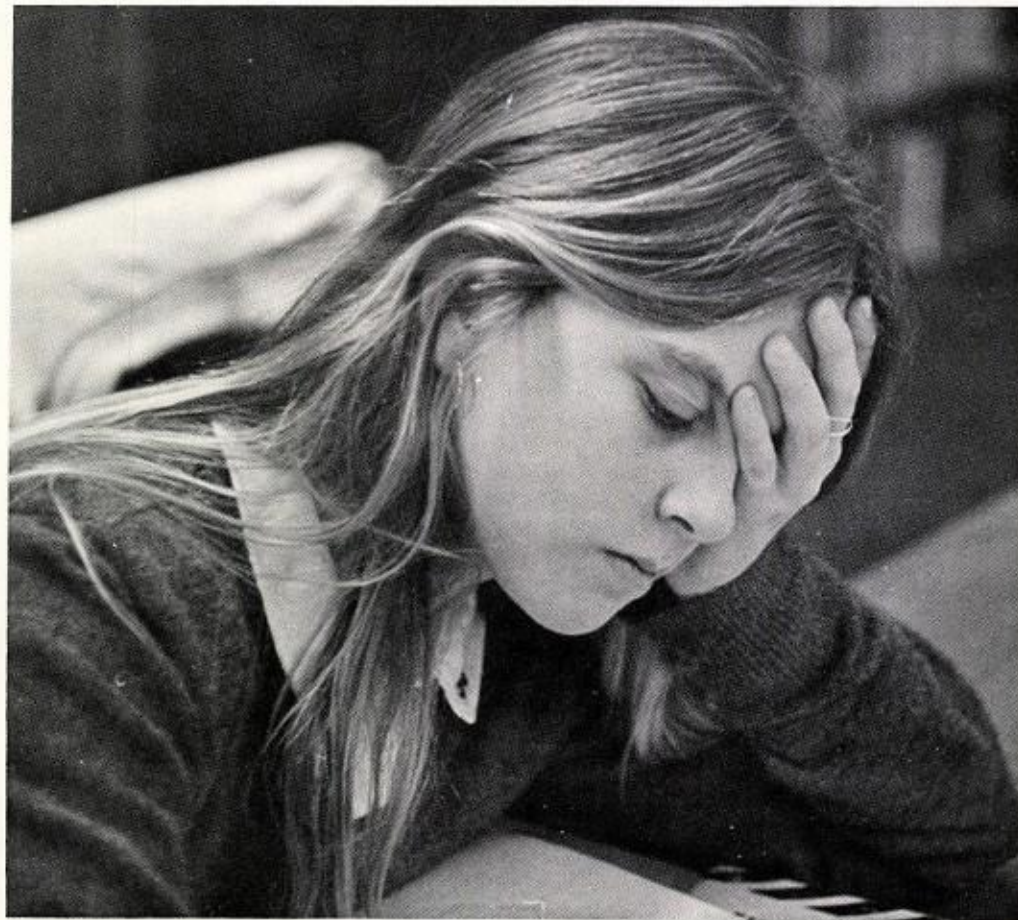

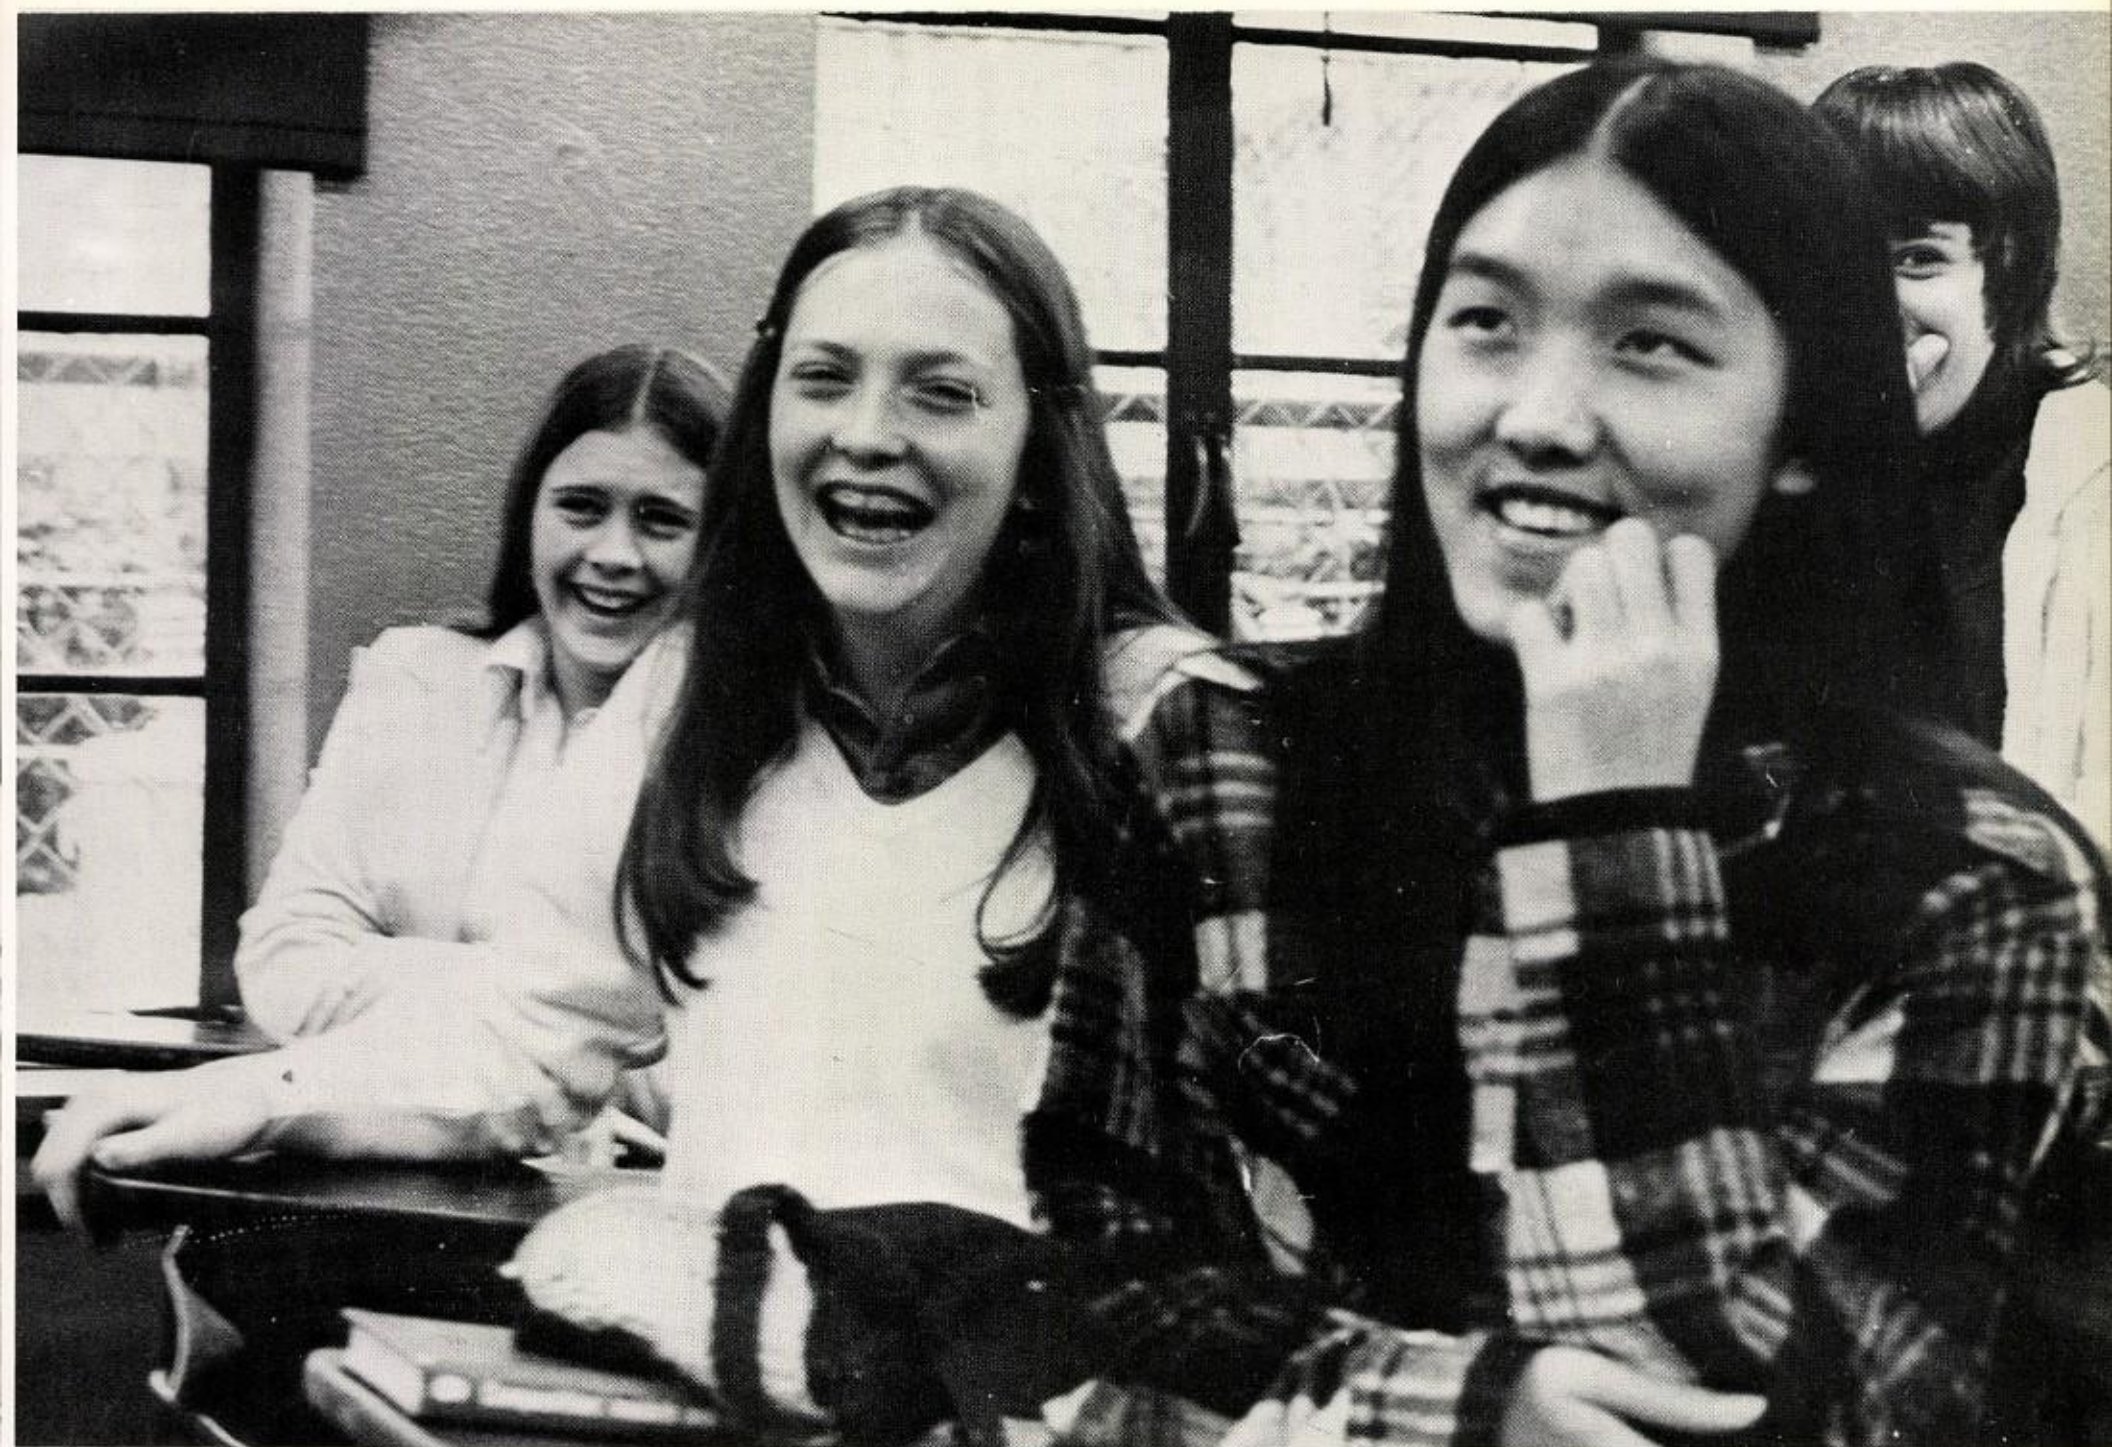

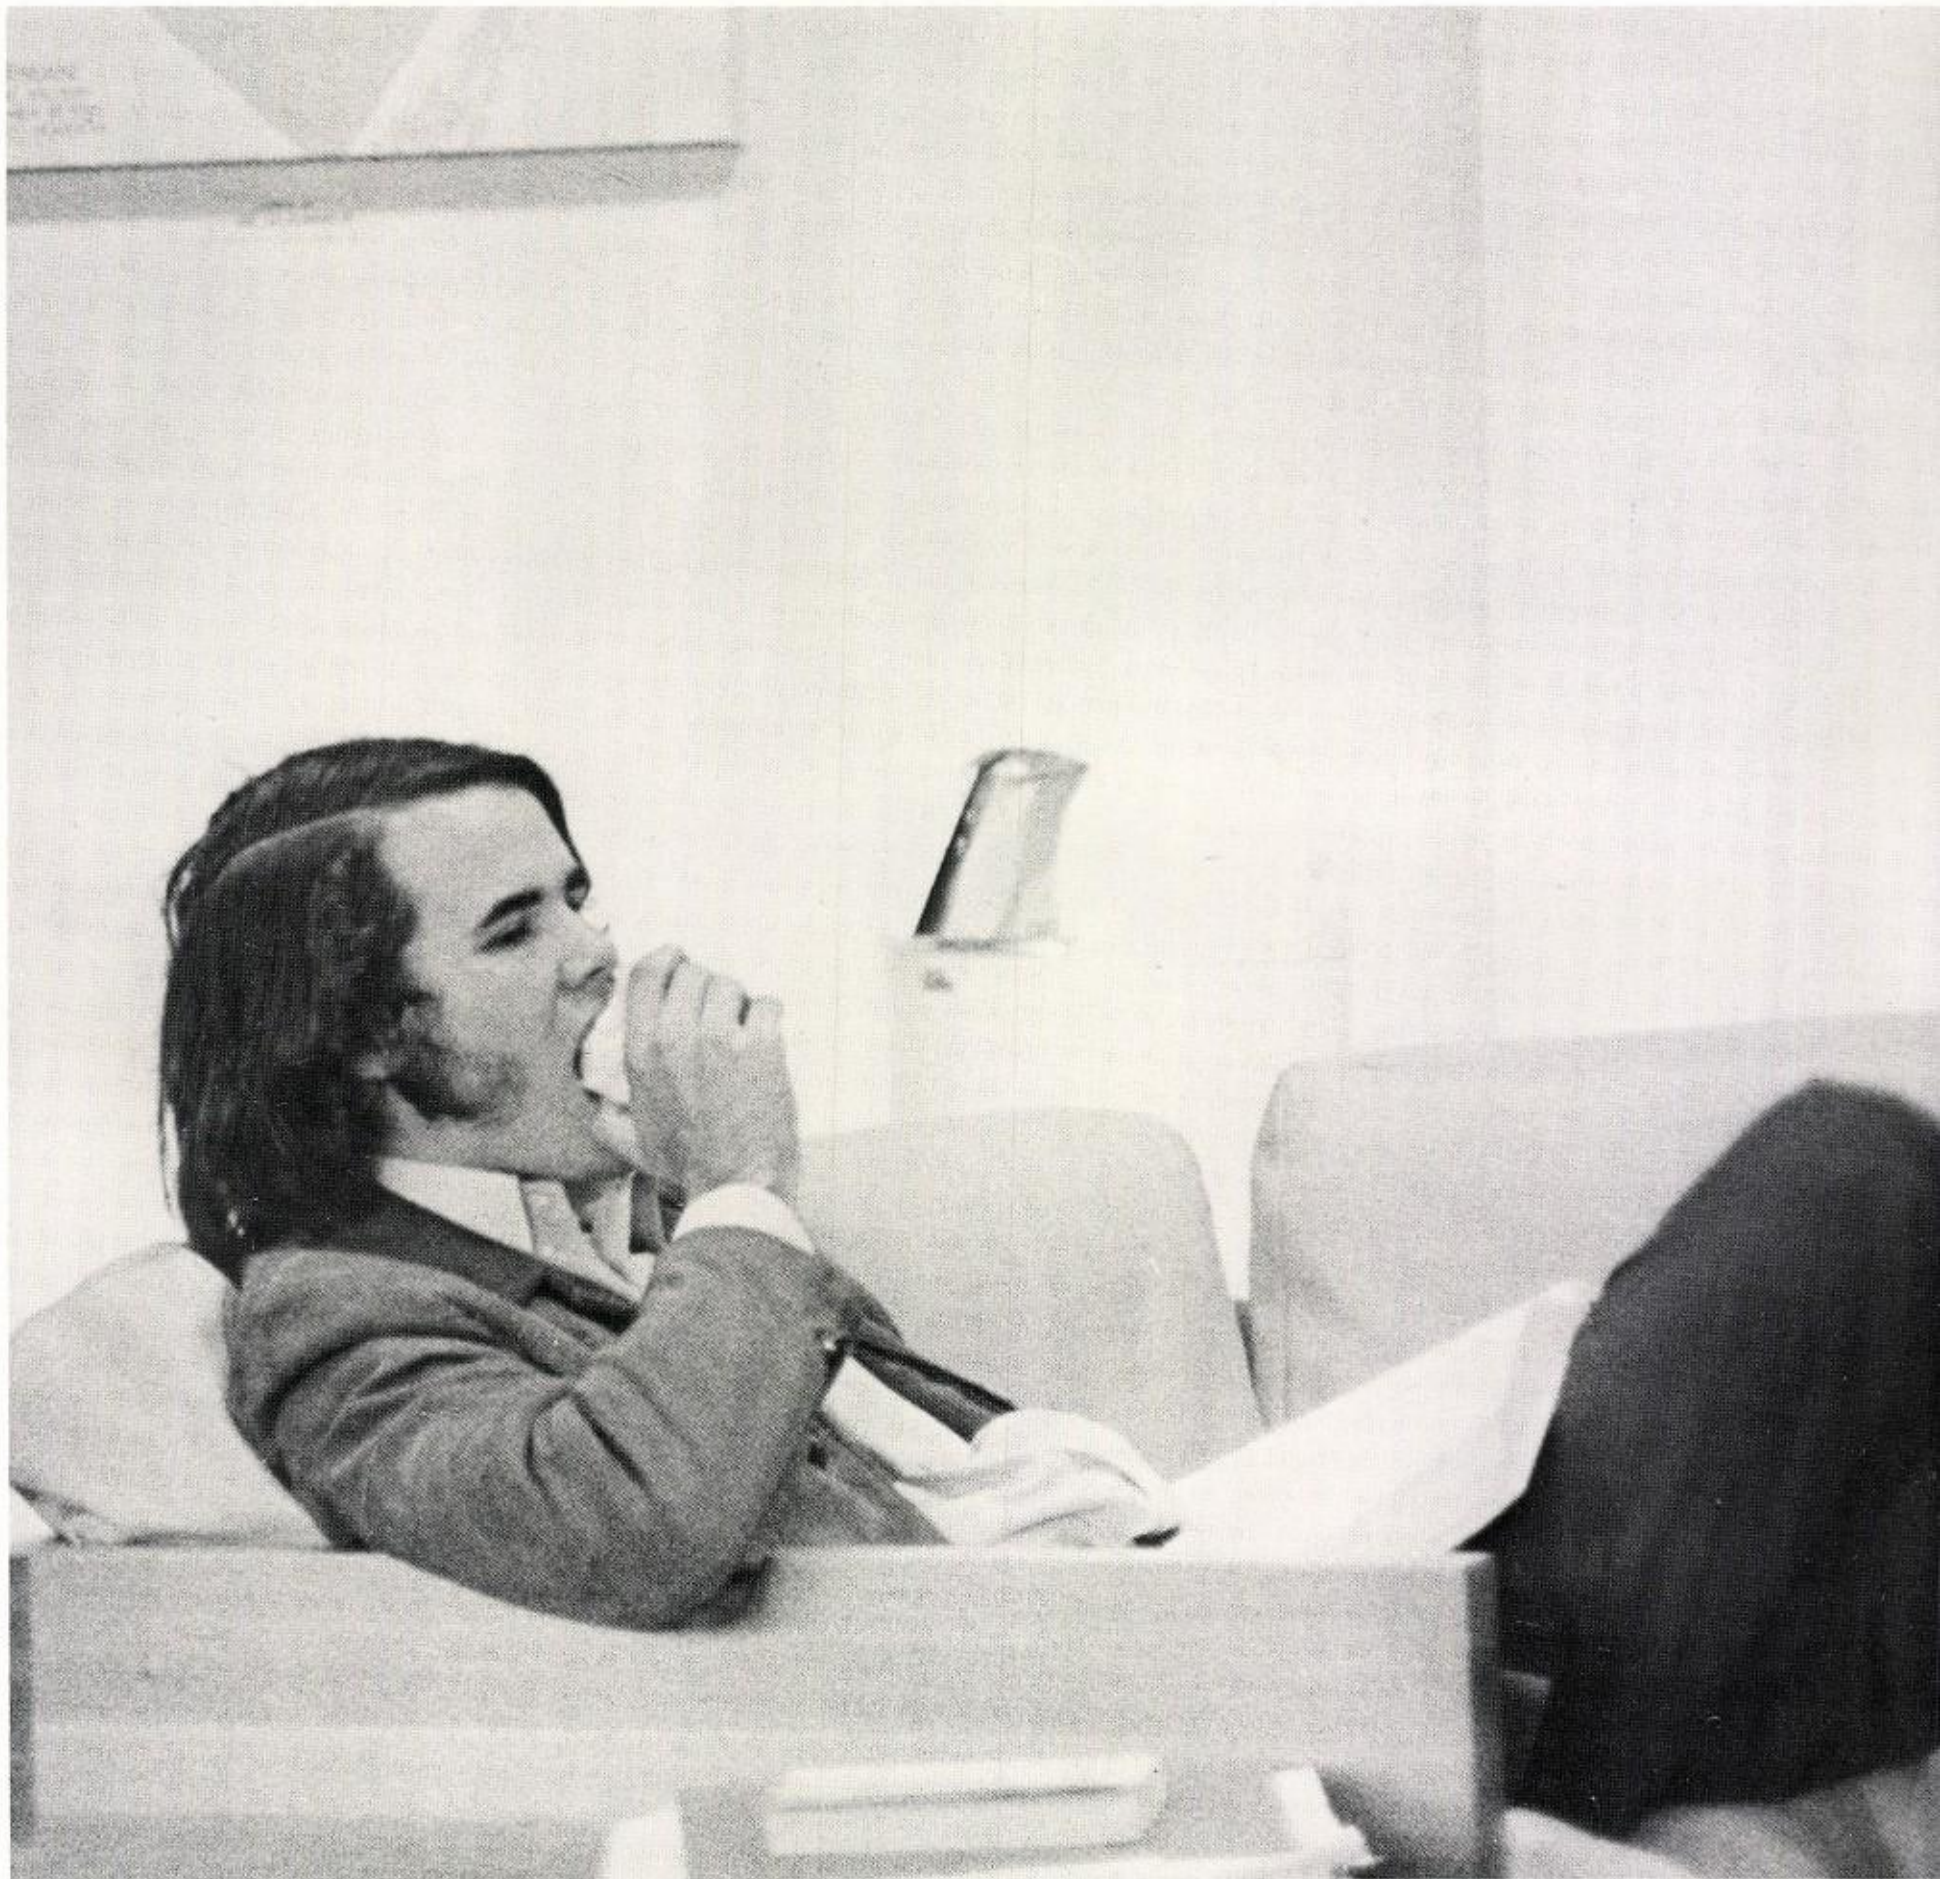

*We are what we pretend to be,
So we must be careful
about what we pretend to be.*

Kurt Vonnegut, Jr.

A TIME TO EAT
A TIME TO REFRAIN

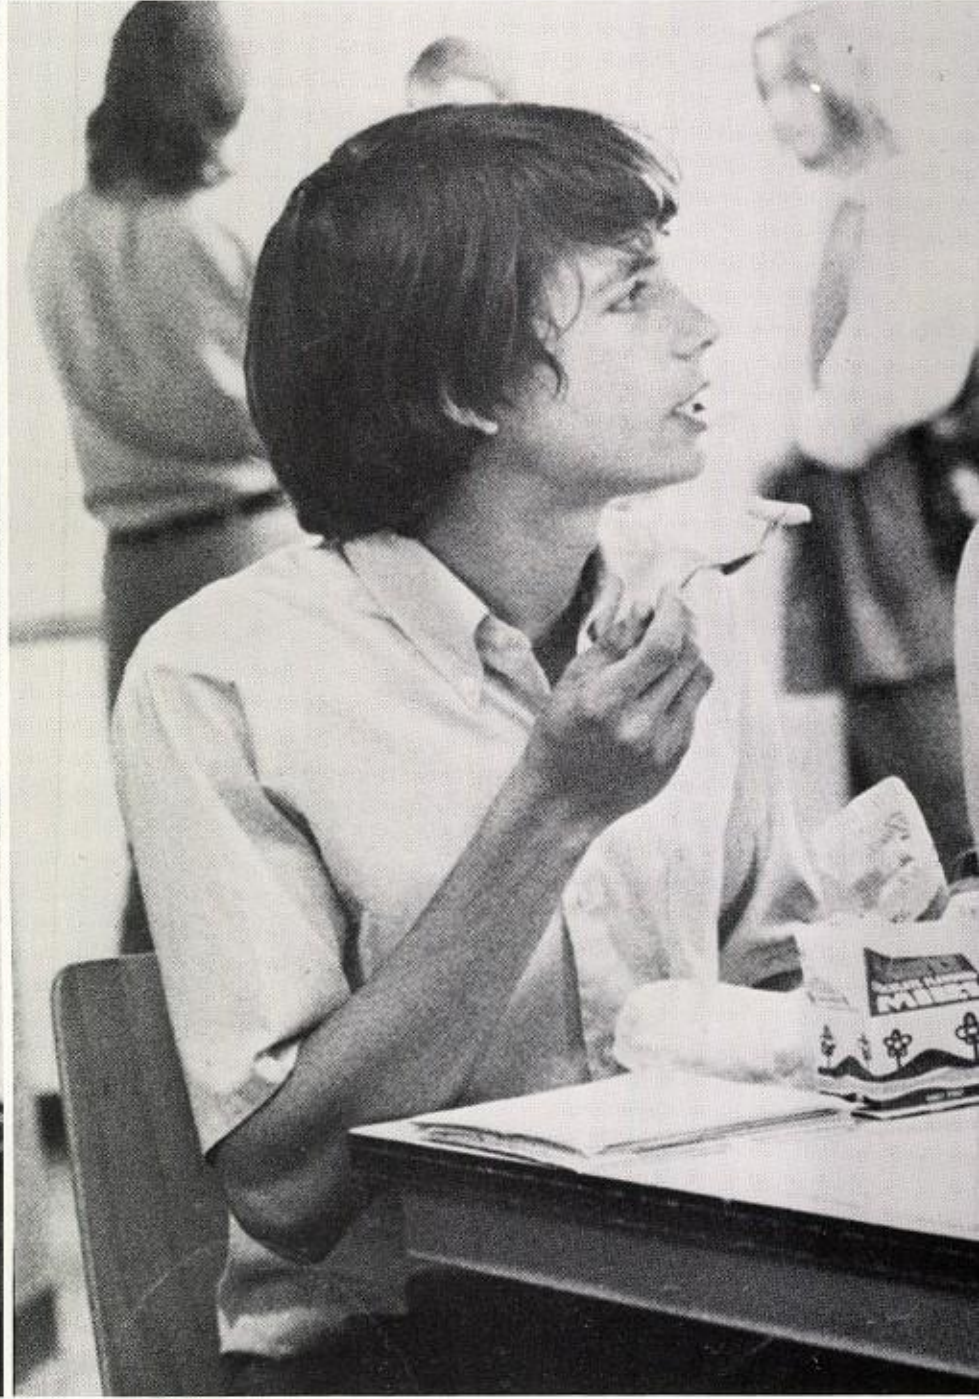

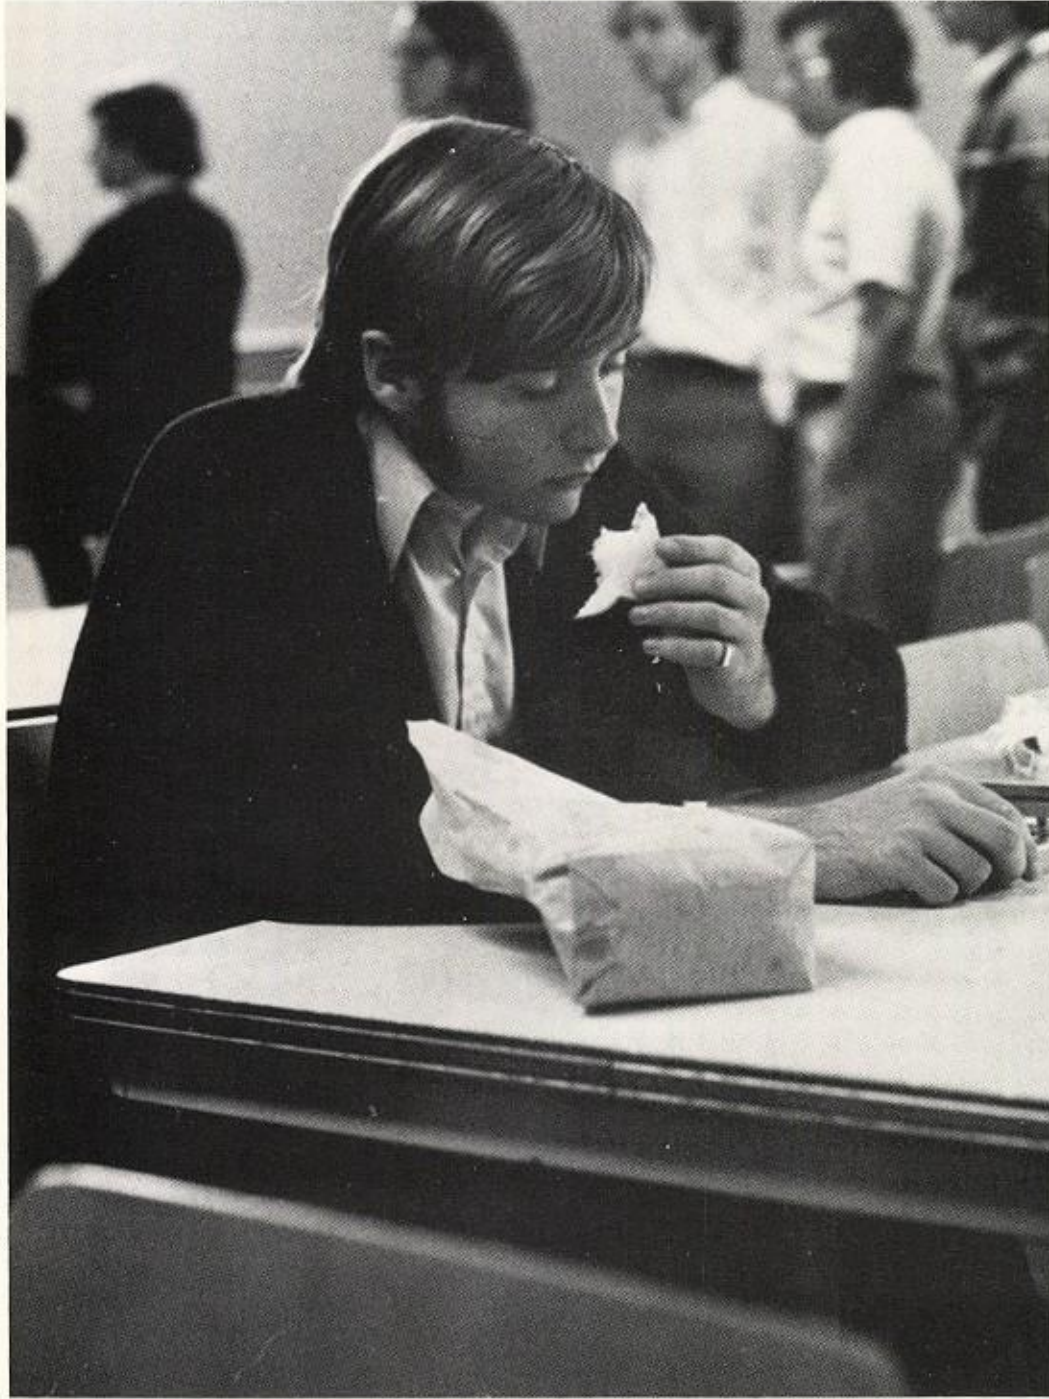

*Brown paper bags crinkle in the corridor
Orange peanut butter and apples mix fragrances
With Ritz crackers and hurried conversation.
It is a loud, crunching time, a relief
They hunger for the freedom
as much as food*

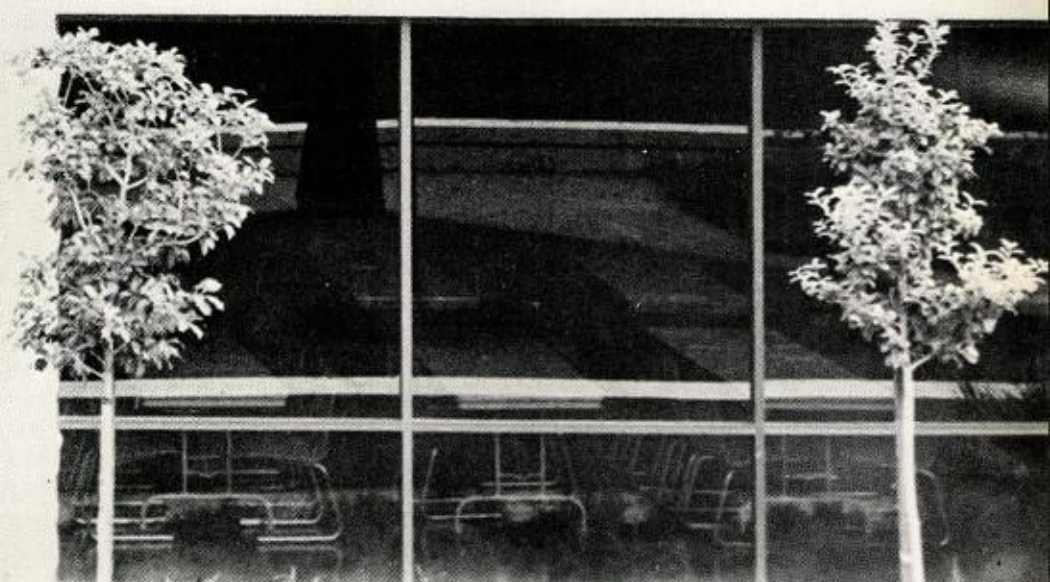

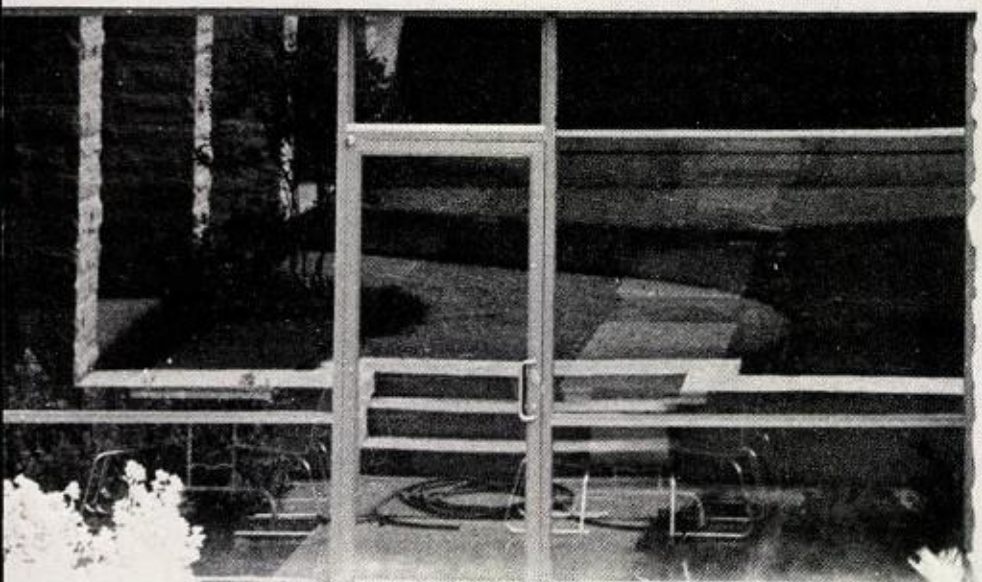

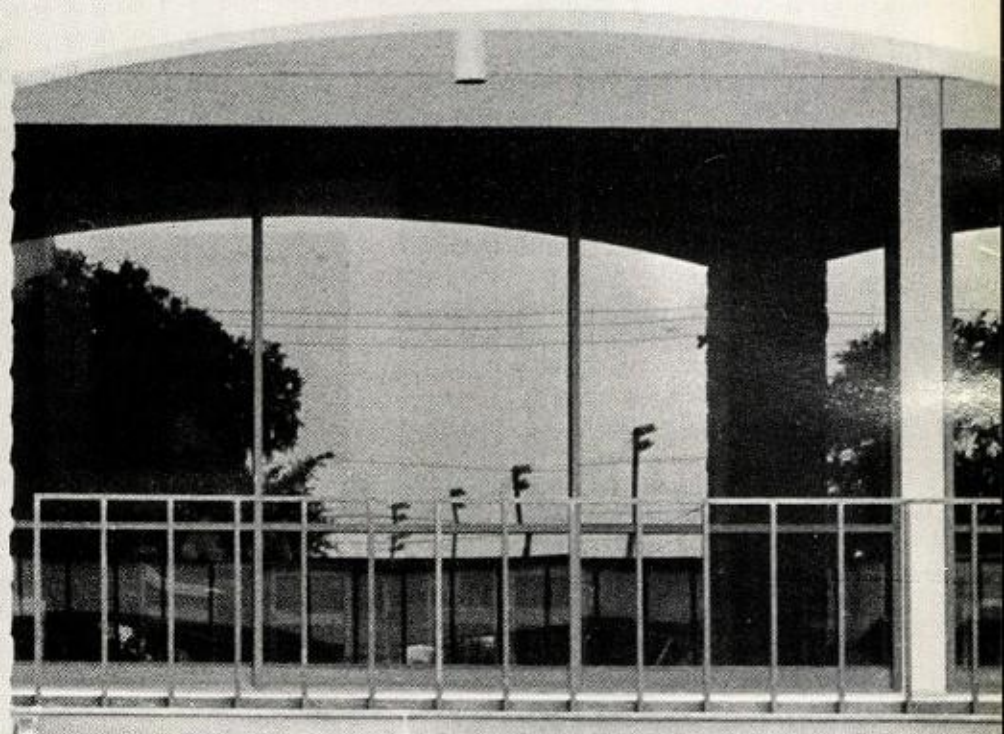

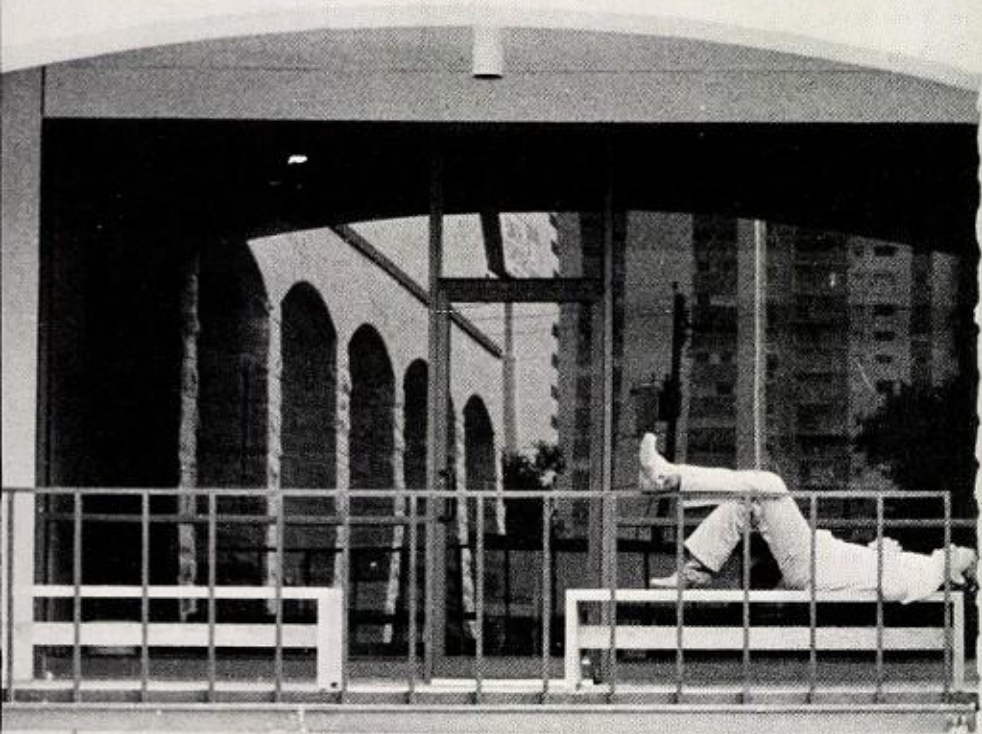

*Words are the crisp crust
on a loaf of bread*

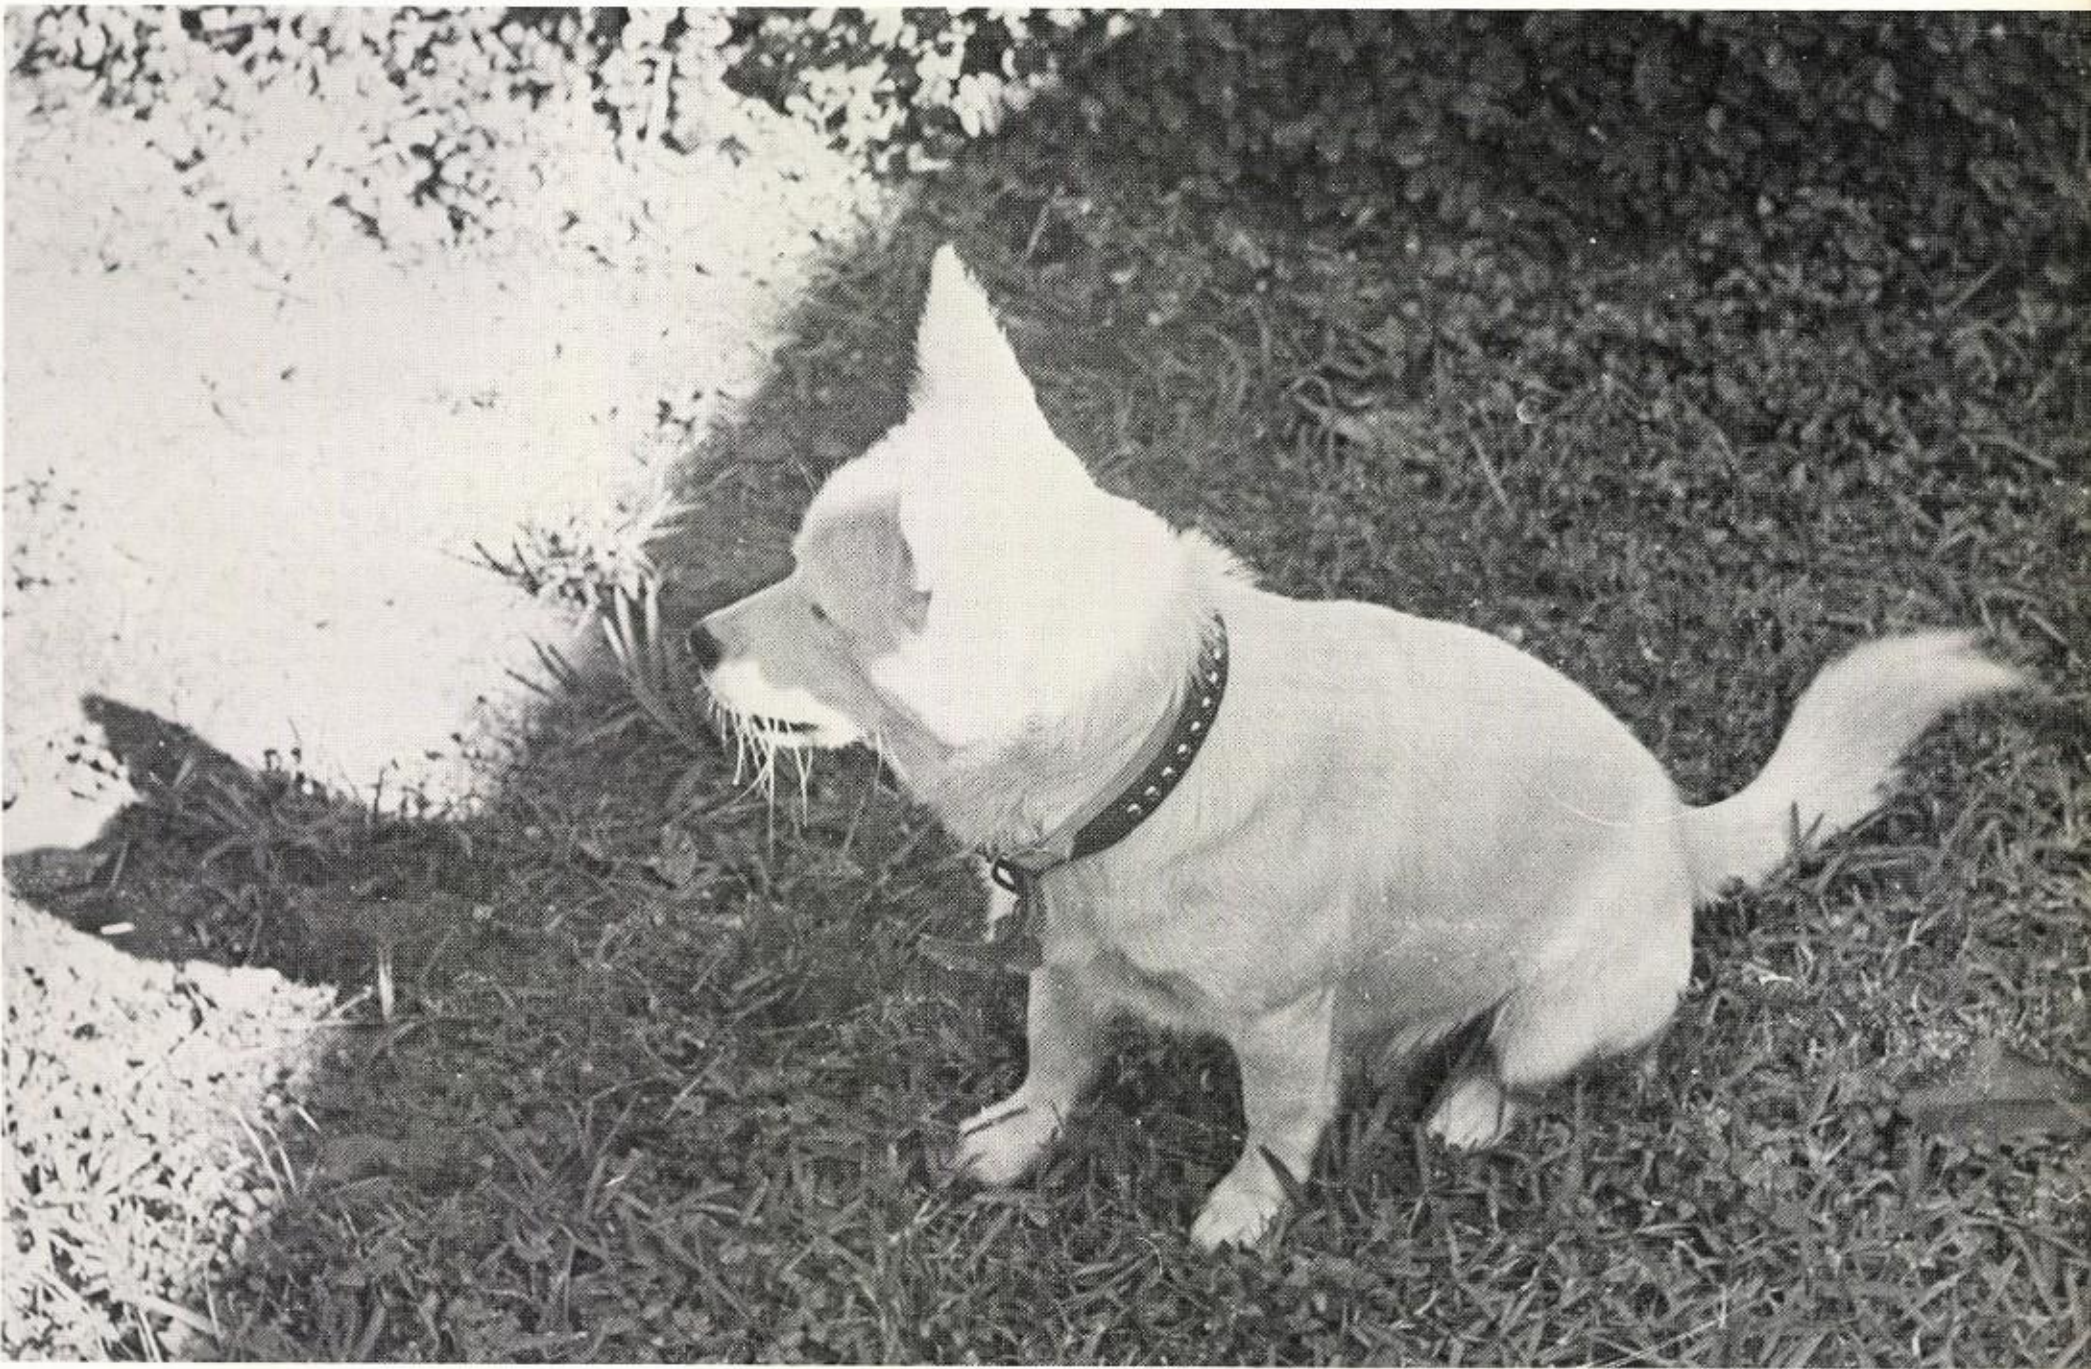

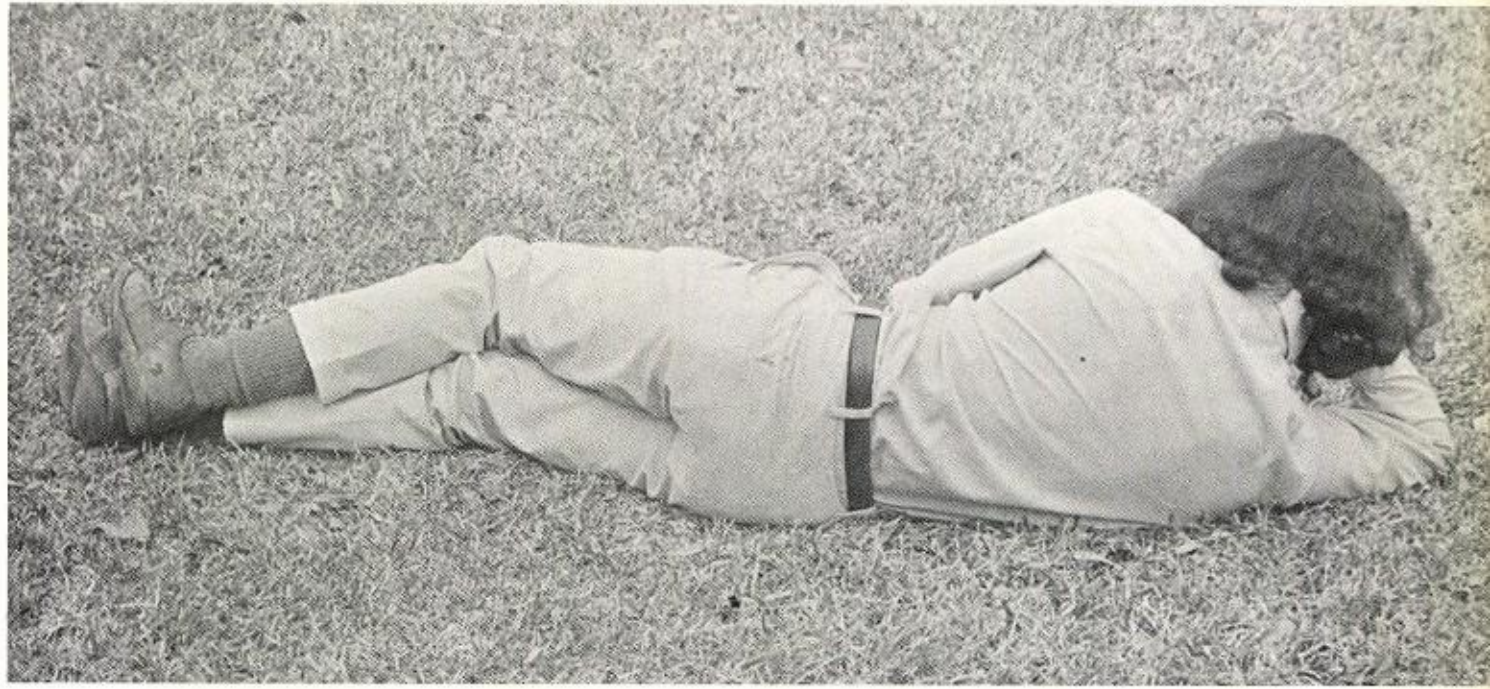

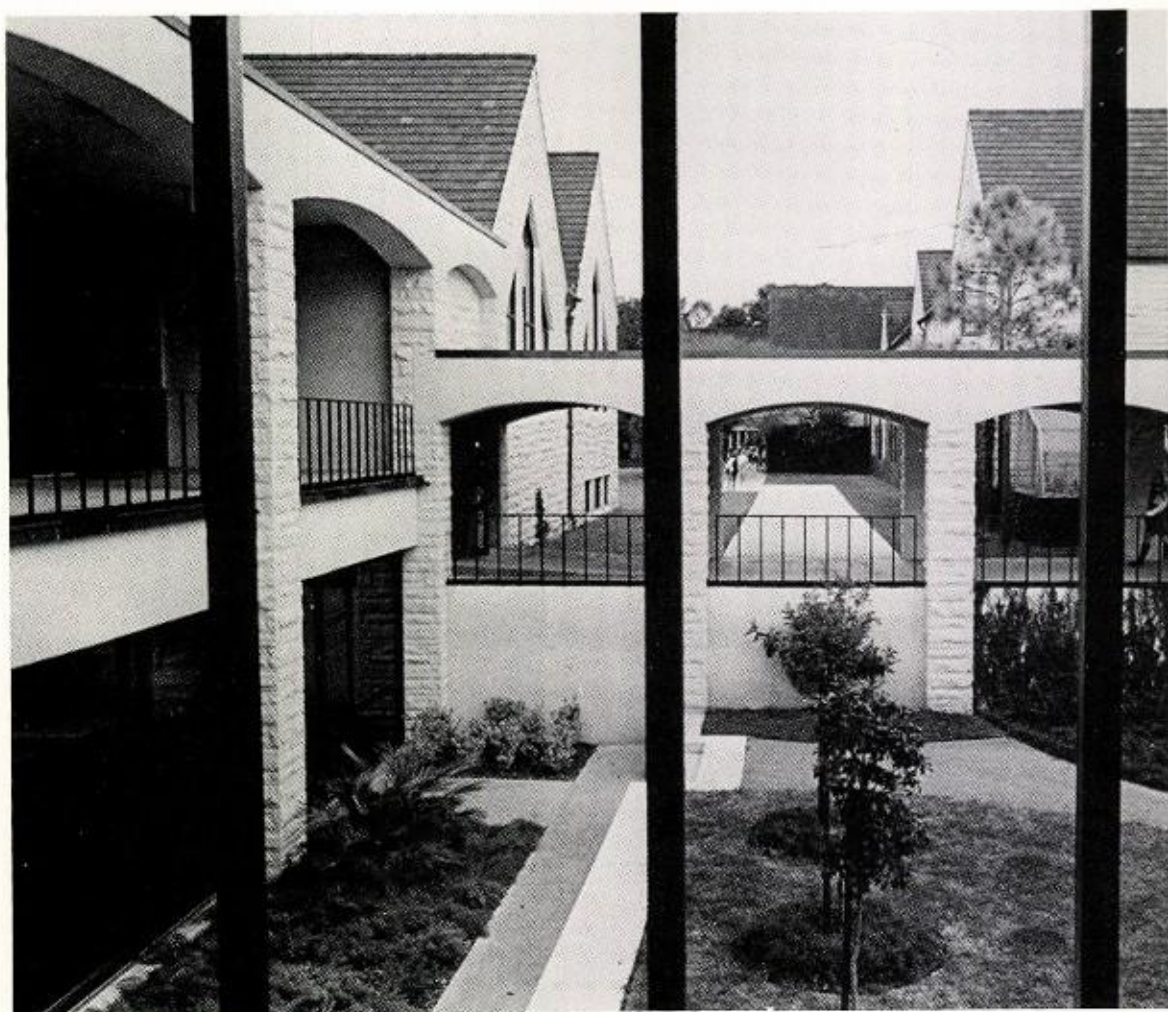

*A TIME TO BE ALONE
A TIME
TO BE WITH FRIENDS*

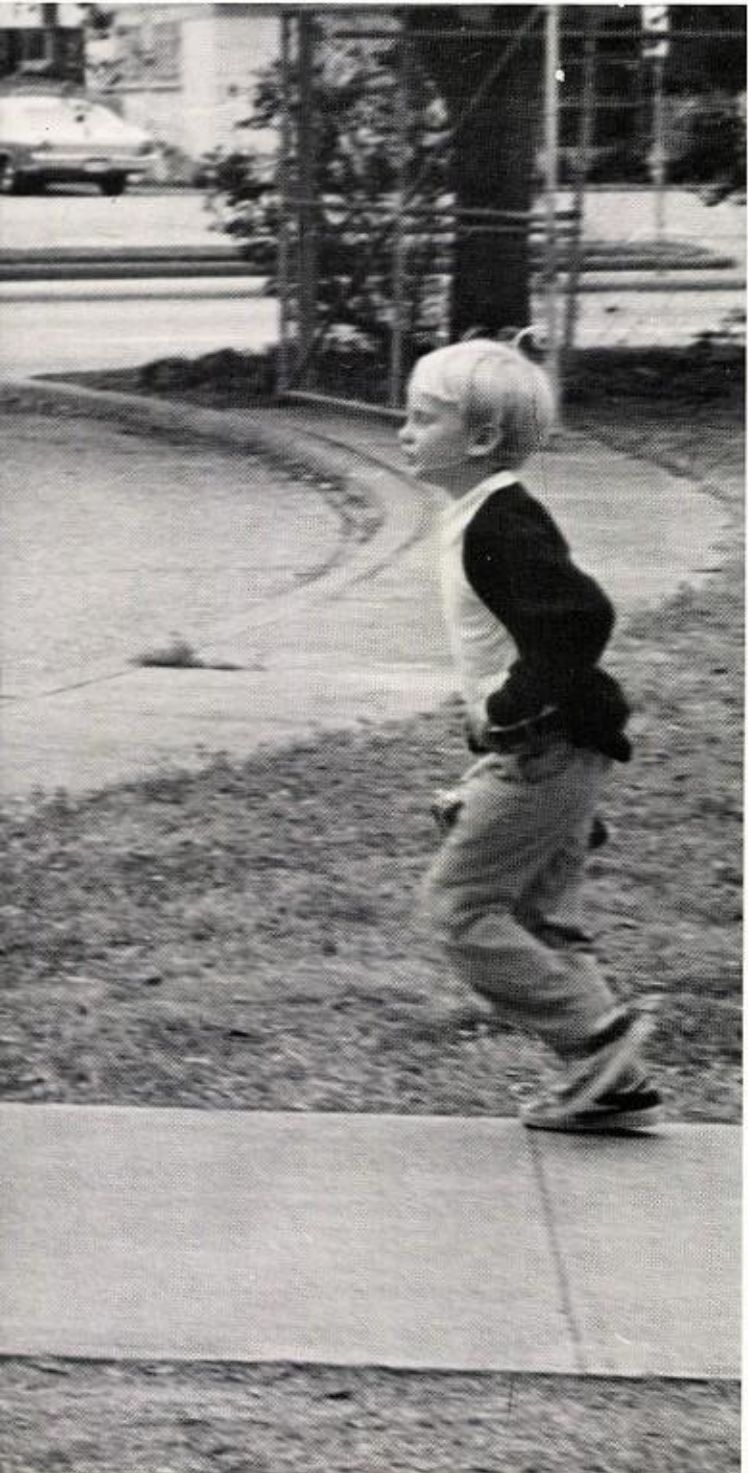

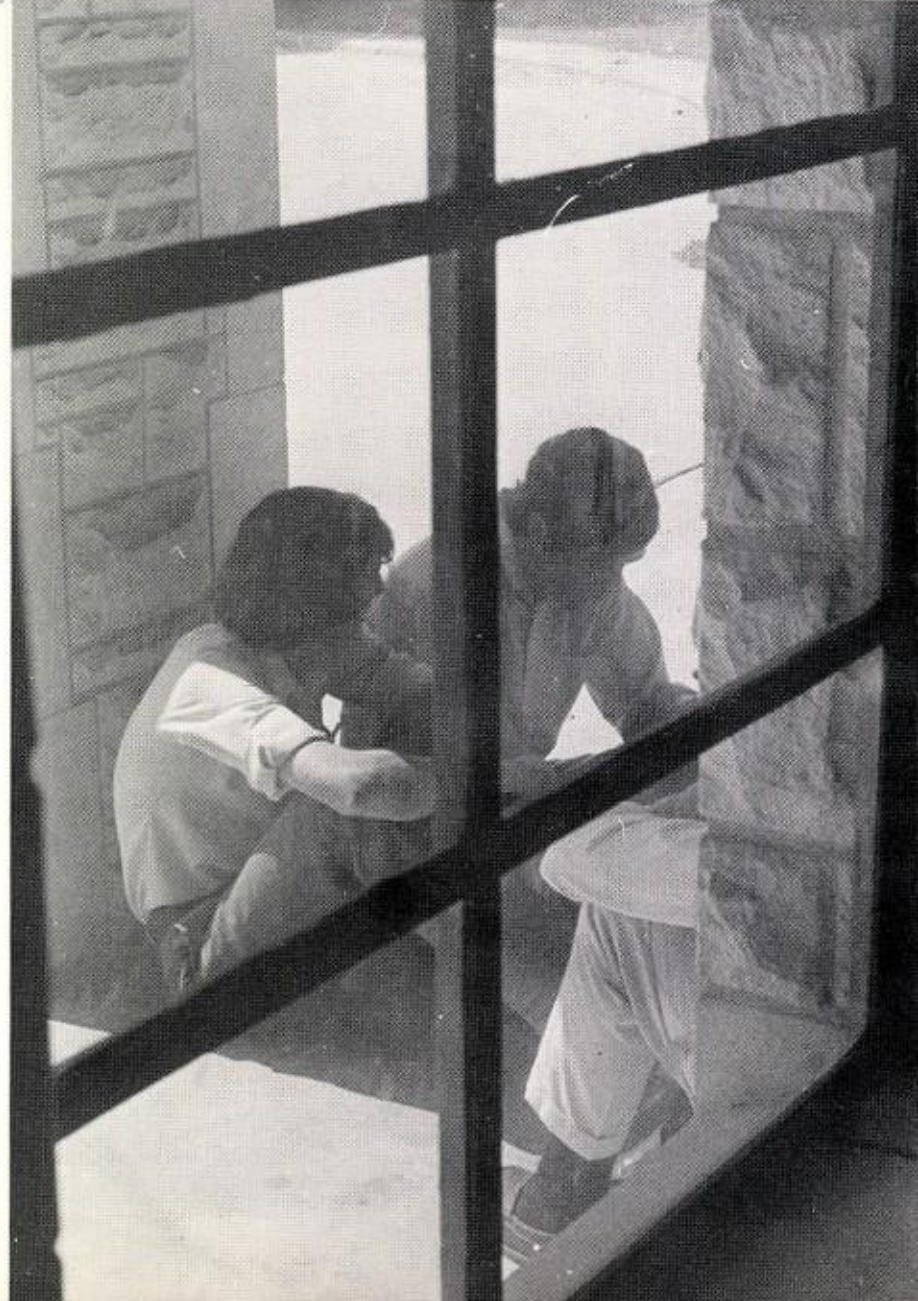

*For them life was a game of recognition.
They looked for answers and found themselves,
not so much in what they said but in how they said it*

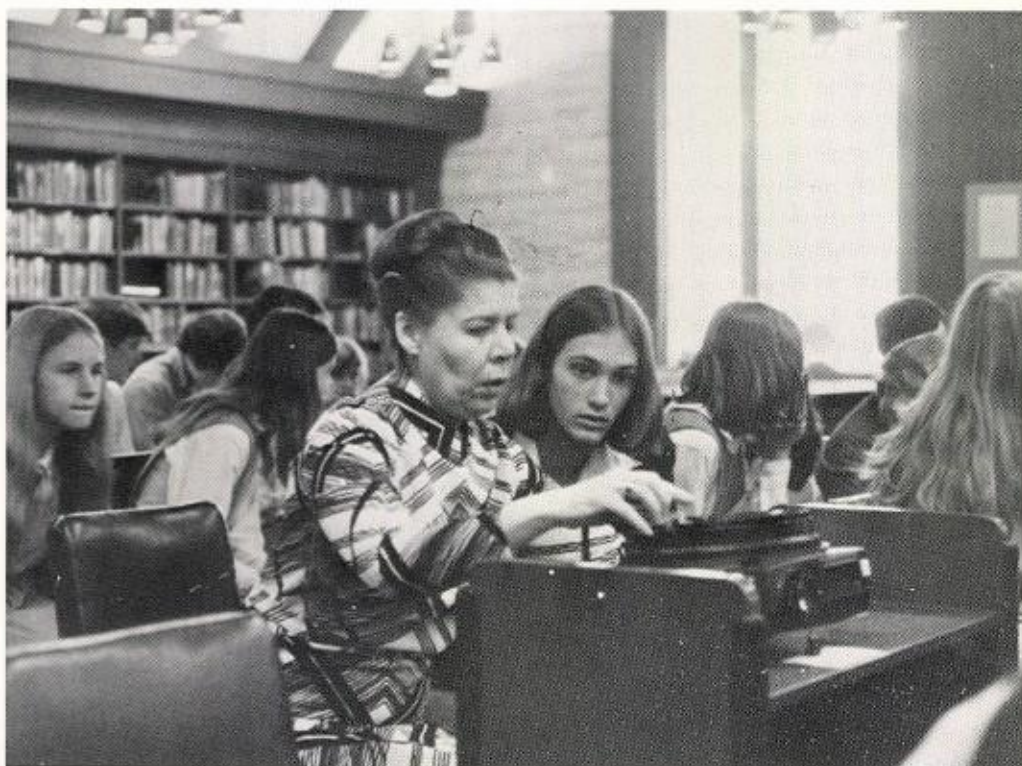

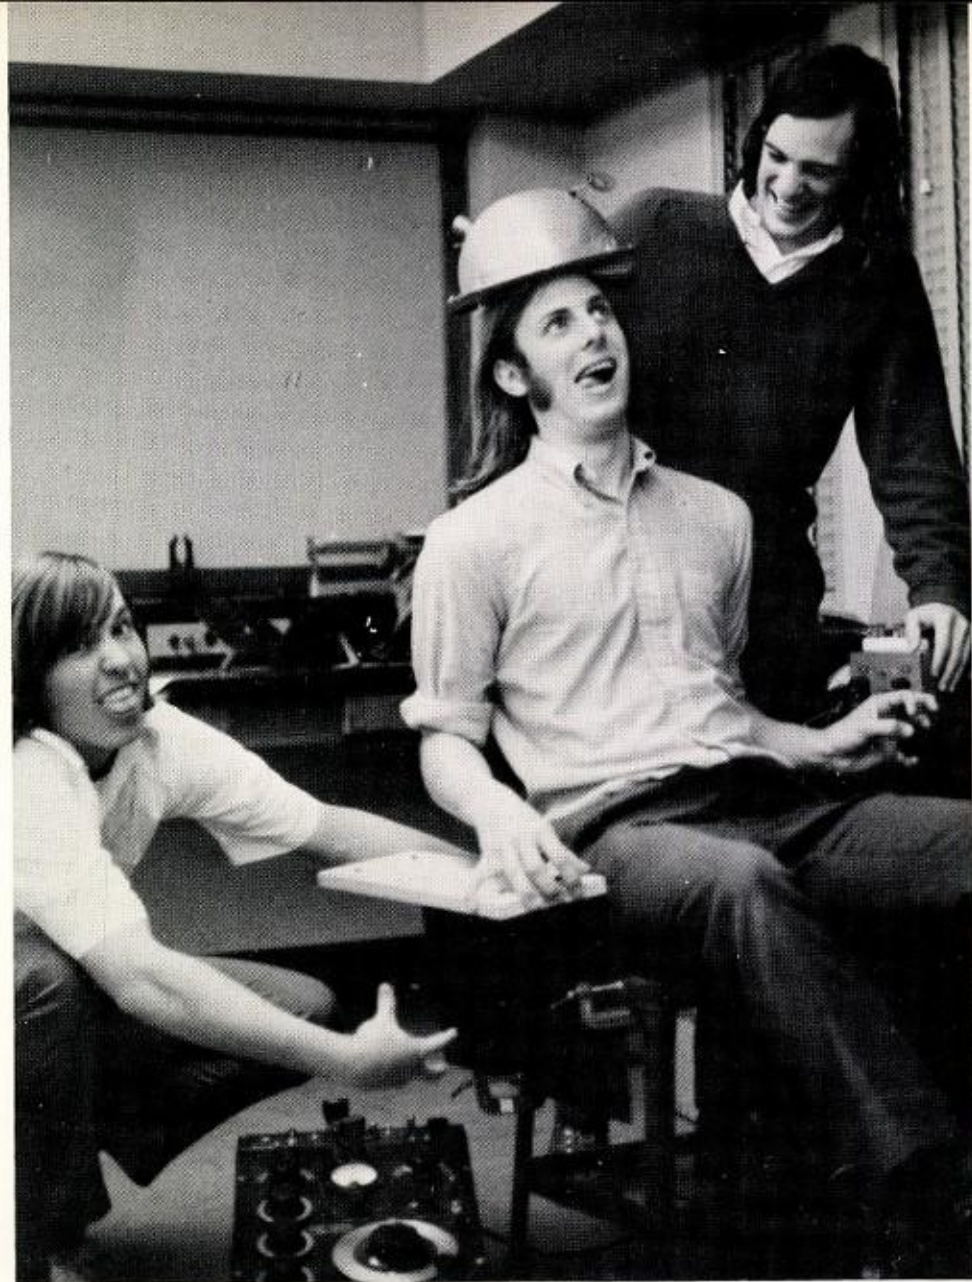

*A TIME TO STAY
WITH THE OLD*

*A TIME TO TRY
THE NEW*

*Friends are like the warm
blue sea;
they splash laughter
into your eyes*

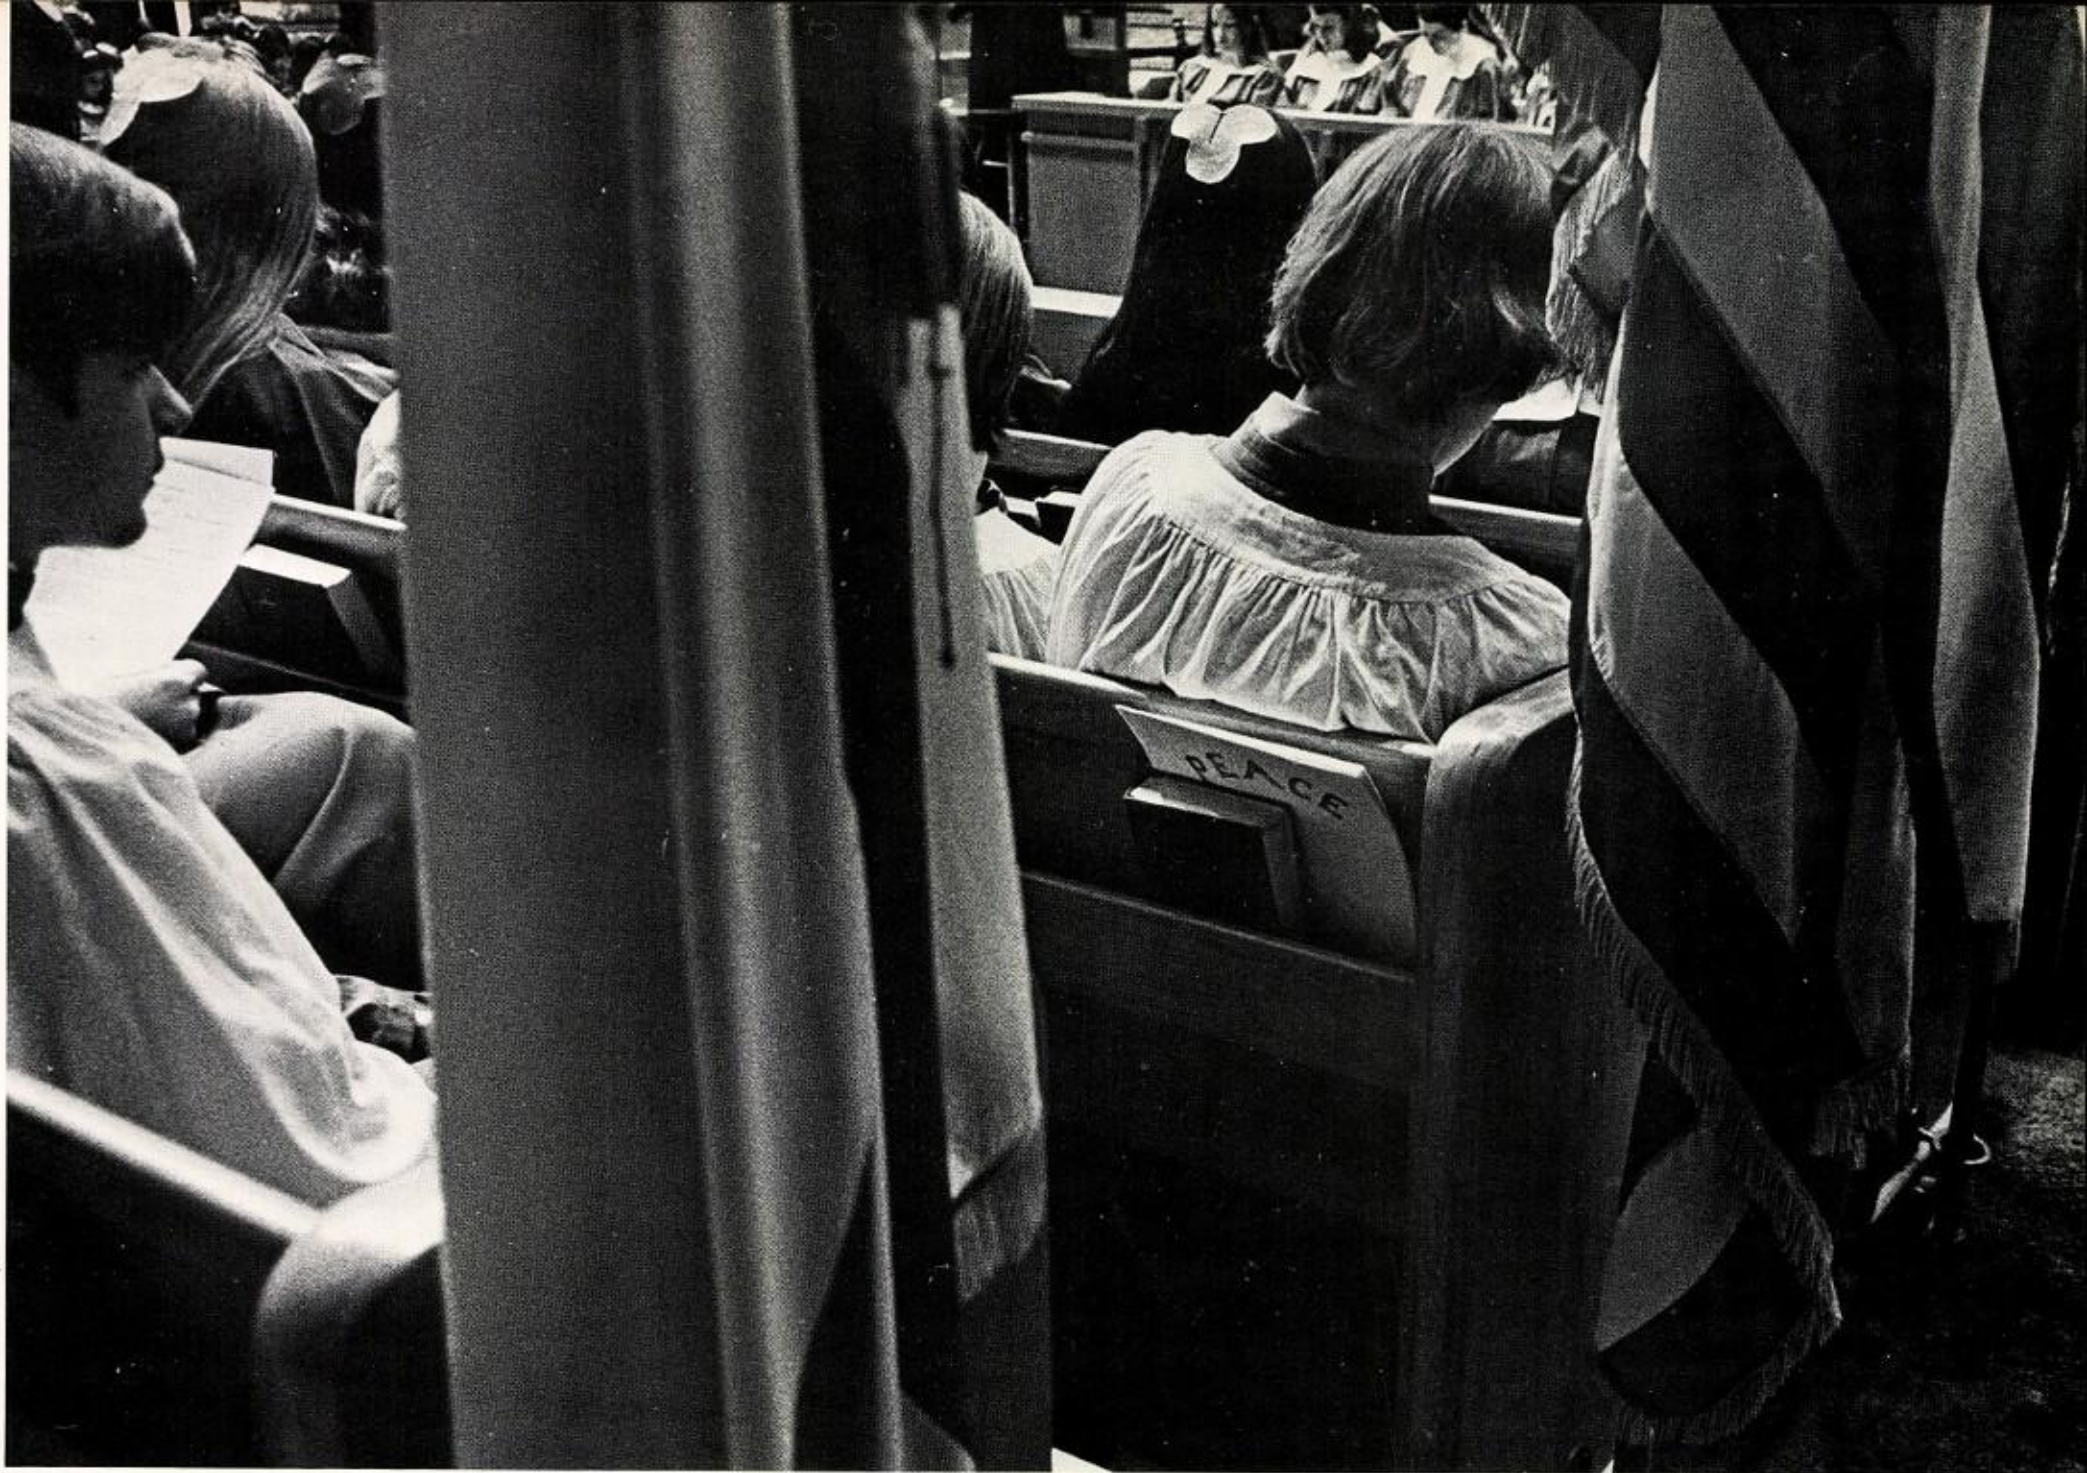

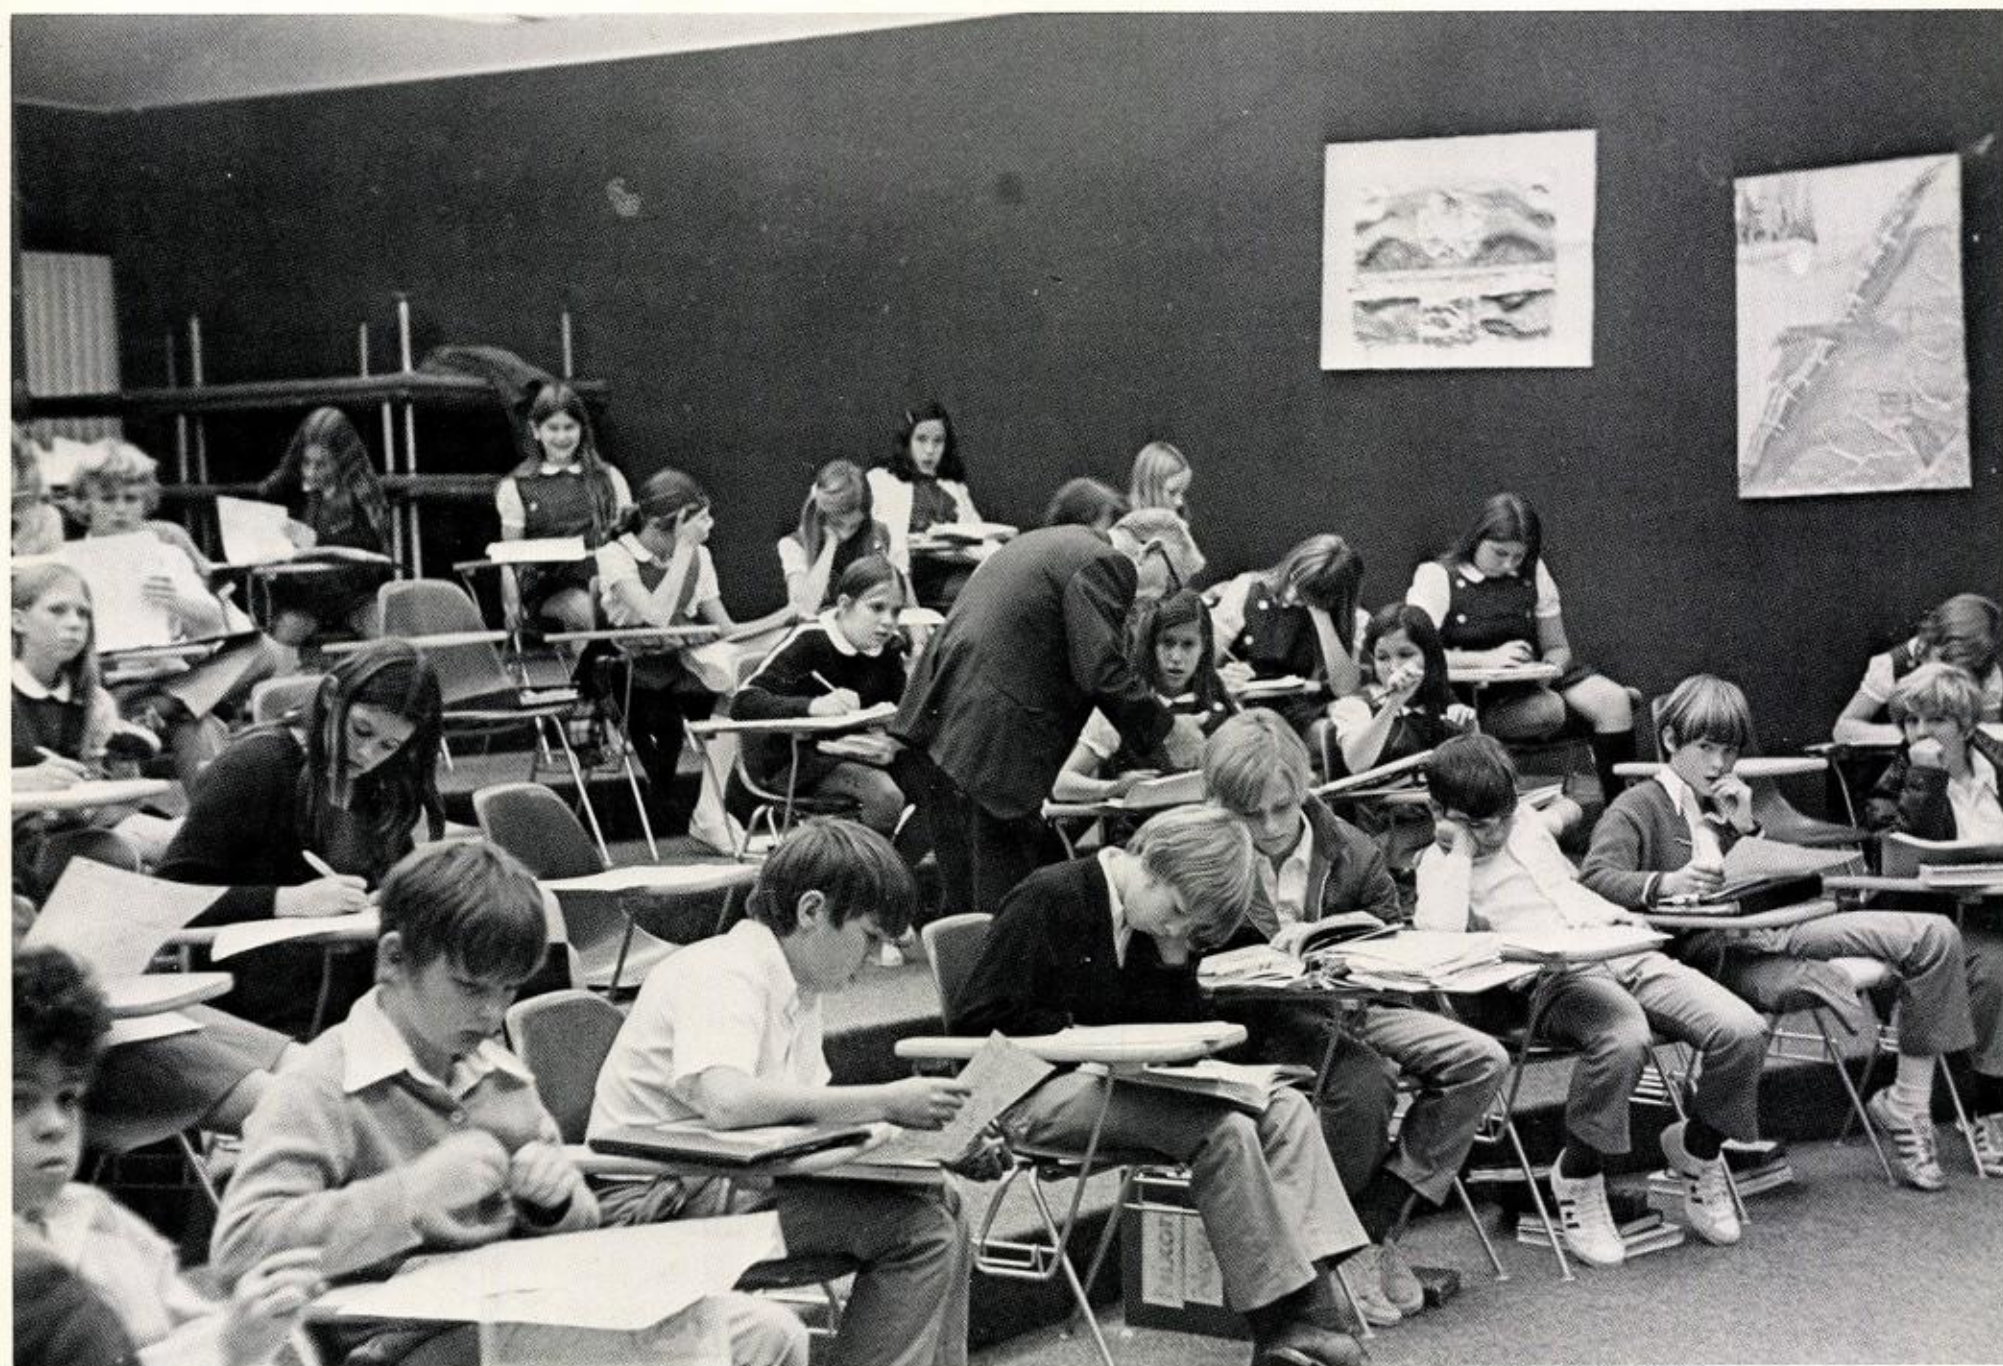

*"Time is a sort of river of
passing events, and strong is
its current; no sooner is a
thing brought to sight than it
is swept by and another
takes its place, and this too
will be swept away."*

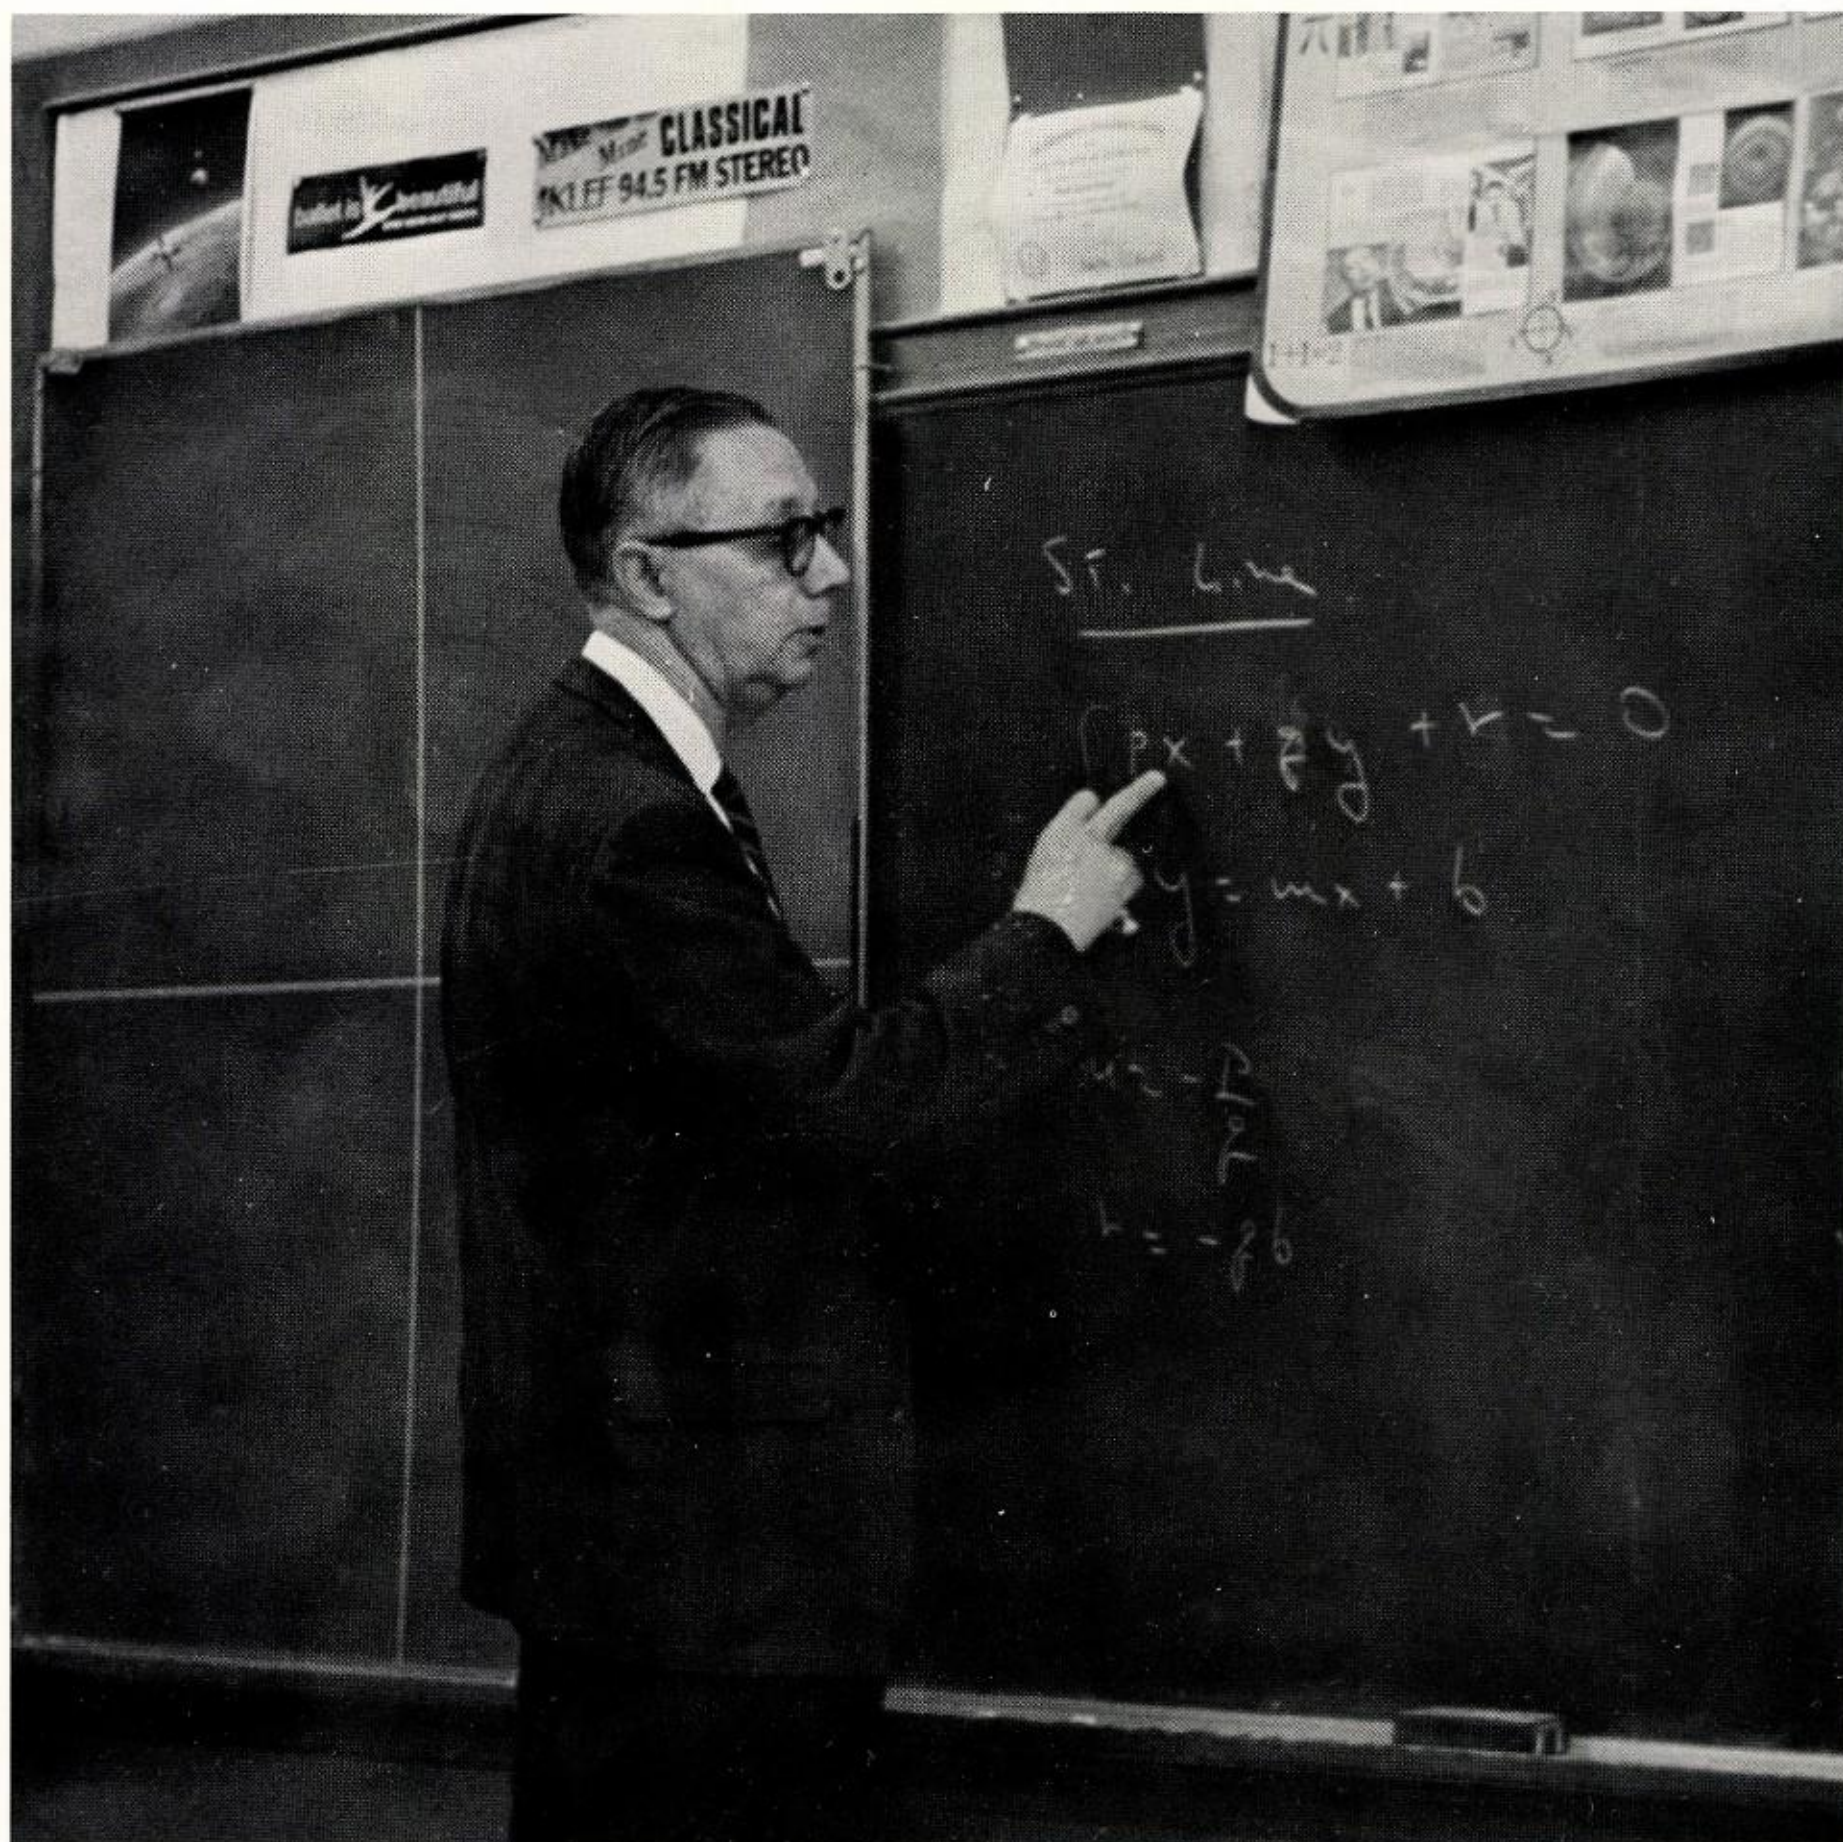

Marcus Aurelius

*A TIME TO TEACH
A TIME TO LISTEN*

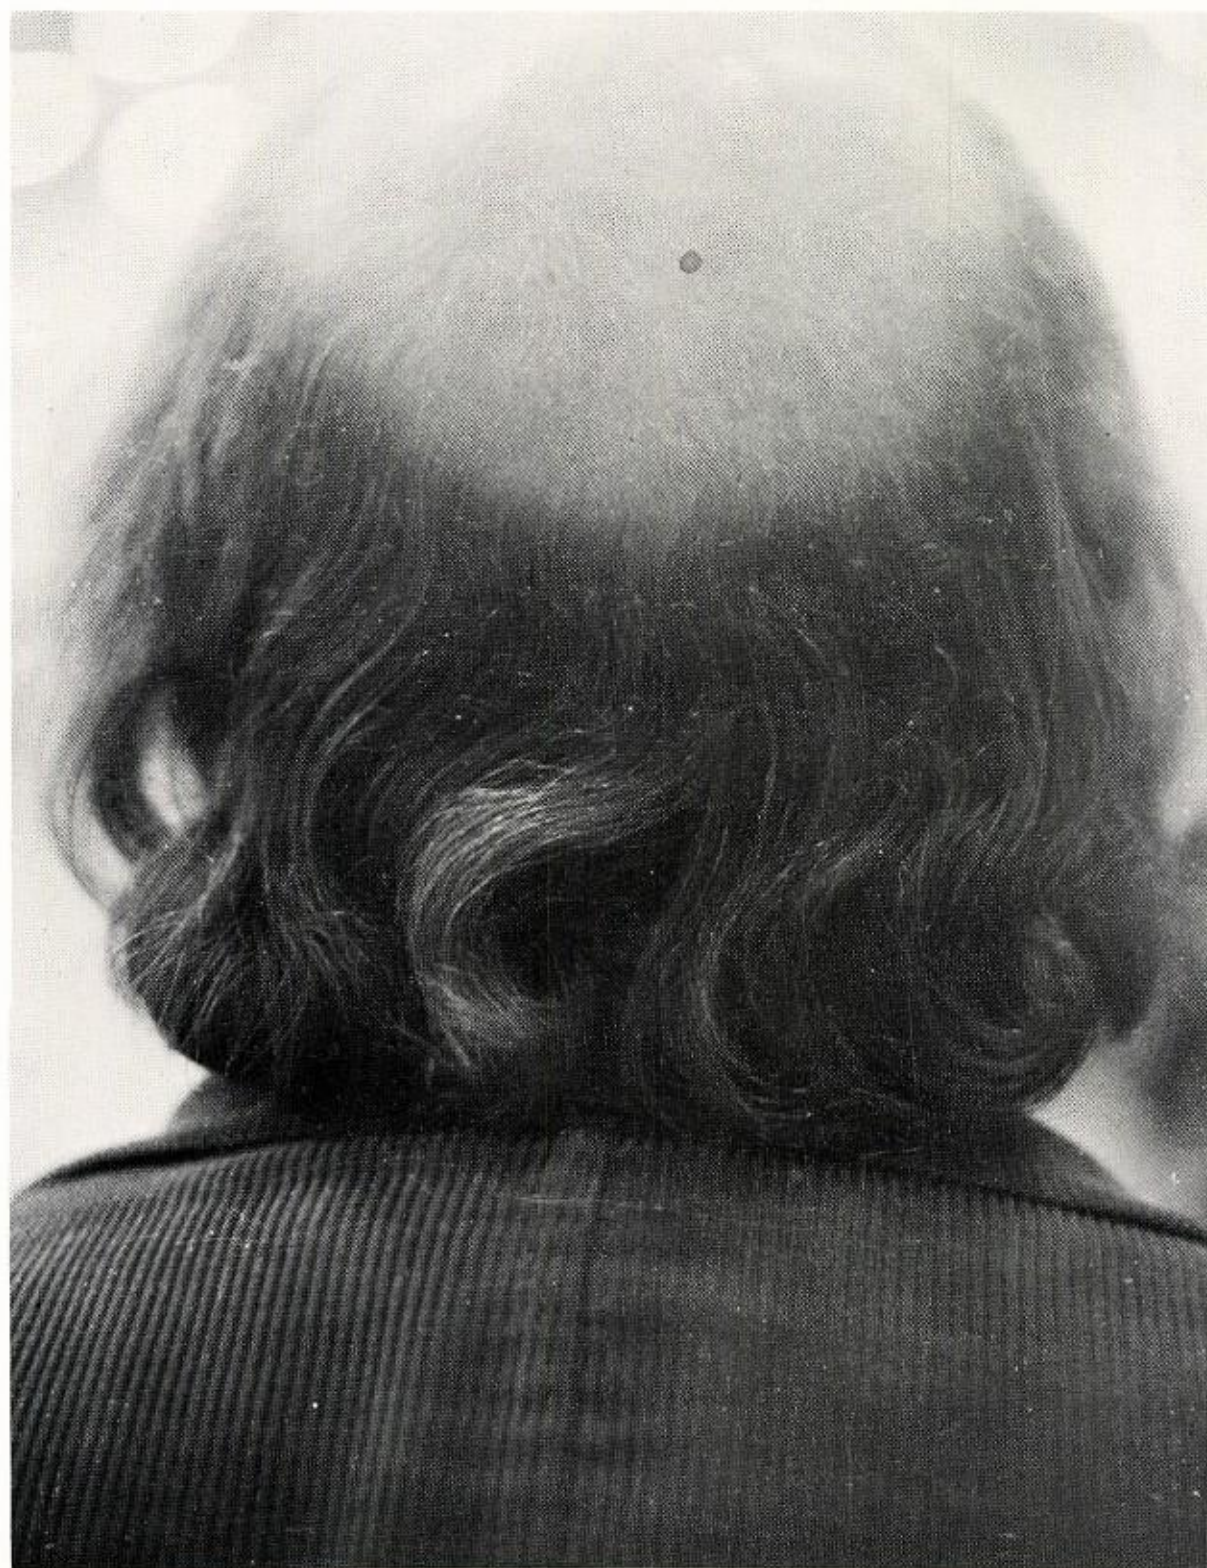

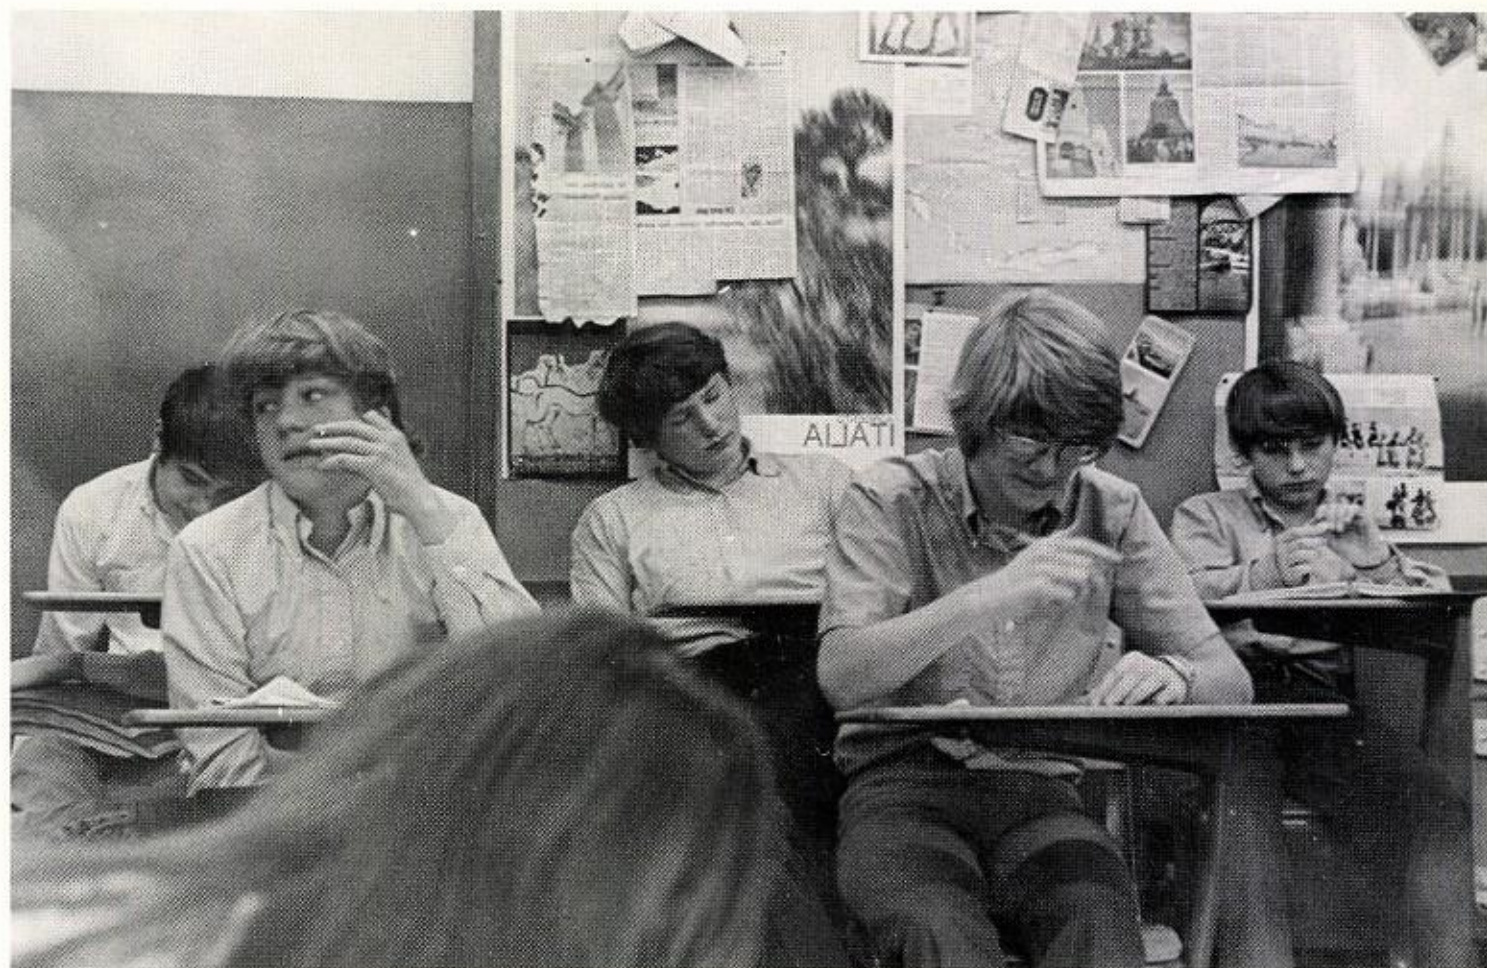

Str. Line

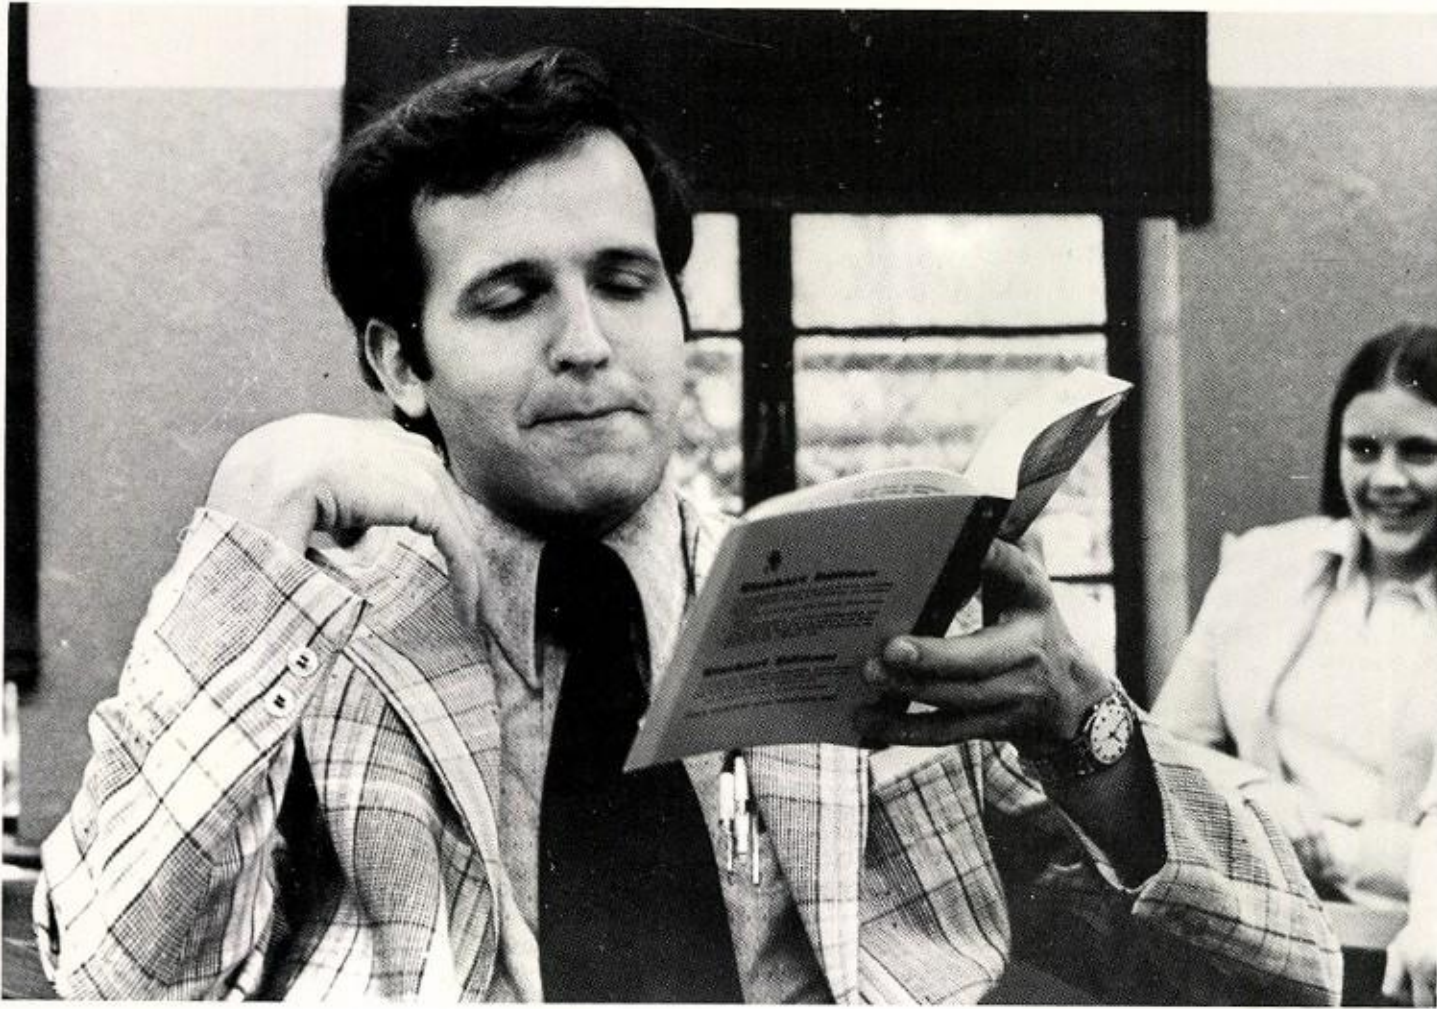

$$px + qy + r = 0$$

$$y = mx + b$$

$$m = -\frac{p}{q}$$

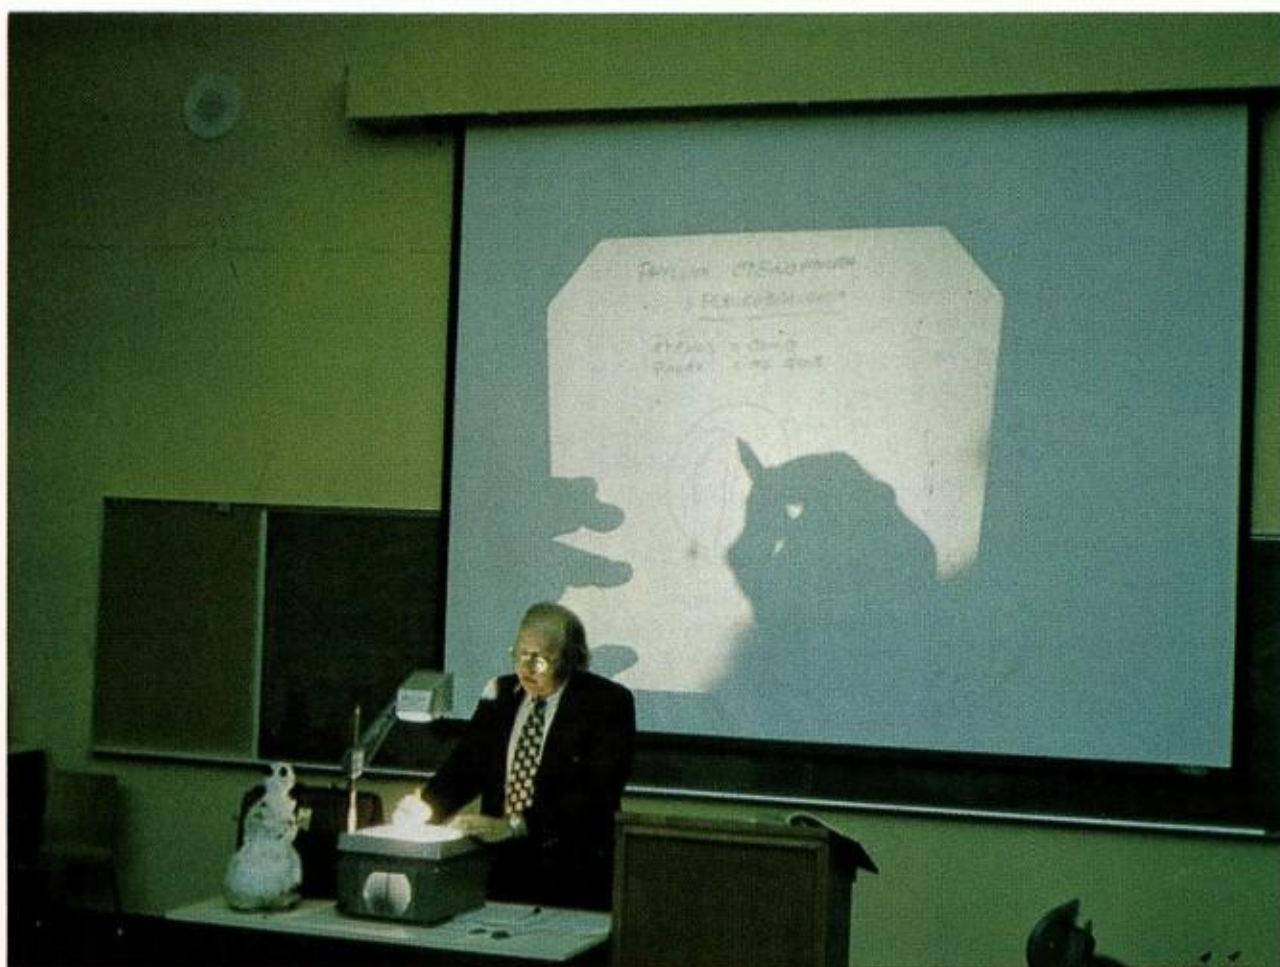

$$b = -\frac{r}{q}$$

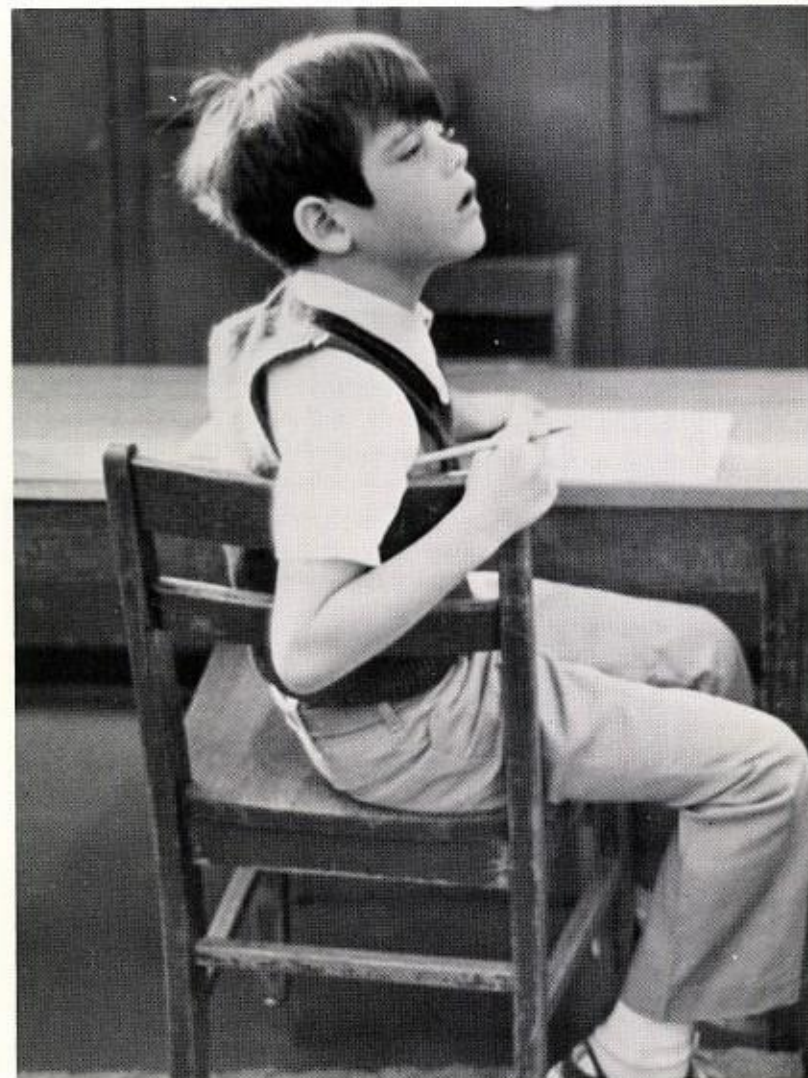

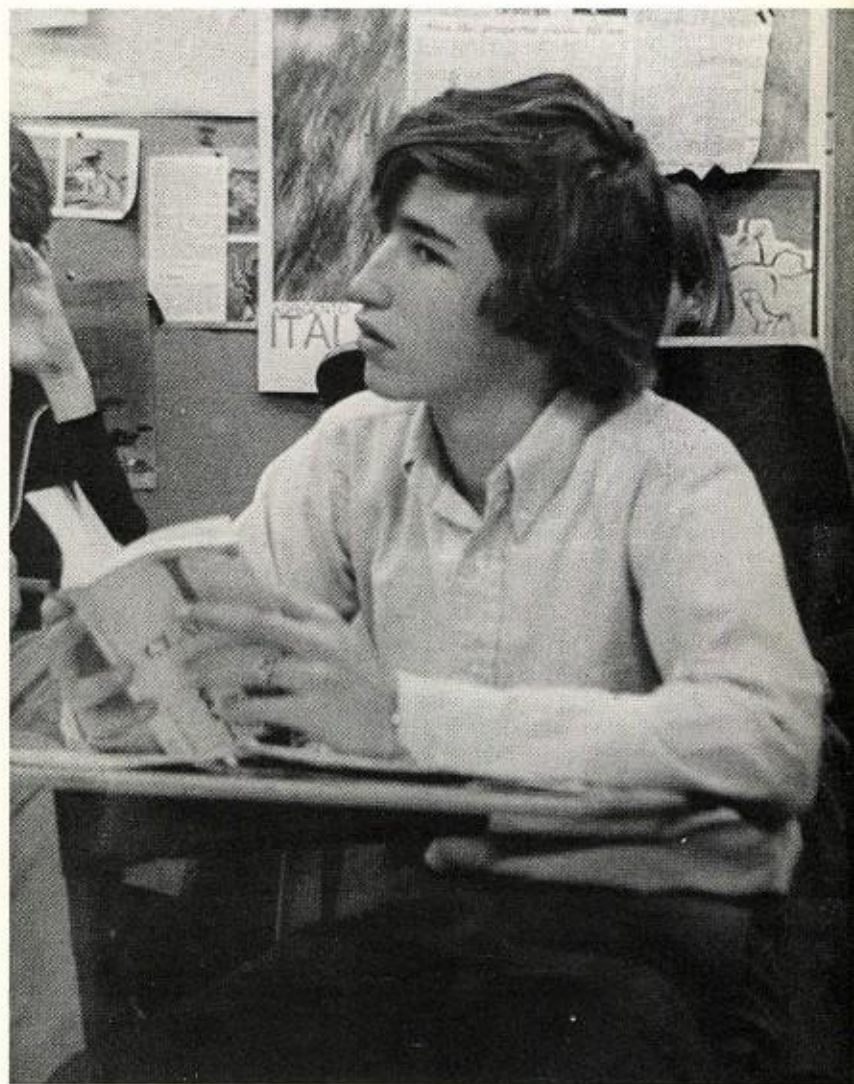

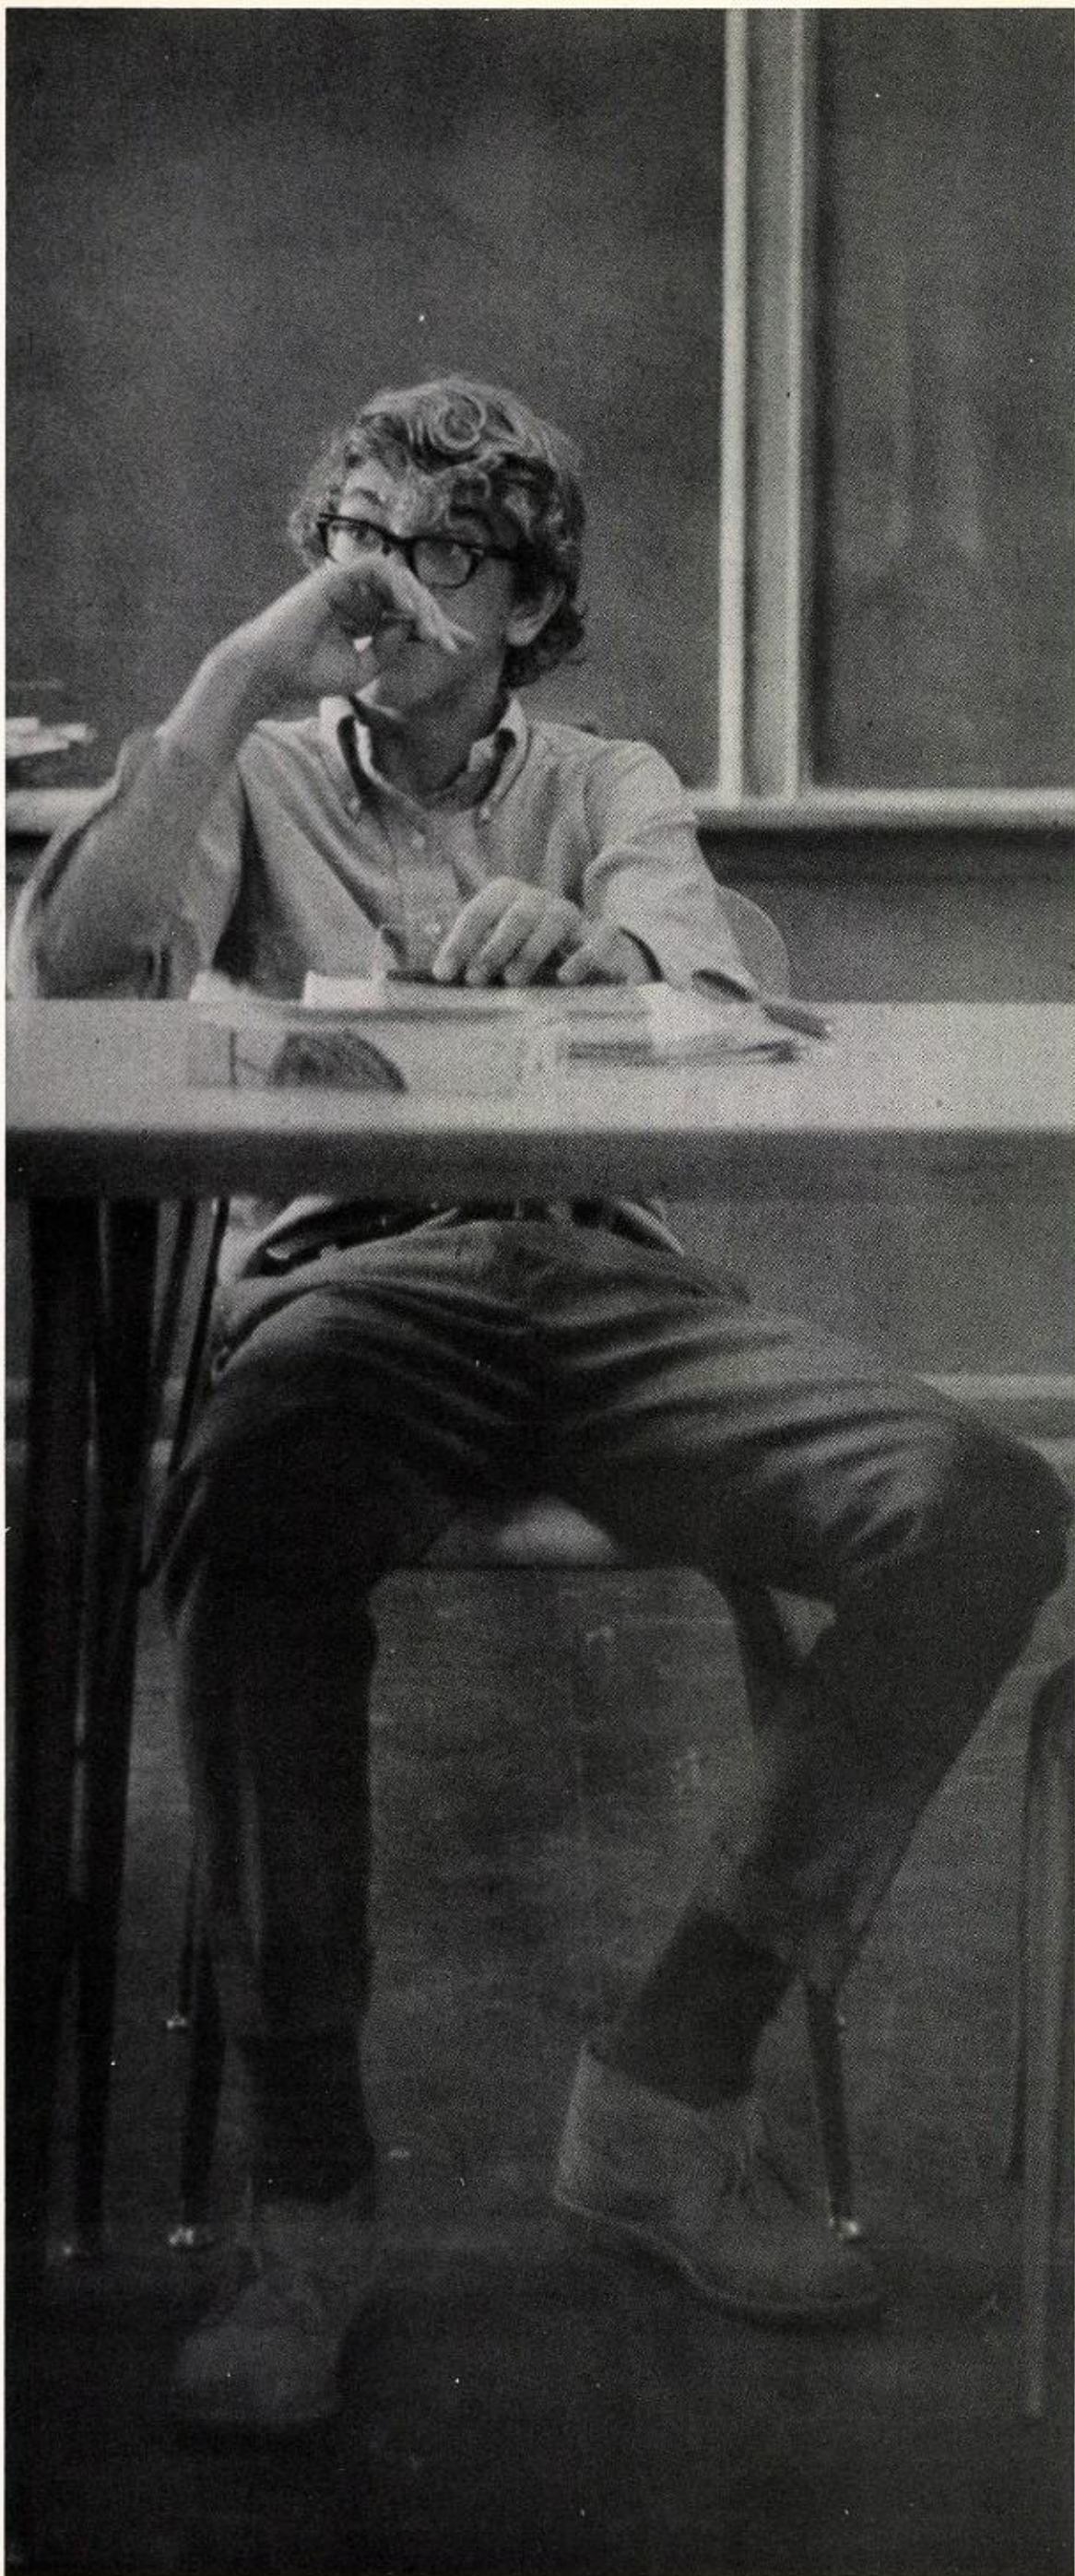

*. . . to rear the tender
thought,
to teach the young
idea how to shoot.*

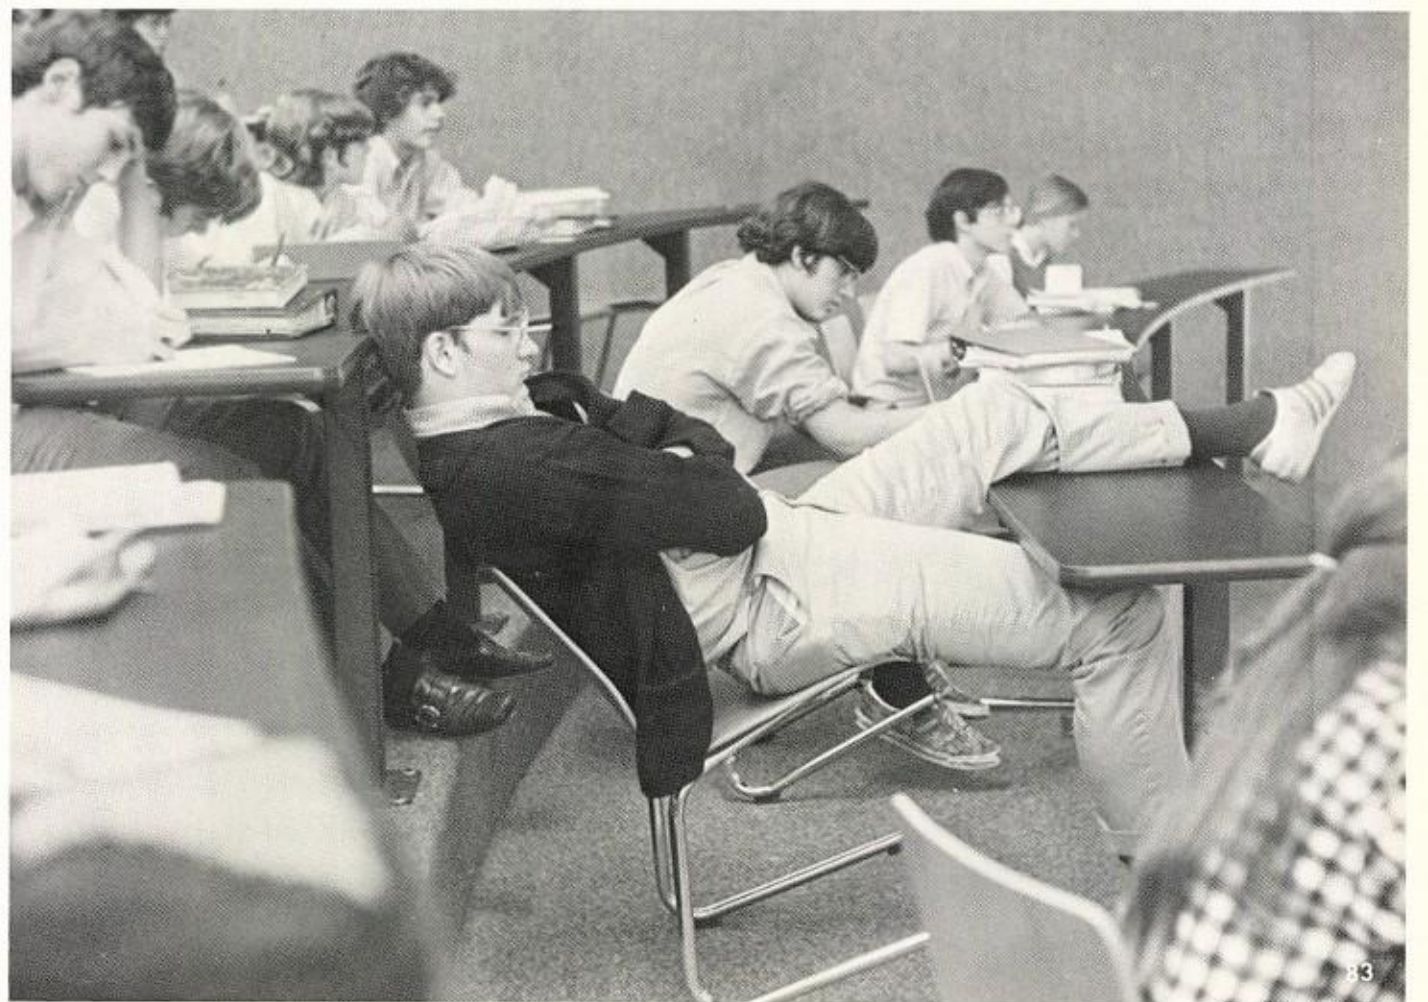

A TIME TO COMPETE

A TIME TO RELAX

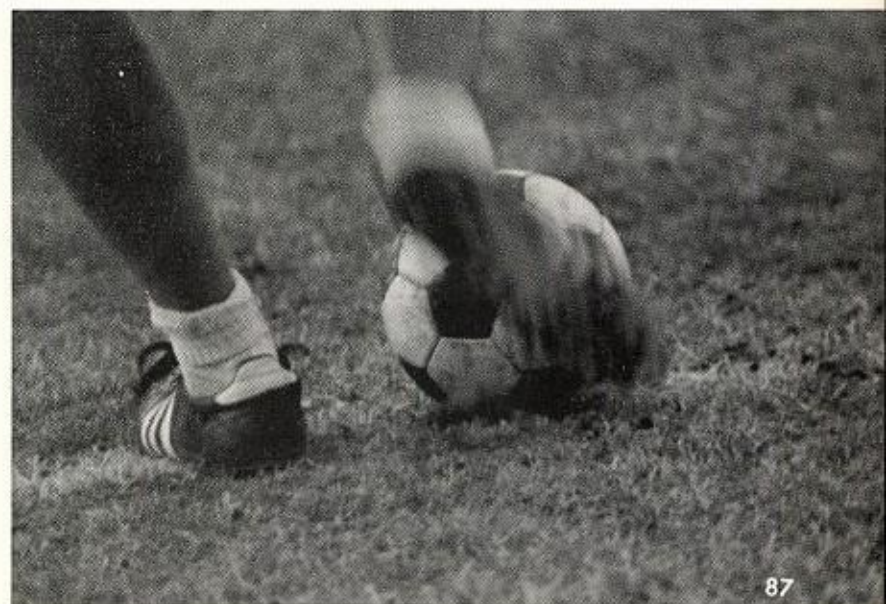

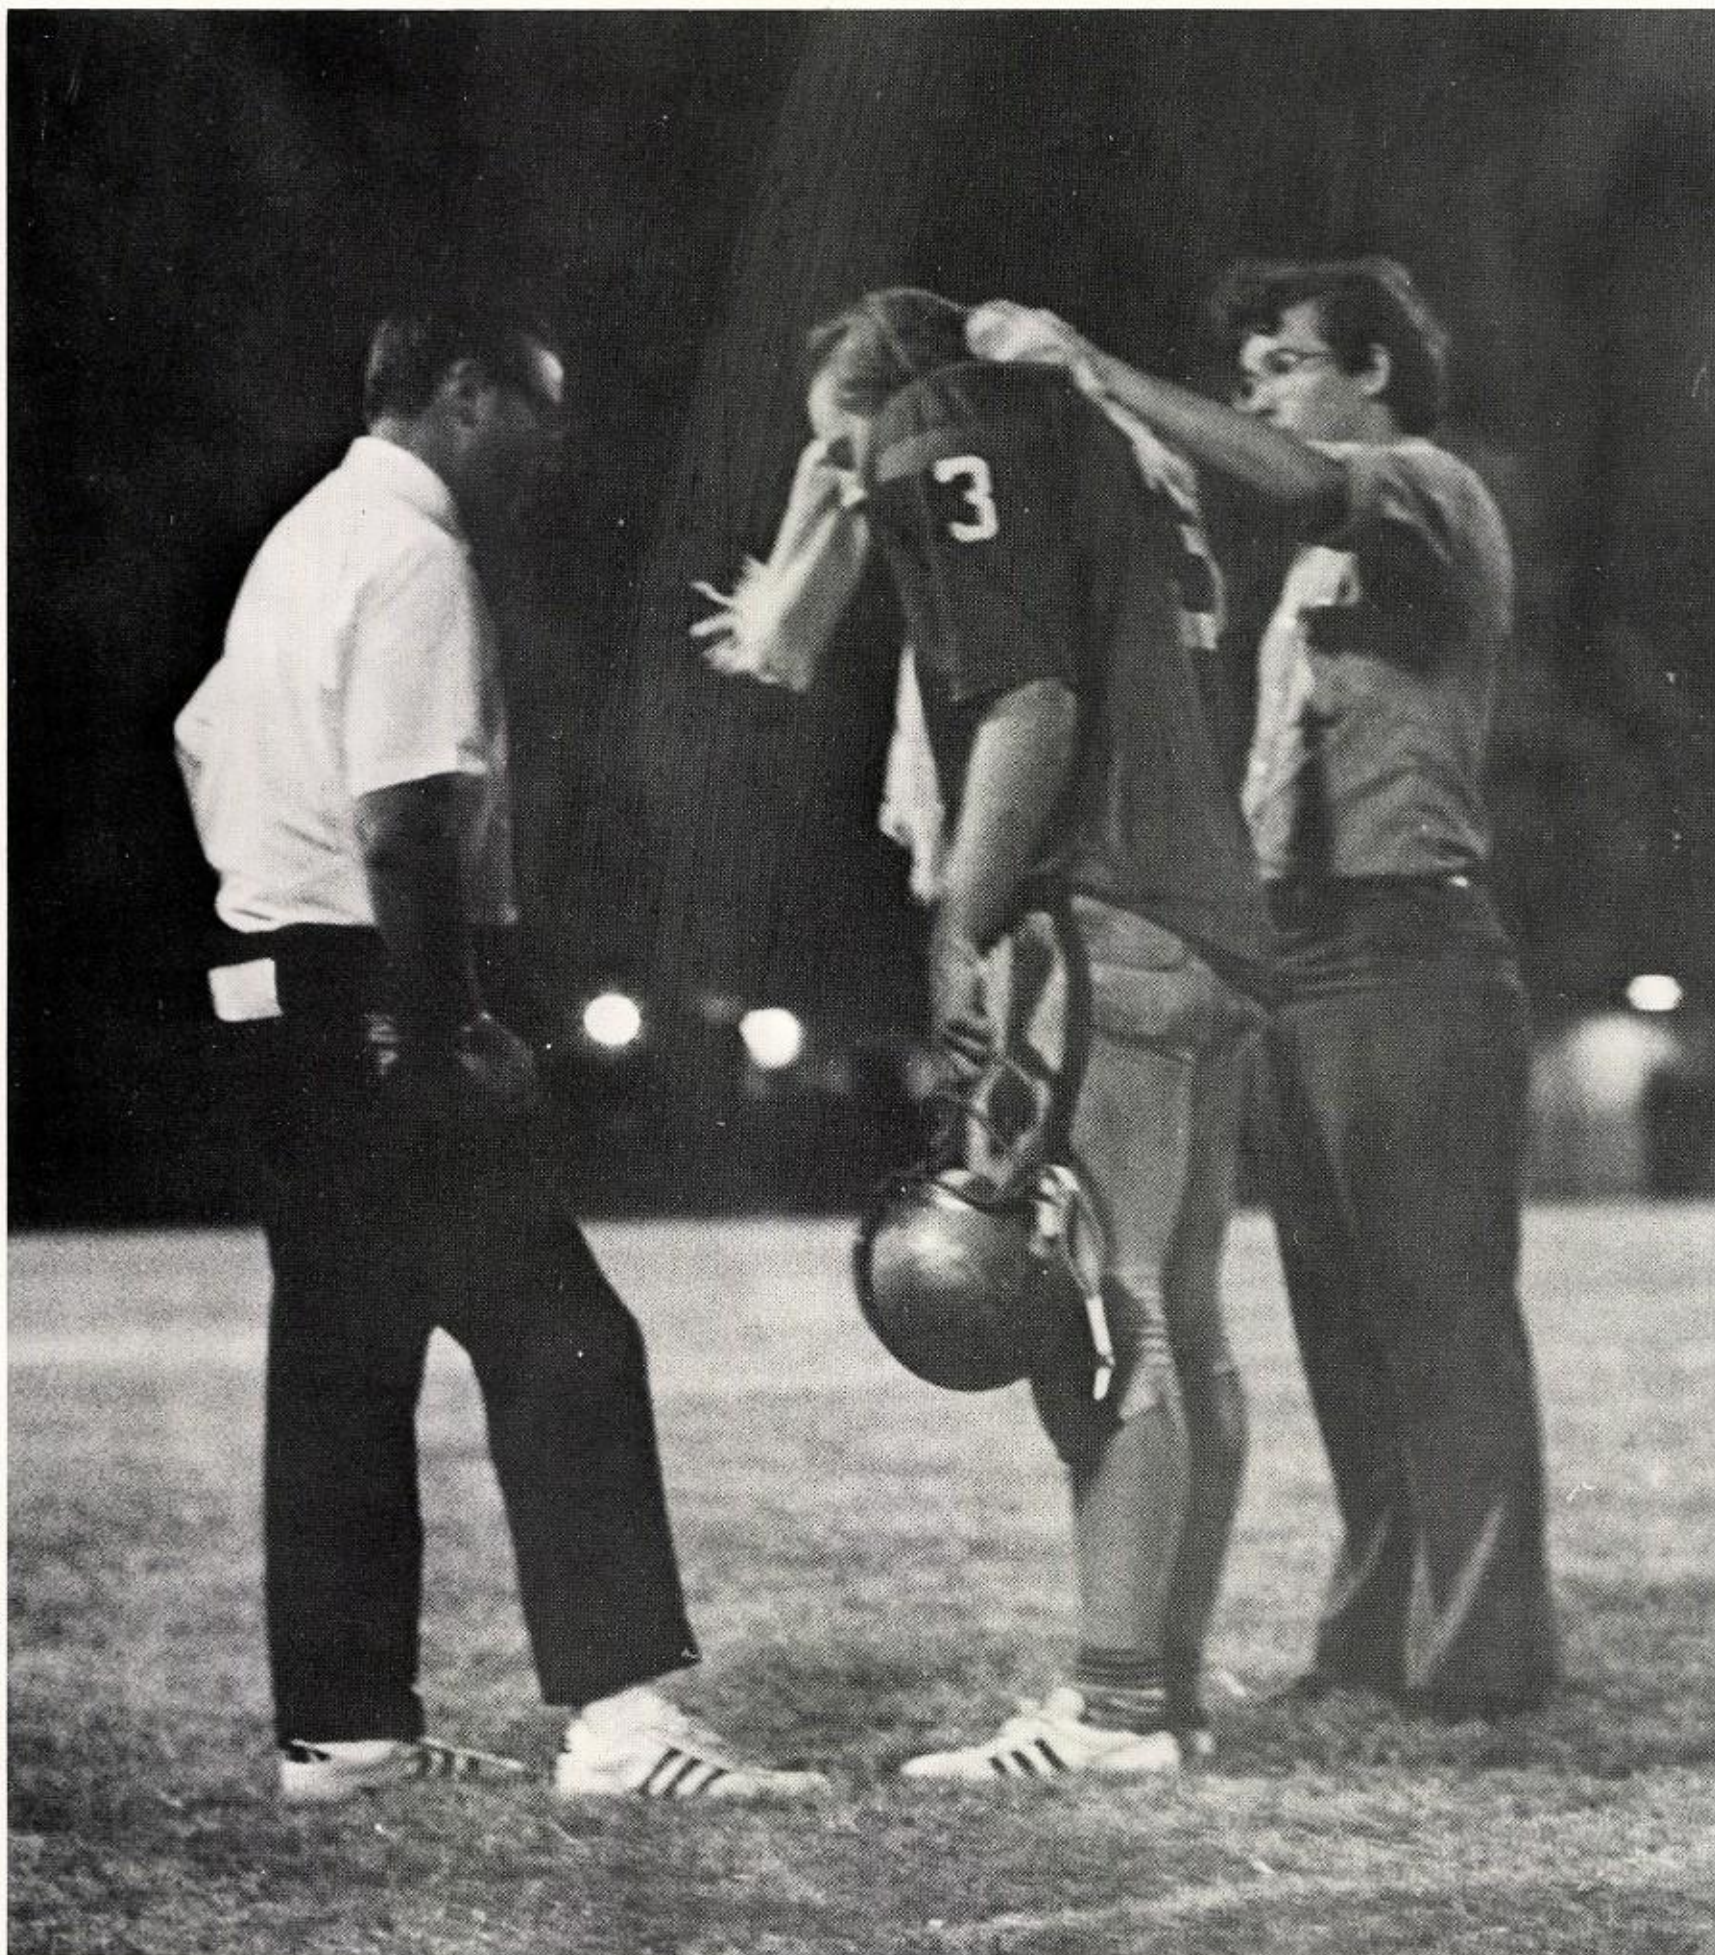

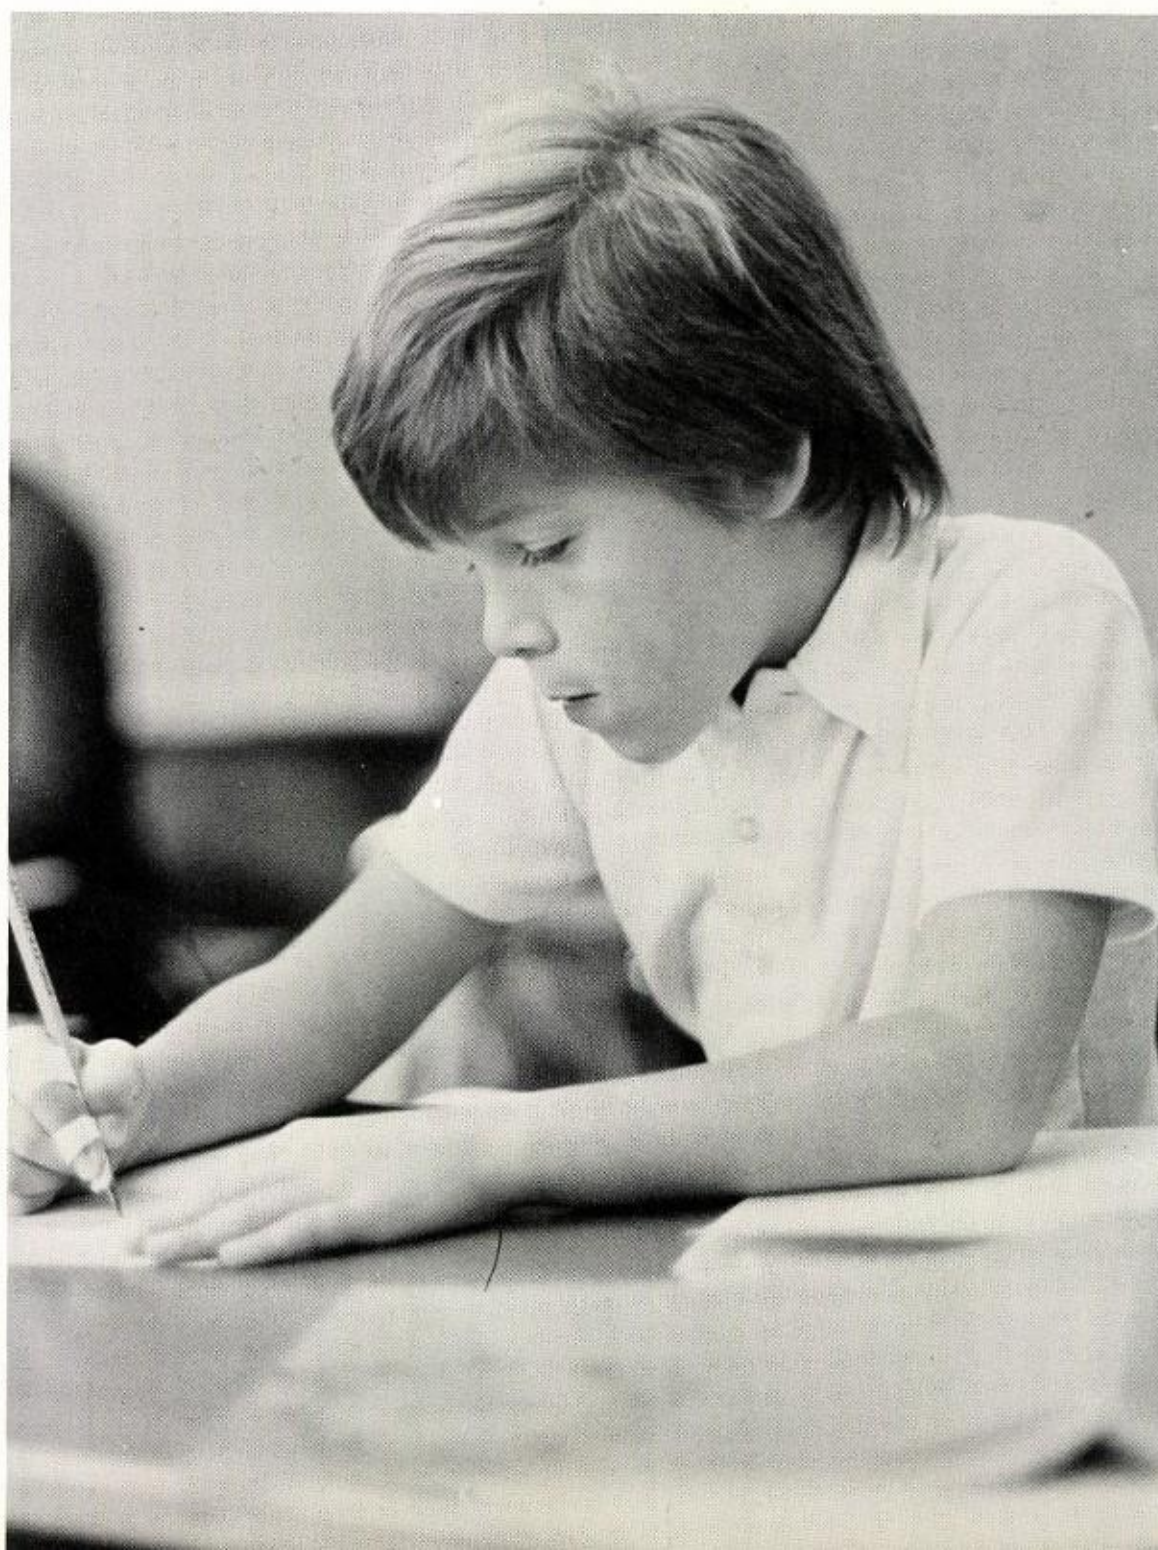

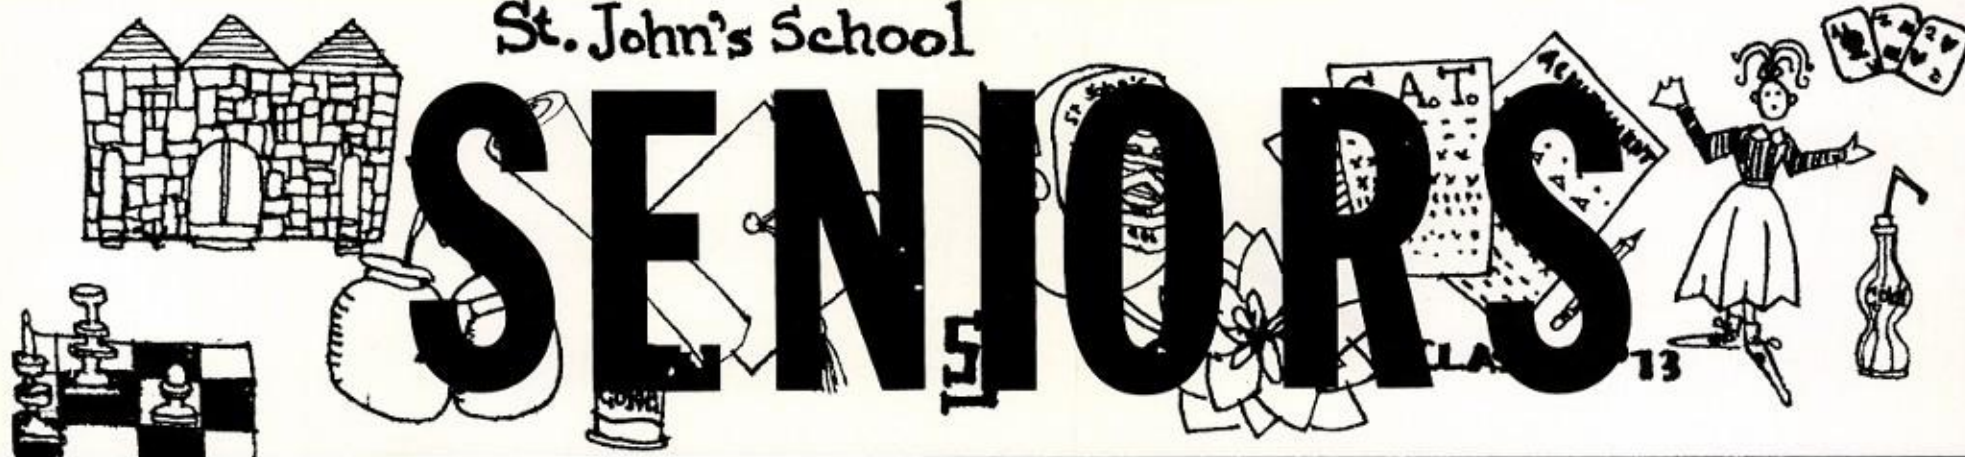

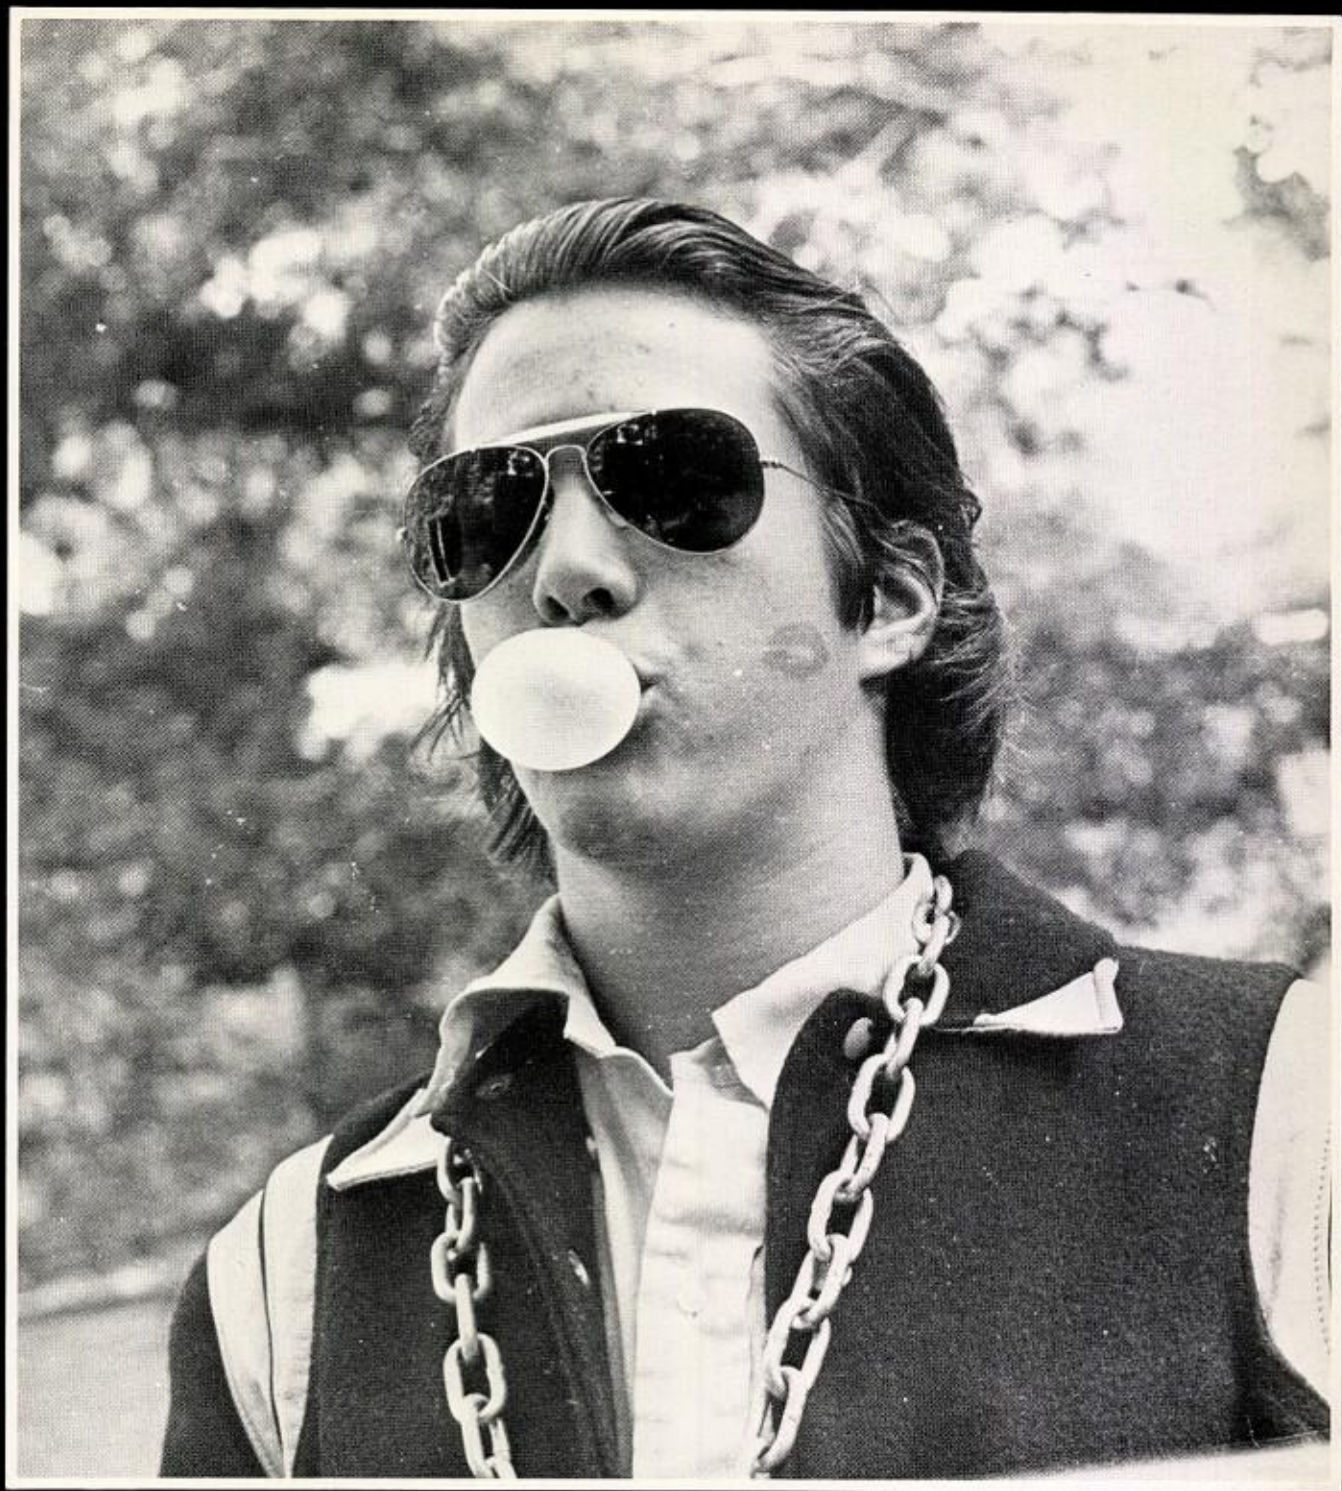

*The aim of education is
to produce makers,
men and women who
will think of life as
a whole*

OFFICE OF THE HEADMASTER

To the Class of 1973:

This has been the year of the snowstorms, the end of the conflict in Vietnam, another landing on the moon. You seniors seem to have taken everything in stride, with appreciation, gusto and understanding. That you are doers is incontestable, whatever the area or the discipline; your innovative and sound accomplishments will be a challenge to one and all.

Keep up the drive!

Most cordially,

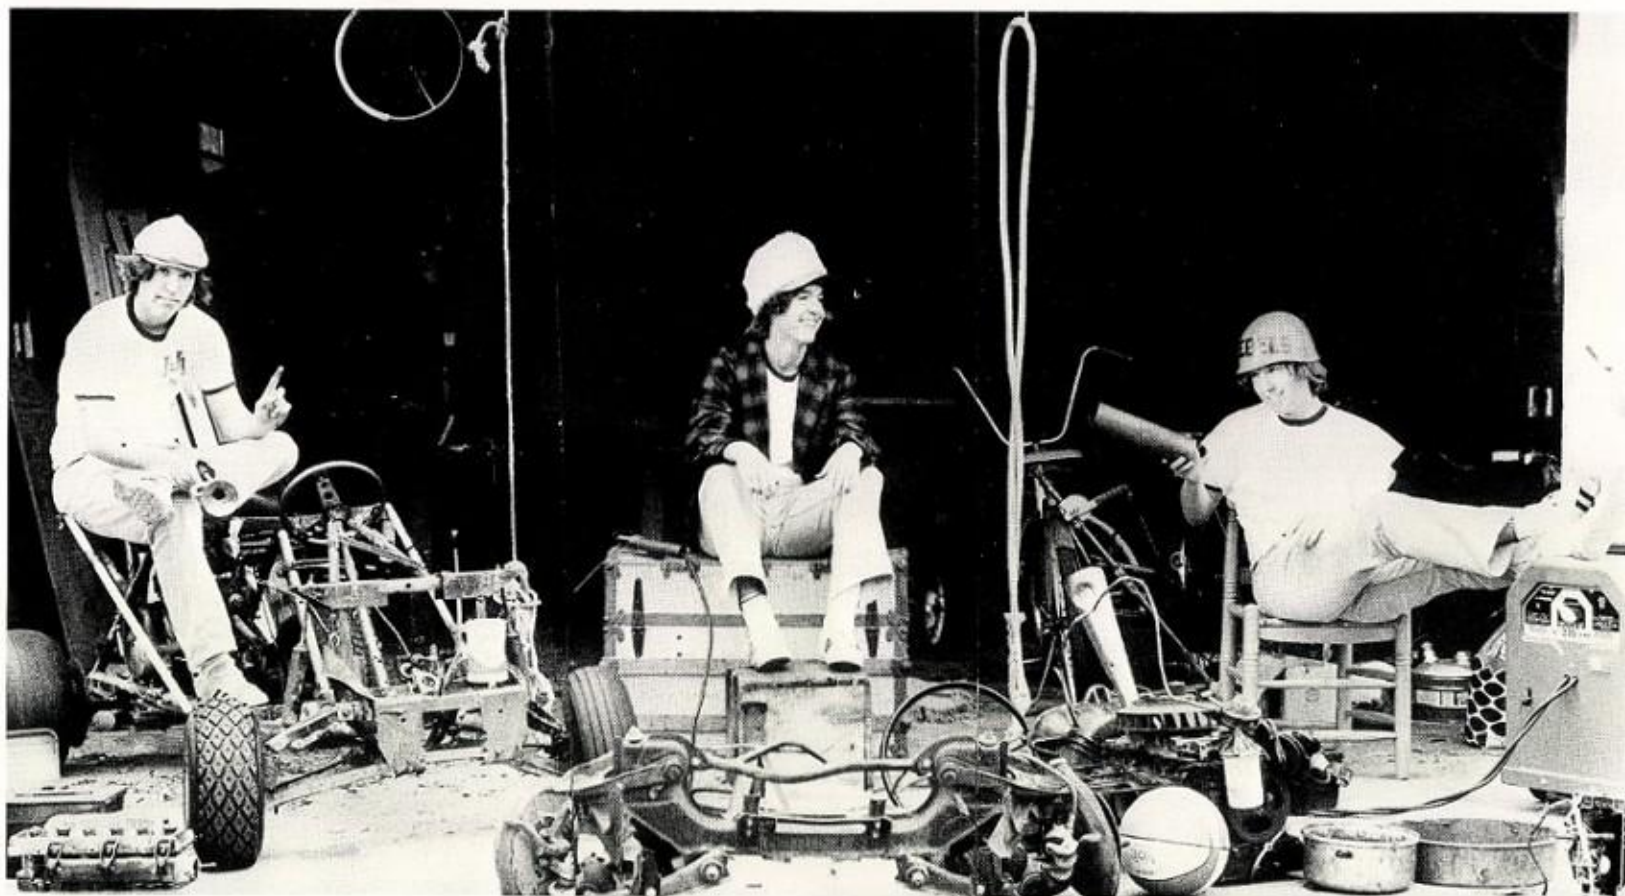

R. K. Sullivan

John Williams

Betsy Brandon

***** COMPUTER DANCE *****

The purpose of this dance is to match you up with your true honey from SJS. With all the beautiful people here how can you miss??? Fill out the form below and the computer will find you a perfect date. The date card will be in your locker (so don't forget to fill in your locker number). When you find out who your date is, remember: "You can't judge a book by its cover." Books with good covers are usually the best! See you on Oct. 27, after the St. Stephen's game in the Arnold Student Center.

Candlelight Service

A beautiful candlelight service was held December 12th in the St. John's Church. The choir, directed by Mr. G. Alex Kevan, sang Christmas carols and anthems. Soloists were Molly Bentsen, singing "A Lute Carol," and Barbara Bush who sang "He brought us Peace," a song she composed herself. A special feature was the bell choir which played a carol medley directed by Miss Melinda Meyer. After the service, everyone went to Winston hall for the traditional Wassail Party.

Creative Chapel Service

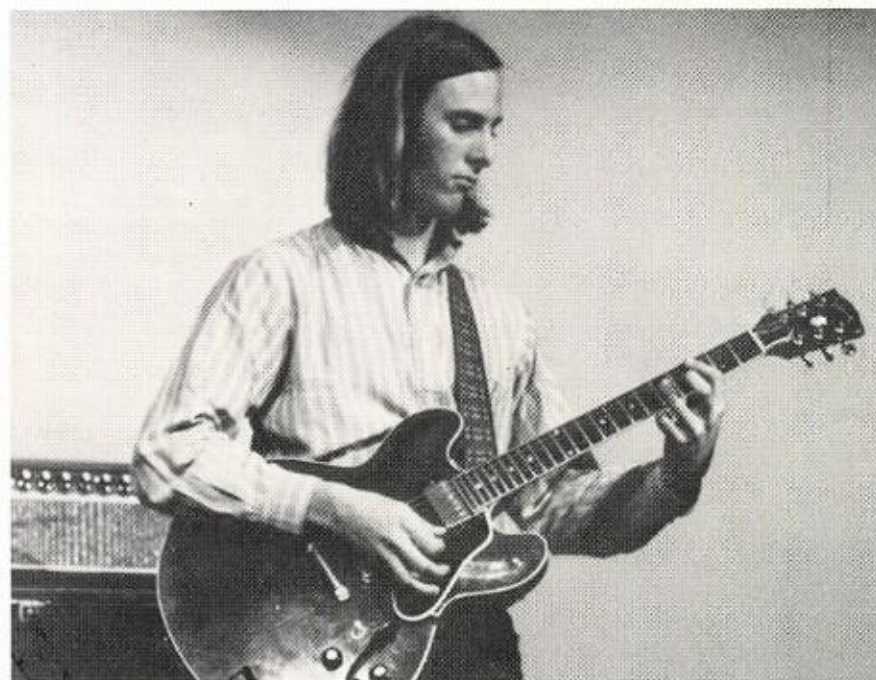

To find the perfect peace, to seek love and benevolence, to live without war or hate, to meet the world and see with gentle eyes, to hold the eternal candle of peace, this must be our goal.

But I also want as an end to all other desires — to be at peace with myself. I want a singleness of mind, a purity of intention, a central core to my life that will enable me to carry out obligations and activities as well as I can. I want, in fact, an inner harmony essentially spiritual, which can be translated into outward harmony.

Bateman Librarian, Grace Pierce Librarian.

The St. John's Glee Club presented two performances this year. In November, an informal concert in the quadrangle of Winston Hall was held. It included many solos and group songs. Later, on January 12, a longer concert was performed in Hoodwink. The Glee Club, directed by Mr. Donald Strong, sang a group of folksongs, selections from the musical "Godspell," and a few contemporary songs. There were many fine soloists, and a good performance by the rock group Cold Ridge.

Witness For The Prosecution

The Agatha Christie classic, "Witness for the Prosecution," was director Douglas L. Brown's selection for Johnnycake's fall play. An entertaining brainteaser in the best Christie tradition, the story revolves around Leonard Vole, accused of murdering Emily Jane French to inherit her money. The strongest witness against the man is Romaine Heilger, his wife, who appears to do all in her power to get him convicted. He is acquitted when shocking new evidence is sold to Leonard's solicitor, Sir Wilfred Robarts, by the "other woman," which indicates that Romaine has been guilty of perjury. The play's surprise ending reveals that the "innocent" Leonard is actually a murdering philanderer who has fooled everyone with his smiling face. With poetic justice, he is shot by his jealous wife, Romaine.

Astronomica

Shortcake, Johnnycake's Middle School counterpart, presented "Astronomica," on March 9 and 10. The play which was written by former headmaster Alan Lake Chidsey, and Mr. Alex Kevan, was directed by Mr. Samuel Richards. He was helped by Mrs. Marquette, Mr. Ellis, Mr. Kevan, and Mr. Jay.

"Astronomica" opens on the Senate Committee on Space Operations (SCOSO) with the members debating the pros and cons of the President's proposed moon shot. For the sake of world morale, the President has requested that the Americans place a man on the moon before the Russians, under the leadership of Premier Shishkabob, do. To everyone's amazement the American spaceships go astray and land on the idyllic place known as Astronomica. The historic personages of the American past are out in full force and first the Merit Scholar, and later the Senators of SCOSO themselves, are stunned by this confrontation with the ideals represented by the founders of America.

In the meantime the Russians have landed on the moon which they suppose to be made of gold. With this tremendous wealth, they proceed to purchase the loyalty of all the heavenly bodies. This puts the Americans in a tenuous position until Patrick Henry dashes the "gold" to the ground only to have Mr. Washington discover that the moon is made of cheese.

The fine leads were supported by a talented group of dancers, and a strong chorus.

Man Of La Mancha

MAN OF LA MANCHA, the Johnnycake selection for the spring play, is the musical story of Don Quixote. Don Quixote is a country gentleman who imagines that he is a knight. The whole play is a retelling of his chivalric adventures.

Students Plan Environment Day Review Adopts A New Image

This is the first issue of the St. John's Review for the school year of 1972-1973. In this issue, we are trying to bring about several important changes in the structure, image and intent of the Review. All of these changes come under the heading of the one major change we want to bring about, which is to make the Review an accurate and important reflection of life at St. John's. It will be produced entirely by students, and be directed mainly to the students. In this way, we will present a view of what things are really like at St. John's. This will not only give it more value for the students, but also present a more realistic view of St. John's to those parents and alumni who cannot see the school first-hand.

To achieve this change, we have established a few aims for the Review. Of course, we want to present unbiased and informative reports of those events happening at St. John's and elsewhere that affect the students. However, we also want to present material such as student and alumni art, books

and concert reviews, letters to the editor on important issues, and creative writing. These features do not fit into the standard image of a newspaper. This is exactly what we want: to create a publication that will have more to offer than just an information sheet, which is what the Review has been in the past.

None of these changes will be possible unless the student body develops an interest in making the Review their own. By printing the works and ideas of as many students (and alumni, parents and faculty) as possible, we can present a broader spectrum of what the school and the people in it are like. However, we cannot print what people have not turned in. If the St. John's community decides that it isn't interested in the Review, there will be no newspaper, and an opportunity for students to express and think about themselves will have been lost.

*Congratulations and Compliments
to the Class of '73*

David C. Bintliff Interests

**The Light Company wants to offer
you our sincere congratulations.**

And maybe a job.

You deserve all the congratulations you're getting these days. You earned them. And whether you go on to college or the service or into business, you'll probably earn more.

But we don't just wish you good luck. If you're thinking about a job, think about Houston Lighting & Power as a place to start your future.

We're looking for bright, eager people who enjoy a sense of accomplishment. People like you.

We have jobs for draftsmen, secretaries, warehousemen, clerks, meter readers, and many others in the electric utility business.

And if you're wondering about advancement, just remember that we serve the fastest-growing area in the country.

And your hometown's part of it.

So when you think about your future, think about us. Houston Lighting & Power Company, P.O. Box 1700, Houston, Texas 77001. An equal opportunity employer.
